One Cemetery Commissioner for three years.
One Park Commissioner for three years.
Two Trustees of Adams Library for three years.
One Sinking Fund Commissioner for three years.
Three Members of the Planning Board for five years.
One Constable for one year.

All on one ballot.

The polls will be open from 12 noon to 8 P.M. and to meet in the High School Auditorium in Chelmsford on the following Monday, the 9th day of March, 1942 at 7.30 o'clock in the evening, then and there to act upon the following articles, viz:

ARTICLE 1.

To hear reports of Town Officers and Committees; or act in relation thereto.

ARTICLE 2.

To raise and appropriate such sums of money as may be required to defray Town charges for the current year; or act in relation thereto.

ARTICLE 3.

To see if the Town will authorize the Selectmen to act as its agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town; and to employ counsel when ever in their judgement it is necessary; or act in relation thereto.

ARTICLE 4.

To see if the Town will authorize the Treasurer with the approval of

the Selectmen, to borrow money in anticipation of revenue of the current financial year; or act in relation thereto.

ARTICLE 5.

To see if the Town will vote to raise and appropriate a sufficient sum of money with which to meet unpaid bills for the year 1941; or act in relation thereto.

ARTICLE 6.

To see if the Town will vote to raise and appropriate the sum of Three Hundred and 61/100 Dollars (\$300.61), or some other sum, for the purpose of defraying the Town's share of the expense of the Surplus Commodities of the Commonwealth of Massachusetts; or act in relation thereto.

ARTICLE 7.

To see if the Town will vote to raise and appropriate the sum of Two Thousand One Hundred Thirty Eight and 51/100 Dollars (\$2,138.51) to pay the County of Middlesex, as required by law, the Town's share of the Middlesex County Tuberculosis Hospital as assessed in accordance with the provisions of Chapter 111 of the General Laws; or act in relation thereto.

ARTICLE 8.

To see what action the Town desires to take in the matter of disposing of certain properties owned by Joseph Steinberg, now or formerly, comprising of the following parcels: one lot of land containing about one and two thirds acres near Crystal Lake; one lot of land containing about 13,000 square feet near Crystal Lake; one lot of land containing about 7,844 square feet of land near Crystal Lake; one lot of land containing about three and one half acres near Crystal Lake; the same having been foreclosed in Land Court by the Town Treasurer of the Town of Chelmsford; or act in relation thereto.

ARTICLE 9.

To see if the Town will vote to raise and appropriate the sum of Twelve Hundred Dollars, (\$1,200.00) or some other sum, for the purpose of foreclosing tax titles held by the Town of Chelmsford; or act in relation thereto.

ARTICLE 10.

To see if the Town will vote to request the Department of Corporations and Taxation, Division of Accounts, to make an audit of all of the Town of Chelmsford accounts; or act in relation thereto.

ARTICLE 11.

To see if the Town will vote to authorize the Treasurer to execute on behalf of the Town discharges in proper form of bonds and mortgages given to the Treasurer or to the Town under the provisions of Chapter 118A of the General Laws and amendments thereto, and to ratify and confirm the action heretofore of the Treasurer in executing on behalf of the Town discharges in proper form of bonds and mortgages given to the Treasurer or to the Town under the provisions of Chapter 118A of the General Laws and amendments thereto; or act in relation thereto.

ARTICLE 12.

To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of purchasing an automobile for the Police Department, said purchase to be made under the supervision of the Board of Selectmen; or act in relation thereto.

ARTICLE 13.

ANNUAL TOWN MEETING

March 9th, 1942

The annual town meeting was held on March 9th, 1942 at 7:30 P.M. in the High School Auditorium. The meeting was called to order by Moderator Walter Perham, who requested the Town Clerk, Harold C. Petterson to read the Warrant. After the Warrant was partly read a motion was made by Wendell P. Harvey that the reading of the remainder of the Warrant be waived, and it was so voted.

Under Article 1.

Mr. Royce M. Parker reported for the Committee appointed under article 26 of the Warrant for the annual town meeting held in 1941, regard conferring with the Lowell Electric Light Corp. to procure a decrease in light and power rates. Mr. Parker reported that nothing had been done in this respect. The report was accepted.

Mr. Edmund J. Welch reported for the Committee appointed at the annual town meeting under article 30, regard to conferring with the Eastern Massachusetts Street Railway Co. to procure lower bus fares and better service. Mr. Welch explained in length as to the conference held with that company's official and reported that nothing to the advantage of the town had been accomplished, however

Mr. Welch was of the opinion that if the Committee were allowed to continue that probably sometime in the future they may be able to obtain something beneficial to the Town. It was voted to have this Committee continue in office.

The Westland's School Building Committee was asked if they had any report to make and no one reported for this Committee.

It was voted that Clifford Hartley serve as a member of the Varney Playground Committee for a term of three years.

	102,007.78	\$102,007.78

The large amount of outstanding checks as shown, is caused by reason of a warrant being issued on December 31, 1942, and consequently the checks issued in payment of these accounts could not be cancelled in December 1942.

The Treasurer's books of accounts are always open for public inspection to any citizen of Chelmsford, if any information is desired the Treasurer will be glad to assist any person in the matter.

The classification of the receipts and expenditures will be found under the Town Accountant's report.

BOARD OF ASSESSORS
TOWN OF CHELMSFORD

CHELMSFORD

The following is a report of the work of the Middlesex County Extension Service in the town of Chelmsford for the year 1942.

Assistance was given the Federal Milk Market Administrator in a survey of all milk trucking routes in the town. Dairy farmers were assisted in planning for increased milk production, thru improvement of pastures, by use of lime and superphosphate, the seeding of Ladino clover and rotation grazing of pastures.

Edwin Warren, Theodore Emerson, Andrew Boumil, and Andrew Blaisdell had their herds in the Dairy Herd Improvement Association; Robert Moore and James E. Reardon had their herds in the Herd Health Association.

Chelmsford poultrymen have been assisted in disease control, production problems, and record keeping by individual farm visits and circular material. Poultry meetings were held in the Town Hall in March and December, at which meetings poultry ranges; brooding; poultry house ventilation; disease control; and war-time poultry farm management were discussed.

The Home Department conducted a canning demonstration to show the newer practices and methods of food preservation. The Home Demonstration Agent assisted in judging the handwork and flowers at the Grange Fair.

Eighty-four boys and girls were enrolled in 4-H Club work and carried on activities in clothing, food, handicraft, poultry, dairy, canning, and gardening. These clubs were under the supervision of Miss Barbara Noon; Mrs. A. H. Russell; Mrs. Frank Pearson, Miss Pearl Koulas; Miss Julia Koulas; Mrs. Lilla M. Dexter; Verne Woodard; George Pedersen; Percy Beardsley; W. G. Hannon and Bernard French.

Mrs. Percy Beardsley was chairman of the committee sponsoring 4-H Club work in Chelmsford.

Two club members attended Camp Middlesex in Ashby. George Pedersen was a delegate to the State Camp at Amherst. The Parlee brothers were fourth in the commercial garden class and the Straughan Partnership was fourth in the home garden class in the Middlesex North Garden Contest.

The Victory Garden Program was initiated thru the Chelmsford Garden Committee.

Spray notices were mailed throughout the season to aid the fruit growers in producing one of the largest and cleanest apple crops on record.

A. F. MacDougall
County Director

WELFARE

I do not believe the expenditures of welfare will depreciate to a much lower degree than in the year 1942. At the present time the recipients of this form of aid are unemployable either because of sickness, physical or mental weakness. Due to the increased cost of living expenses and also an increase in hospital rates that went into effect Dec. 1, 1942 any appreciable reduction in the welfare load will be offset by a larger budget required and the step-up in hospital charges.

In addition to the cost of Outside Relief within the Town the Welfare department has assumed the expense of support on the former inmates of the Chelmsford Town Farm, who are now being boarded at the Westford Infirmary at the present time. At the special Town Meeting held July 23, 1942 it was voted to discontinue our infirmary which necessitated placing the three inmates elsewhere.

REPORT OF WELFARE AGENT

This change was made Aug. 1, 1942. This additional burden on the Welfare department is estimated at \$1500.00 per year.

OLD AGE ASSISTANCE

The number of recipients of this form of aid amounted to 214 in December, 1942, which was 6 more than in December of the preceding year. This would seem to indicate that we have nearly reached the so called saturation point on Old Age Assistance, which means that there are almost as many recipients who are being closed out by death and various other reasons as there are being accepted for this form of assistance.

The Massachusetts Legislature passed the liberalized amendment to the Old Age Law which amendment became effective April 30, 1942. As a result of this it was mandatory that cash payments to many individuals receiving this form of assistance be increased substantially as of May 1, 1942.

There has been a growing tendency by private hospitals to increase their rates on convalescent care of aged and infirm patients- these increases amounting to 50% in many cases. If this becomes state wide, together with additional increases expected due to high living costs, it will certainly indicate another step-up in Old Age grants.

AID TO DEPENDENT CHILDREN

This form of relief which is granted to widows with dependent children remains at a more constant level than other categories of aid. The expenditure for 1942 was only slightly in excess of the year 1941.

I am grateful to the Board of Public Welfare, the Bureau of Old Age Assistance and other Town Officials for the generous help accorded me during the year 1942.

Respectfully submitted,

Leonard S. MacElroy
Welfare Agent

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Chelmsford

The Board of Health herewith submits it's report for the year 1942.

The Board organized for the year as follows; Raymond H. Greenwood, Chairman; Edmund J. Welch, Secretary; and Harry L. Shedd, Jr. Mr. Welch served as secretary until October, 1942; at which time he entered the Armed Forces of Our Country. His duties as secretary since this time have been taken over by Mr. Shedd.

Although absent, Mr. Welch is still a member of this Board inasmuch as it is our understanding that anyone entering the service of his Country may retain public office if he so desires. At this time we wish to offer our best wishes to Mr. Welch.

The Board takes this opportunity to express it's sympathy to the family of a long and faithful past-member of the Department, George McNulty.

This Department in the past year has endeavored to stay within the limits of it's appropriation as set up by the Finance Board. In this respect we feel that we have been successful to the extent that we have turned back a considerable amount of money to the Town Treasury.

We have this year appointed Daniel E. Haley as Milk Inspector to replace our previous non-resident inspector, since we feel that such positions should be filled, if possible, by a qualified citizen of our own town.

An invitation is hereby extended to residents of the Town to attend any of our meetings. We shall try our utmost to give our best attention and consideration to all problems pertaining to the Department.

To the other Departments of the Town for their co-operation during the year we extend our thanks.

Respectfully submitted,

Raymond H. Greenwood
Harry L. Shedd Jr
Chelmsford Board of Health

REPORT OF THE BOARD OF HEALTH AGENT AND SCHOOL NURSE

Mr. Raymond Greenwood, Chairman
Board of Health, Chelmsford, Mass.

Dear Sirs:

Following are the diagnosed contagious diseases reported for the year 1942
(A case is not recognized as being diagnosed unless seen by a physician)

Chicken Pox.....	7
Dog Bite.....	9
German Measles.....	2
Measles.....	2
Mumps.....	9
Tuberculosis (pulmonary).....	1
Whooping Cough.....	5

I hope that we will have close co-operation on the part of physicians and parents in regard to the reporting of contagious diseases, during the coming year

in order that no drastic measures need be taken. Physicians may obtain postal cards for the reporting of said diseases at the Board of Health office.

In April 1942 a Diphtheria immunization clinic was held. This was arranged a month ahead of schedule due to the prevalence of a number of cases of Diphtheria in a nearby city. Many parents took advantage of this offer. I hope that during the coming year parents will make a special effort to have every child immunized against Diphtheria and successfully inoculated against Smallpox. We cannot afford to have epidemics of these or any other diseases due to negligence on our part.

We have planned on having a dental survey of the school children, if possible, for the purpose of determining the various needs of the town as a whole, while working for a suitable dental program. I have had a consultation with Dr. Hopkins of the State Department of Public Health and she advised said survey. I hope that parents will co-operate by having their dentists fill out the questionnaires sent home and return same to the schools as soon as possible.

Let me say here, good teeth can be planned. Nature does the building but we must provide materials and arrange for the proper upkeep. A decayed tooth is a menace to good health, as it is a center from which infection may be carried to other parts of the body.

All pupils have been given a physical examination by the school physicians, Dr. A. G. Scoboria and Dr. J. E. Boucher. Those pupils taking part in the various athletic programs have been given a more rigid examination. I wish that parents would make a special effort to have defects noted, corrected as soon as possible. It costs less to maintain health than to repair it.

I believe that in the schools, health should be "built into" the entire program, rather than be "fitted onto" an already functioning school program.

I am in hopes of having a Red Cross Home Nursing Class at the High School in the near future, as soon as the necessary equipment can be obtained.

Following is a report of school activities:

Number of visits to classrooms.....	500
Personal hygiene and health talks.....	165
Sanitary inspections in schools.....	90
Consultations with parents.....	475
Consultations with pupils.....	390
Pupils sent or taken to physicians.....	330
First Aid treatments.....	560
Transportation to hospitals.....	50
Absentees at home visited or contacted.....	518
Excluded from school as suspicious cases of communicable diseases including ringworm, pediculosis and others.....	180
Pupils taken home because of illness.....	73

Following is the T.B. Report

Number of children taken to Waltham.....	14
Number of adults taken to Waltham.....	30
Number of homes visited.....	60

During the year I met with the Tuberculosis Seal Committee and plans were discussed in relation to the transporting of patients to Waltham for X-Rays and physicals.

I have had consultations with Miss Gertrude Martin, Dr. Archibald and various other members of the State Department of Public Health. We have discussed various cases and situations in order that the town might have the best health program possible, with the amount of money appropriated for health. I think we should remember that the first line of defense lies in the health of our people.

Protecting civilian defense is home defense.

The report of the Union Church Fund is as follows:

REPORT OF MILK INSPECTOR

Dec. 31, 1942.

Mr. Raymond H. Greenwood, Chairman,
Board of Health,
Chelmsford, Mass.

Dear Sirs:

Since taking over the duties of Milk Inspector July 15, 1942 I have collected samples from practically every source supplying the people of the Town of Chelmsford with milk and cream.

Samples from individual cows were collected at thirteen different farms. All samples have been analyzed by the Howard Laboratories of Amherst, Mass. and, on the whole, found very satisfactory. The milk from one herd was found to be badly infected with "mastitis" and milk from this herd was excluded until conditions were remedied. All samples were tested for total solids, fats and bacteria. Average total solids for Milk-Pastuerized was 13.01 %; Fats 4.00%

There are now 32 wagon licenses, 35 store licenses, 2 licensed for milk pastuerizing plants and 9 stores licensed to sell oleomargarine.

I have received compliments from State Health Authorities upon the quality of milk being sold in the Town of Chelmsford and for the manner in which the Milk Department of the Board of Health is being handled.

Very Truly Yours
Daniel E. Haley
Milk Inspector

REPORT OF THE TRUSTEES OF THE ADAMS LIBRARY

At the first of their regular quarterly meetings, the trustees of the Adams Library organized for 1942 with the following officer:

Chairman.....Mr. Edward B. Russell
 Secretary.....Miss Miriam E. Warren
 Treasurer.....Rev. Charles W. Henry

The three other members, Miss Frances Clark, Mrs. Frederick Snow, and Mr. E. Wayne Jenkins, serving upon various committees -- prudential, book purchasing, etc.

Mrs. Ida A. Jefts was reappointed librarian, Mrs. G. W. Peterson, assistant librarian, and Miss Vivian Todd, assistant in the children's room.

Mr. Edward Carlson, Mr Harry Hilyard and Mr. Otis Brown were also reappointed carriers to the West, East, and South districts.

In June Miss Todd resigned, and as yet, no one has been found to take her place.

Mr. Field also resigned as janitor and special officer at the library. The trustees were fortunate in securing Mr. Clayton for the work in September.

For several months the Red Cross has had the use of the George Memorial Hall twice a week for surgical dressing work. Because of this the Historical Society holds its meeting in the main reading room of the library.

REPORT OF CEMETERY COMMISSIONERS

To the Board of Selectmen:
 Gentlemen:

The Cemetery Commissioners wish to submit the following report for the year ending December 31, 1942.

The Cemetery Superintendents are to be commended on the excellent condition in which the cemeteries have been kept, in spite of the shortage of help and assistance .

There has been 420 feet of water pipe installed in the Pine Ridge Cemetery and we expect to install 300 feet more this spring.

We extend our thanks to the lot owners for their cooperation in helping to keep the cemeteries in good condition.

REPORT OF THE BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen,
Chelmsford, Mass.

We have the honor to submit the annual report of the Board of Fire Engineers.

This year has been filled with many and unusual problems which have been the common lot of all connected with government. The Board have had their share and have tried to solve them for the best interests of the town and for the safety of the citizens and their property.

One of our chief problems has been the numerous changes in personnel all of

whom have been trained men and their loss has been keenly felt. Among these were our chief at South Chelmsford, Charles House and the Captain at the Centre, Allan Kidder. Both these men have served the Department faithfully over a long period of time.

However this is our contribution to the defense of our Country and we are proud of our boys who have joined the armed forces to fight for freedom and righteousness.

Their places have been filled with others whose zeal and earnestness promises that our efficiency will not be impaired.

We have cooperated with the Defense Committee in organizing a group of auxiliary firemen who will serve us well when the emergency comes.

The fuel oil situation with its rationing has necessitated the inspection of equipment and storage facilities in over 700 homes, the issuing of permits and the collection of \$364.50 in fees which sum has been turned over to the Town Treasurer.

In spite of priorities and difficulties in obtaining supplies and replacements we have succeeded in anticipating our needs so that apparatus, equipment and quarters are all in first class condition and ready to meet the test when the call may come.

We have maintained friendly relations with the Departments of surrounding cities and towns and they stand ready to furnish us with help whenever called. We in turn have rendered them service on several occasions including the City of Lowell, whose aid is and has been a most valuable asset.

We have worked closely with our Forest Fire Warden whose excellent work has coped with many brush fires and prevented extensive damage from this source.

We would take this occasion to thank our Police Department who by their splendid cooperation have rendered this Department every possible help.

In closing may we express our confidence that with the present condition of our equipment and training of our personnel, we can face the uncertain days that lie ahead, certain that the Department is prepared to afford our citizens the protection they need.

Respectfully submitted,

John Dixon
Edward Hoyt
John M. Kemp

REPORT OF THE CHELMSFORD TOWN FOREST COMMITTEE

This last year has seen no activity on the part of your Town Forest Committee due to the War, the absence of any appropriation for this purpose as well as the absence of man power in these times.

The recommendations of your Committee made in our last Annual Report based upon the advice of Harold O. Cook, Director and Chief Forester of the Mass. Department of Conservation, still stand.

The excess cutting of timber now going on due to War needs will make for the future a very definite scarcity. The new Forestry Laws related to the taxation on growing timber makes the growing of timber a more profitable venture.

On our Gage Lot set aside by the Town for Town Forest purposes there is quite a growth of small pine which is being smothered out by gray birch and this pine needs freeing to attain a normal growth.

This operation with a small amount of spot planting, along with some care through the early growing years, should eventually give the town a good stand of pine on this particular lot.

At the present time with the great lack of man power your Committee feels that nothing can be done but looking ahead to the Post War period when it may become necessary to find employment for people, it would be wise to give serious consideration to the project of making this land produce something for the Town's benefit.

Respectfully submitted,

Luther W. Faulkner
Edward B. Russell
Arthur M. Batchelder

REPORT OF FOREST WARDEN

January 27, 1943

To the Honorable Board of Selectmen
To the Citizens of Chelmsford

Greetings:

I shall devote the main part of my report this year to the immediate needs of this department, rather than the usual summary of last years activities.

I am introducing an article in the Annual Town Meeting Warrant this year to purchase a new pump and other necessary fittings, together with 500 feet of new 1½ inch hose, which will cost approximately \$900.00; to be installed and become an integral part of the new truck purchased in 1941.

The main reasons for this are; to make the truck one that can be quickly and easily put into operation by one man and to obtain a greater volume of water at higher pressure than is now possible; also, by this means the Town obtains an extra piece of apparatus comparable to the large pumpers, which will be available, in case of emergency anywhere in Town, should the main apparatus be in use.

In regard to the customary appropriation of \$900.00 for the operation and maintenance of the department; it is evident on analyzing the situation that it is and has been for several years an insufficient sum, owing to the fact that the Fixed charges are now much greater than in previous years. Formerly of the \$900.00 appropriated about \$100.00 was in fixed charges, and now nearly \$600.00 is in form of fixed expense, due to increase in Forest Warden salary --cost of telephones--insurance; this leaves \$300.00 to attend all other, which includes, gasoline, oil, repairs, soda, acid and many other small items as well as including labor at fires.

Many times during any year, box alarms, are sent in, calling out the Fire Dept. for grass and woods fires and the cost of this is borne by this department.

These alarms average between \$4. and \$5. per call, which will be greater this year owing to increased pay granted recently.

The items included in the \$900.00 asked for are as follows:

1. Centrifugal Front End Pump, 250 gal per min.....	\$450.00
Installation -- flat charge.....	50.00
2 Lengths 3" Suction hose 1.75 per ft 20' each.....	35.00
Couplings for " " \$10 per set.	20.00
2½ to 1½ (2 way valve) or siamese.....	25.00
1 Coupling 3" to 2½" Pump to Hydrant.....	7.70
1 Each. double male -- double female 1½".....	4.50
2 Nozzels 1½ inch @ \$15 each.....	30.00
500' --1½ inch single jacket hose @ 55¢ per ft.....	275.00
	<hr/>
	\$897.20

The amount asked for this year does not completely meet the needs of the department; The small equipment such as, pump cans, extinguishers (chemical) brooms, etc, of which none have been purchased for many years, and that left of the old lot is in poor condition.

Briefly, in regard to last years fire season. The weather conditions were nearly more normal than for some years previously, rain occuring frequently, which cut the number of fires to 112. Forty of these were extinguished without any help by your Forest Warden and 10 others with one man. Thirty-seven were box alarms in various sections of the Town, of the remainder extra help up to 10 men was required.

This information is given in advance of the Town Meeting, in order that the Citizens of the Town may determine, whether or not, to increase the efficiency of the department.

I sincerely hope that the Citizens of the Town will take favorable action on this article, at the annual meeting next March.

Respectfully submitted
H. M. Sturtevant,
Forest Warden

REPORT OF PLANNING BOARD

Monthly meetings of the Board have been held during the year except in July and August.

No applications have been received for land sub-divisions this year due probably to war conditions.

We have held consultations with town officials for discussions of matters pertaining to the welfare of the town.

An instructive talk was given to the Board by a Federal Planning Engineer of the Public Works Reserve on the subject of long term planning for town benefits.

With the valuable assistance of our Town Accountant, Mr. Winthrop A. Parkhurst we have compiled and printed a complete financial summary of the receipts and expenditures of the town a period of the past eleven years.

This summary should be a help to the selectmen and the finance committee.

Suggestions have been made by several citizens regarding beneficial changes in some of the zoning, building and other town by-laws, which we have under consideration and may offer for your action at a future date.

Two articles sponsored by the Board relative to changing street names were accepted at the last Annual Town Meeting.

REPORT OF INSPECTOR OF ANIMALS

Dec. 31, 1942

Board of Selectmen:

Gentlemen:

All work of this Department is under the orders of the Division of Livestock Disease Control of the State Department of Agriculture and all orders have been investigated and duly reported.

Regular tests for tuberculosis have been made and for the last three years no reactors have been found. Cattle owners are advised to have their calves, between four and eight months old, being raised for dairy purposes vaccinated for Bangs disease.

Four stables have been reported to the Division that were not under supervision for tuberculosis control. There were forty one dairy cattle shipped into town from without the State, all were identified by proper permits and test charts and were released from quarantine. Thirty head were also shipped in for immediate slaughter.

Thirty dog bite cases were investigated and twenty one dogs were quarantined for the required period of observation and later released as no rabies developed. No rabies cases were found in town during the year.

Twenty one swine were quarantined for hog cholera, some have died and the remainder are still under quarantine. Calves vaccinated between the ages of four and eight months need not be tested for Bangs disease upon entering this State until they are eighteen months old and cattle from accredited herds outside the State need not be tested until they have been in this State for six months

To the Board of Selectmen

Mr. James A. Grant, Chairman

Chelmsford, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Chelmsford for the period from April 7, 1940, to May 23, 1942, made in accordance with the provisions of Chapter 44, General Laws.

This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

Theodore N. Waddell

Director of Accounts

TNW:CAH

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions I have made an audit of the books and accounts of the town of Chelmsford for the period from April 7, 1940, the date of the previous audit, to May 23, 1942, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection were examined and verified by comparison with the books and records of the town treasurer and the town accountant.

The books and accounts in the office of the town accountant were examined and checked. The ledger accounts were analyzed, the receipts, as recorded, being compared with the treasurer's cash book and the payments being checked with the selectmen's warrants authorizing the disbursement of town funds. The appropriations and loans authorized, as recorded on the ledger, were checked with the town clerk's records of financial votes passed in town meeting.

In checking the appropriations, it was noted that amounts have been appropriated by the town after the determination of the annual tax rate and that such appropriations have been raised in the levy of the succeeding year, but expenditures against such appropriations have been made in the year in which the appropriations were voted. While liabilities could have been incurred against these appropriations as soon as voted, no expenditures should have been made therefrom until the year in which the appropriations were raised by taxation.

Attention is also called to the fact that expenditures for highway projects carried on by the town in conjunction with the State and county may not exceed the aggregate amount of the appropriations voted therefor by the town, together with the amounts actually received on account of allotments. When the reimbursements from the State and county are not received in time to provide funds for payment of pay-rolls and materials, temporary loans under the provisions of Section 6A, Chapter 44, General Laws, may be issued by the treasurer without a vote of the town.

A trial balance was taken off proving the accounts to be in balance, and a balance sheet, showing the financial condition of the town as of May 23, 1942, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and compared with the records in the departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the treasury warrants.

The cash balance on May 23, 1942, was verified by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The payments on account of maturing debt and interest were proved with the amounts falling due and were checked with the cancelled securities and coupons on file.

The savings bank books and securities representing the investments of the several trust funds in custody of the town treasurer, the treasurer of the library trustees, and the insurance fund commissioners, were examined. The income was proved, the disbursements were verified, and the balances were reconciled with the town accountant's ledger.

The records of tax titles and tax possessions held by the town were examined and checked. The tax titles and tax possessions on hand were listed and compared with the town accountant's ledger and with the records in the Registry of Deeds.

The books and accounts of the town collector were examined and checked in detail. The tax accounts outstanding, according to the previous examination, and all subsequent commitments were audited and compared with the assessors' warrants for their collection. The departmental bills committed for collection were audited and compared with the records in the several departments committing such bills.

The recorded collections were compared with the payments to the treasurer, the abatements, as entered, were checked with the assessors' records of abatements granted, the taxes transferred to the tax title account were reconciled with the records of tax titles held by the town, and the outstanding taxes and departmental accounts receivable were listed and proved with the town accountant's ledger.

The outstanding taxes and tax titles were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The financial records of the town clerk were examined and checked. The collections on account of town licenses, dog licenses, and sporting licenses were verified and checked with the payments to the town, county and State.

In addition to the departments and accounts mentioned, the books and accounts of the several other departments collecting money for the town or committing bills for collection were examined. The recorded collections were checked with the payments to the treasurer, and the cash balances were verified by actual count of the cash on hand.

It was noted that receipts of the cemetery department for opening graves, foundations, etc., are retained by the employees who do the work in lieu of compensation, in which connection it is recommended that all such receipts be paid into the town treasury as required by Section 53, Chapter 44, General Laws, and that the compensation of the employees be paid on authority of selectmen's warrants and charged to an appropriation provided therefor.

The surety bonds of the town officials required by law to furnish such surety were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the cash of the town treasurer, treasurer of the library trustees, and town clerk, summaries of the tax, tax titles, tax possession, and departmental accounts, as well as schedules showing the condition and transactions of the several trust funds.

For the cooperation received from the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

Herman B. Dine

REPORT OF SCHOOL COMMITTEE

To the Citizens of the Town of Chelmsford:

We herewith submit the report of your School Committee for the year ending December 31, 1942.

The closing of this year finds conditions within the School Department somewhat more settled. The adjustment to new teachers, new schedules, and general unaccustomed war-time measures, finds our enrollment in the High School only slightly affected from that of last year, and pupils in both High School and Elementary Schools readily adapting themselves to these changes.

The necessarily deferred course in physical education is now in full swing and intra-mural sports are being enthusiastically received. Mr. Schulte, the instructor, is well equipped both by training and experience to direct all branches of sports and has plans for a complete program from the seventh grades through to, and including senior high school students.

This Board is sincerely grateful to those citizens of Chelmsford who assisted in the athletic program last fall when it was impossible to find a coach to replace Mr. Boyce. Chelmsford has always considered High School sports in the light of recreation and physical development, and a part of its educational program. The conduct of the three major teams in varsity football, baseball and basketball has always justified that attitude by clean, friendly sportsmanship. We hope that spirit will continue.

In compliance with the United States Government two new courses have been added to the High School curriculum, one in approved Aeronautics and another in Mathematics for seniors who will soon be a part of our armed forces. Both courses are well attended by seniors and some junior boys.

For the past three years a great deal of thought has been devoted to the establishing of a complete English Department in the High School. Because of war-time emergencies the Board has had to put its plans to one side, but some strides have already been taken and textbooks which will be part of the department's foundation are already being used by teachers in the seventh and eighth grades. A complete syllabus is being planned by your superintendent and English teachers which will meet the requirements of any and all colleges and universities. The completion of such a department will take much thought and hours of work by those involved.

At the present time every teacher in the High School is doing extra work in order to meet an intensified war program and the school day has been lengthened about one half hour.

There are several recommendations which this Board would like to make this year, but two seem to merit special consideration. One is the matter of janitors' salaries, which are still inadequate to meet the present cost of living. In almost every instance more work has been thrown onto the shoulders of these men,

and may we say here that to replace any one of them with others of equal character, intelligence and dependability would be impossible at this time. We ask your sincere consideration in this matter of increased salaries for your school janitors.

The second matter is of equal concern to this Board and we feel that we are making no over-statement when we predict that, unless this condition is remedied before long, the Town will find itself with a serious health as well as financial problem on its hands. We refer to the sewage disposal at the McFarlin school. Inadequate, and a makeshift from its installation, it has become a yearly problem and expense. Any questions concerning this matter and interest on the part of you citizens will be welcome by this Board.

Other matters for consideration are the repairs and improvements on school buildings in all parts of the town. Several of the buildings need painting, and we feel that we would not be unwise to urge the same procedure that we did last year, the saving of money in initial cost for the work and a future saving in fuel and maintenance in years to come, by the use of brick veneer. We urge your consideration of this investment.

In offering this report for your information, may we express our sincere thanks to our Superintendent of Schools, Mr. Wright, for his advice and support, and to the entire faculty of teachers for their helpful cooperation during the past year.

Respectfully submitted,

Marjorie M. Kiberd

Harold E. Clayton

John A. McAdams.

REPORT OF SUPERINTENDENT.

To the School Committee:

My fifteenth annual report is hereby submitted to you, and to the citizens of Chelmsford.

TEACHERS.

In the High School there were five vacancies. Emile Gauthier resigned in January in order to accept a position in Worcester Academy, and Isabelle M. Doyle in August to accept a position in Lowell High. George R. Knightly, George W. Boyce, and Gerald A. Ivers were given leaves of absence in the summer when they entered service in the Navy.

Walter L. Hannan, Jr., Principal at Quessy, resigned in January, and later entered the Army, and at Highland Ave. M. Weldon Haire, Principal, was given leave of absence when inducted into the Army at the close of the school year. In November Esther M. Thayer of the McFarlin School was given leave of absence when she was inducted in the WAVES. At the Westlands Eleanor Gray resigned at the close of school to be married.

In filling these positions three college graduates who were teaching in elementary schools were transferred to the High School: Eleanor Donahoe, who finished the year at Quessy as Principal; Mrs. Charlotte S. Carriel, who substituted at Princeton St. from October to January; and Mildred M. Hehir, who substituted in the same school from January to June. Mrs. Carriel is a graduate of Mount Holyoke who had had ten years of experience in the Concord, N.H., High School. Miss Hehir is a graduate of Chelmsford High School and Regis College. Marjorie B. Scoboria, a graduate of Wellesley, with an M.A. from Radcliffe, who had seven years experience in Tewksbury and five in other towns, was elected to a High School position, and the last vacancy was filled by the election of Barbara E. Grant, a graduate of Chelmsford High School and Colby College.

For the principalship at Quessy, Ann M. Hickey, a graduate of Lowell Normal, who had taught upper grades in Groveland for eleven years, was secured. Mrs. Lilla M. Dexter of Chelmsford, a graduate of Lowell Normal who had taught for several years, was given the 5th and 6th grade room at Quessy in January.

At Highland Ave. Mary H. Ryan was given the principalship and the 7th and 8th grade room. Nora E. Miskell was transferred to the 5th and 6th grade room from South Chelmsford. Bertha R. Barrett was secured for the upper room at South. She is a graduate of Lowell Normal who had taught thirteen years in Berlin, Conn.

At Princeton St. School, Genevieve E. Jantzen, Principal, was transferred to the 8th grade from the 3d, and the latter room given to Margaret D. Sousa, teacher of reading to special groups last year.

In the Westlands there is now a teacher for each grade. Rita Foley, who had been taking summer school courses to prepare for upper grade work, was transferred from the 1st grade to the 7th. Lena L. Genetti, a graduate of Boston University, and Florence M. Kelley, a graduate of Lowell Teachers College, were chosen for the 5th and the first grades. Both are graduates of Chelmsford High School.

SALARIES.

My report of last year discussed the requests of groups of teachers for salary increases, and stated what had already been done in that line. Attention was called to what the Teachers Federation termed "the growing movement in Massachusetts toward improved salaries", and the fact was stated that thirty-seven places had already taken favorable action. Our teachers asked for a flat increase to all of \$200, to date from January 1, 1942. We prepared a budget including that amount, and after discussion in town meeting it was adopted. In view of the fact that the increase was retro-active to January 1st, and that it applied to all teachers including beginners, the usual step-rate increase in Septmebr was omitted.

The prediction of the Federation that teachers' salaries would increase has been upheld by the action taken very generally by the towns and cities. There is no official report as yet, but the Federation has listed town after town as granting increases of either a per cent of the former pay or a flat increase. One of about \$200 is a common one. There is frequently a provision that it shall be greater fro those teachers who had been receiving the smaller salaries. Since so many places have granted increases, I would expect that when the next report on salaries is made by the Department of Education Chelmsford will be found in about the same relative position as in the past, in the lower half of the comparable towns as regards salaries, as it is near the bottom in per pupil costs. In view of the sharp rise in cost of living, the increase of a year ago certainly cannot be considered excessive.

REPAIRS AND IMPROVEMENTS.

The 1941 report listed desirable repairs and improvements at several schools when conditions should warrant. None of these was undertaken. The same buildings now need painting and other work more than they did a year ago. Neither chimneys nor roofs needed attention last year, but a part of the roof covering at East Chelmsford must be replaced this season. Repairs to plumbing, heating systems, wiring, doors, windows and floors were made as necessary, and the janitors were furnished paint, varnish, floor seal, etc. for the usual inside work after the buildings were cleaned in the summer.

One expense item demands consideration by the Town. Sewage disposal at the schools in the Center has always been a problem. The lack of a sewer system is more of a detri-

ment here than at the other schools. Surface water in the spring disappears very slowly from the playground in the rear of the buildings, and as late as May or June the ground water level is only a foot or two below the surface. Until the addition was built at the High School we had trouble there nearly every spring. Now that building has a real septic tank, placed as high on the slope north of the building as was possible, and the effluent from the tank, which is clear but not odorless, is discharged once or twice a day into a drainage area of about 10,000 square feet, a little above the level of the field below. That system should not need attention for many years.

At the McFarlin School the situation is worse than it ever was at the old High School. Toilets are in the basement and the soil pipe leaves the building about five feet below the floor level. It leads into a system of small tanks, ten in number, which have never operated as a septic tank does. They are nothing but cesspools. An outlet pipe originally ran to dry wells, or leaching wells, located 75 or 100 yards west of the building, in almost the lowest part of the field. These wells are filled with ground water every spring and the effluent has several times broken through the surface. New wells have been provided nearer the building. But the effluent is not clear water, as it should be if it came from a real septic tank; it is loaded with solid matter. As soon as this clogs the ground about a dry well, the well is worthless. The last wells were placed at the end of the row of small tanks, so as to use the highest ground available, and are the largest ones in use. Cleaning the small tanks and providing these new wells in 1939 cost \$232. The cesspool tanks have been cleaned each year since, and until a more adequate system of sewage disposal is provided this will be an annual charge of \$50 to \$75, plus the cost, sooner or later, of more dry wells.

It may well be added that cleaning these cesspools is a menace to community health. We have been fortunate thus far in not having sickness of pupils charged to opening these tanks, but this health hazard is another strong argument for seeking a permanent solution of the problem as soon as industrial and labor conditions permit such an endeavor.

ENROLLMENT.

A table at the end of the report shows school membership by buildings on October 1, 1942, and enrollment for the last ten years is shown. The elementary membership had been declining from the high point of 1265 in 1933 to 1067 in 1941. Last October there was a slight increase, to 1087. The High School had its highest membership in 1940, when 527 students were enrolled on October 1. The number dropped to 473 last year, and 434 this year. Such a falling off is not unusual in high schools, due to war conditions. Ours is probably about an average.

The smaller enrollment is reflected in the number of pupils transported, as shown below:

	1937	1938	1939	1940	1941	1942

FINANCIAL SUMMARY

Consult the report of the Town Accountant for an itemized statement of school expenditures. The appropriation for 1942 made at the last annual town meeting, less transfers of \$250 made at the special meeting in October and increased by a grant of \$30 by the Finance Committee, was \$130,330. Expenditures were \$129,837.84.

THE WESTLANDS SCHOOL.

The addition to the Westlands School, consisting of four new classrooms, new toilets, teachers' rooms, a new heating plant, and an assembly room, was completed and occupied in January. In several respects this is now the most modern and the most satisfactory of the elementary schools, and it may well serve as a standard to be met when other buildings are enlarged or replaced. The new part is of frame construction, like the old building, but the entire building is faced with brick. This will eliminate the cost of painting every few years. The ceilings in the new part are of celotex, which provides insulation and will save fuel. Toilets are on the level of the classroom floors, accessible and easily supervised. An office with store room is furnished the principal, and a rest room for the teachers. All furniture is of the movable type. The assembly room in the basement has 200 folding chairs and a stage. The Parent-Teacher Association has fitted out a small basement room as a kitchen with electric range, cupboards, sink, etc. Since the playground with its tennis and volley ball courts and baseball diamond is used by the public, toilets for men and for women were provided. These, and also the janitor's tool room, are entered from the playground.

The total appropriation for the building was ~~\$50,849~~ \$51,200, and the cost was \$50,849.76.

THE SCHOOLS IN WAR TIME.

A report for this year would not be complete without mention of some of the effects of the War, for schools, like everything else, cannot run as usual. Older students have left school, some to enter industry, others to join the armed services. The men teacher-coaches are gone. School activities are greatly curtailed. War Time in these winter months has forced pupils to leave home before sunrise. Some supplies, such as typewriters, are not obtainable. Books cost more. It has been impossible to maintain the dental service under the arrangement formerly in effect. A greater number of pupils have paying jobs out of school hours, and in the fall boys were excused from attendance in order to aid in harvesting crops. These trying times have inspired some students to more earnest effort; others have seemed content to drift while awaiting their country's call.

To mention one good result, the War has placed a needed emphasis on health and physical education. We have started this at the top, and the students in the High School are 100% enthusiastic and cooperative under the leadership of the new director, Edward J. Schulte. Citizens would find these classes in the assembly hall interesting to visit. Another good result is the increased interest in science and mathematics, hard subjects. They are needed in every branch of the armed services, and Federal authorities have deplored the tendency of students in both high school and college to bypass them in favor of subjects which require less mental effort.

School routine has been broken by registration and rationing programs. A tribute is due teachers in Chelmsford and everywhere for the good spirit they have shown and the excellent results they have attained in these wholly new tasks. True, they have been paid for the time spent, but the conscientious teacher has always had in mind that these interruptions mean doing the same work with pupils in fewer hours. She measures her year's work as so much arithmetic taught, so many pages in Latin, so many events in history, not as so many days behind the desk. If she is given fewer days for her task, she endeavors in every possible way to do the same amount of work with her class. All honor to the American teacher for her share in the present crisis.

The assistance given teachers in their work in rationing, both by adults and by older students, is acknowledged with thanks. The existing parent-teacher associations have continued their valuable work, and it is a matter of regret that the schools in some sections do not have this organized home support. In behalf of teachers and pupils appreciation is expressed to all who have been of service, and especially to you, the members of the School Committee.

Respectfully submitted,

George S. Wright,
Superintendent of Schools.

Mr. George S. Wright
Superintendent of Schools
Chelmsford, Massachusetts

My dear Mr. Wright:

I am pleased to submit, herewith, my thirteenth annual report as principal of Chelmsford High School.

The total enrollment up to January 1, 1943 is as follows:

<u>Class</u>	<u>Number of Boys</u>	<u>Number of Girls</u>	<u>Total</u>
Post Graduate	0	1	1
Senior	36	51	87
Junior	61	56	117
Sophomore	63	44	107
Freshman	<u>56</u>	<u>72</u>	<u>128</u>
Total	216	224	440

The regular routine of our school has been disturbed by the war in many ways. Our three men teacher-coaches, Mr. Knightly, Mr. Boyce, and Mr. Ivers enlisted in the Navy, and Mr. Fogg, another teacher who was a Reserve Officer, was called into the Army. The absence of these men is a real loss to both pupils and faculty.

The uncertainty in the minds of our boys as to whether they should complete their high school work or enlist in the service of our Country has not helped. The fact that many parents are away from their homes either in the Armed Services or working in defense factories is a great loss to our boys and girls. The omission of inter-scholastic athletics is felt by the entire school and very keenly so by the few superior athletes who have been looking forward to their senior year when they could help to maintain the excellent record that Chelmsford High School has made in the past.

There are many other hardships due to the war that could be mentioned. What is the duty of the school at the present time? Our first duty is to do our part to win this war. We do not like to think of training our boys and girls for war, but if they will have to go we should get them ready. We will win the war but the better our young people are trained the sooner the war will be over. Physical training is one of the first requirements we have been asked to meet. We have started on a full time Physical Educational program for both boys and girls. We have two classes of pre-flight Aeronautics, one class of basic Mathematics for senior boys who have not studied mathematics since they were freshmen. Emphasis on war-needs is being made in other classes. The new Physical Education department under the direction of Mr. Schulte, assisted by Mrs. Poland and Mrs. Corcoran, is going ahead rapidly. The pupils are getting excellent experience. We would welcome parents and other citizens who would like to visit these or any other classes in the school.

Boys and girls should be made to feel that it is their patriotic duty to get as much education as they can. Pupils

should spend four full years in high school before thinking of going to college. Colleges cannot do the work of the high schools as well as the high schools can do it. The War Department does not want boys to train for officers without their four full years of high school work completed.

The education of our youth is a twenty-four hour a day job. Everyone, parents, teachers, pupils, and other citizens should plan and work together so that our boys and girls even in war times can live the best lives possible.

Westlands School Addition.

At the annual town meeting of 1941, the Moderator was authorized to appoint a committee of four persons to work in conjunction with the school committee to secure plans, specifications, and estimates of cost for an addition to the Westlands school. The sum of \$1400 was appropriated to cover preliminary expenses. The Moderator appointed Clifford Hartley, C. Luther Cashin, Clarence G. Audoin, and Donald A. Dunsford. The committee organized by electing Mr. Hartley chairman and Mr. Dunsford secretary.

The firm of Ashton and Huntress of Lawrence, the architects for the addition to the High School, was employed. Their plans for a four-room addition on the rear of the old building, with rooms for offices and toilets, and a brick facing on both the old part and the new, were approved. Without a dissenting vote the Town appropriated the additional sum of \$49,800 for construction and equipment, making the total appropriation \$51,200.

The general contract was awarded to Louis Marion and Son, the lowest bidder. Under this contract the electric work was sublet to Derby Electric Co., the heating and the plumbing to Farrell and Conaton, and the painting to E. C. Pearson Co. The building was completed and occupied in January 1942.

ARTICLE 17.

To see if the Town will vote to raise and appropriate the sum of Nine Hundred Dollars (\$900), or some other sum, for the purpose of foreclosing tax titles; or act in relation thereto.

ARTICLE 18.

To see if the Town will vote to authorize the Board of Assessors to use a sum of money in the amount such as the Commissioner of Corporations and Taxation of the Commonwealth of Massachusetts may approve as free cash, said sum of money to be applied in determining the tax rate for the year 1943; or act in relation thereto.

ARTICLE 19.

To see if the Town will vote to transfer and appropriate from the account entitled "Sale of Real Estate", the sum of Six Thousand Six Hundred Fifty-seven and 5/100 Dollars (\$6,657.05) to an account to be called "Payment of Net Bonded Debt," this money to be expended in accordance with Section 63, Chapter 44 of the General Laws and any amendments thereto.

ARTICLE 20.

To see if the Town will vote to amend Section 3 of the Building Laws by striking out said Section 3 and substituting therefor the following:

Permits. Before the erection, construction, demolition or alterations of any building or part of any building, structure or part of any structure, coming under the scope of this code, the owner or lessee, or agent of either, shall, except for ordinary repairs, submit to the Inspector of Buildings, a detailed work on proper blanks to be provided by the Inspector, and such full and complete copies of the plans of such proposed work, and any structural detailed description of the location, purpose and construction of the proposed structure or drawings as the Inspector may require. Such plans and detailed drawing shall be furnished in duplicate and if approved by the Inspector one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector, and the other shall be kept on file in the office of the Inspector.

The erection, construction, demolition or alteration of such buildings or structures, as herein provided, shall when proceeded with, be

executed in accordance with such approved plans and detailed descriptions, unless amended plans are filed and permit issued therefor. Any permit which may be issued by the Inspector pursuant to the provisions of this section, but under which work is not commenced within six months from the time of issuance, or is abandoned before the completion shall expire by limitation.

ARTICLE 21.

To see if the Town will vote to amend Section 9 of the Building Laws by striking out said Section 9 and substituting therefor the following:

Foundations. All dwellings must have foundations at least forty-two inches below the finished grade. Foundation walls if of concrete shall not be less than sixteen inches in thickness for first and second class buildings, and not less than eight inches in thickness for third class buildings, and fourth class buildings. If of stone not less than sixteen inches in thickness. Any other material must be approved by Building Inspector.

Footings. All footings shall bear on undisturbed soil and be designed to distribute sufficiently the superimposed load to the particular type of soil upon which they bear. Where soil conditions prevent sharp-cut trenches for footings, side forms shall be used. All footings shall be of poured concrete. The minimum dimensions of footings shall be as follows:

- (a) Under foundation walls of all frame dwellings and 1-story masonry dwellings; Thickness 8 inches; projection 4 inches on each side of wall.
- (b) Under foundation walls of masonry dwellings more than 1-story in height; Thickness 12 inches; projection 6 inches on each side of wall. Footings may be same as in (a) if reinforced with not less than two 5/8-inch bars continuous in footing and spaced not to exceed 8 inches o.c.
- (c) Under masonry piers: Thickness 12 inches; projection each side 6 inches; area 4 square feet.
- (d) Under posts and columns: Thickness 12 inches; size 2 by 2 feet.
- (e) Under chimneys for 1-story dwellings: Thickness 8 inches; projection on all sides 4 inches.
- (f) Under chimneys for dwellings more than 1 story; Thickness 12 inches; projection on all sides 6 inches.

All footings shall be adequately reinforced where they cross and bear on filled trenches or other similar disturbed soil conditions.

Concrete. Poured concrete mixture shall be as follows:

- (a) For plain concrete - not leaner than 1 part portland cement, 3 parts sand, 5 parts gravel, crushed stone; or 1 part portland cement, 6 parts clean bank gravel.
- (b) For reinforced concrete - not leaner than 1 part portland cement, 2 parts sand, 4 parts gravel, crushed stone. The design, materials, metal reinforcement, limitations, and other requirements for reinforced concrete work shall comply with the recommendations of the Building Regulations for Reinforced Concrete (A.C.I. 501-36-T) of the American Concrete Institute Building Code.
- (c) All materials shall be clean and free from loam and other foreign matter.

ARTICLE 22.

To see if the Town will vote to amend Section 10 of the Building Laws by striking out said Section 10 and substituting therefor the following:

Chimney Flues. All masonry chimneys shall be lined throughout with fire-clay flue linings. Minimum flue sizes for heating plants $8\frac{1}{2}$ x $8\frac{1}{2}$ inches, for fireplace $8\frac{1}{2}$ x 13 inches; or circular flues of equivalent effective area. Chimney must have foundation of con-

crete at least 8 inches deep.

ARTICLE 23.

To see if the Town will vote to amend Section 11 of the Building Laws by striking out said Section 11 and substituting therefor the following:

All wood floor and roof framings shall be kept at least one inch away from the chimney masonry. In no case shall wood framing members bear on the masonry of chimneys except on piers which are built integral with the chimney masonry.

Sills to be not less than 4x 6 inches or as approved by Inspector.

Girders or carrying timbers may be structural steel, solid wood, or built-up wood. Wood girders not to be less than 6 x 8 inches or as approved by the Building Inspector. All joints of girders shall be made over piers or column supports. The maximum clear span for 6 x 8 inch wood girder for one story dwelling shall be eight feet; and one and one-half and two story dwellings seven feet.

Wood posts when used as columns in basements shall bear on a cement base which shall extend not less than three inches above the finish floor. The base shall bear directly on the post footing.

Floor joists. Maximum spans for western fir and hemlock.

2 x 6	16 inches	9'1"
	12 "	10'0"
2 x 8	16 "	12'1"
	12 "	13'0"
2 x 10	16 "	15'3"
	12 "	16'8"
2 x 12	16 "	18'5"
	12 "	20'1"

Floor joists. Maximum spans for eastern spruce and hemlock.

2 x 6	16 inches	8'6"
	12 "	9'4"
2 x 8	16 "	11'4"
	12 "	12'5"
2 x 10	16 "	14'4"
	12 "	15'8"
2 x 12	16 "	17'3"
	12 "	18'10"

Floor joists. Any other material to be approved by Building Inspector.

Where floor joists frame into the side of wood girder,, the joists shall be supported on metal joist hangers or on a bearing or spiking strip on the side of girders. Size of strip shall be at least two inches by three inches.

Floor joists shall be doubled under all partitions which run parallel to the floor joists.

All stairs and fireplace hearth openings to be double headed.

Floor and flat roof joists shall be cross bridged with 1 x 3 inch bridging at intervals not to exceed eight feet.

Maximum spans for ceiling joists. Western fir and hemlock.

2 x 4	16 inches	10'0"
	12 "	11'0"
2 x 6	16 "	15'4"
	12 "	16'7"
2 x 8	16 "	20'2"
	12 "	21'8"

Maximum spans for ceiling joists. Eastern spruce and hemlock.

2 x 4	16 inches	9'8"
	12 "	10'6"

2 x 6	16 inches	14'8"
	12 "	15'10"
2 x 8	16 "	19'3"
	12 "	20'0"

Maximum spans for ceiling joists. Any other material to be approved by Building Inspector.

Where the attic space above ceiling joist is unfinished, but is usable for storage space, or if the space is suitable for finishing into future habitable room, the span for ceiling joists shall be the same as for floor joists.

Rafters must be at least 2 x 6 inches where length is over eight feet and where length is over fifteen feet, collar beams must be used. Rafters on roofs with slopes less than five to twelve inches shall be the same as floor joists. Rafters not to be spaced more than twenty inches on centers.

All openings in roof construction for dormer windows which are not supported on partitions shall be framed with double rafters and headers.

Requirements for headers and trimmers for roof framing around chimneys shall be same as required for floors except that for a sloping roof where headers are less than four feet in length and the chimney is either at the ride or the eaves, the trimmers may be single.

All outside and carrying partitions must be 2 x 4 inch studding set on sixteen inch centers. Plates, door and window openings must be doubled. All openings must be doubled. All openings over four feet must be trussed.

Permit for Lathing. No wall or ceiling of any building shall be lathed or otherwise covered, until the Building Inspector has been notified in writing that the building is ready for such work, and until he has given consent therefor.

The Inspector shall act on such notice within forty-eight hours of receipt of same.

Outside Walls. All outside walls of building must be covered with material suitable to that of existing neighborhood or as approved by Building Inspector.

AND YOU ARE DIRECTED to serve this Warrant by posting attested copies thereof at the Post Offices in the Centre of the Town, South Chelmsford, North Chelmsford and West Chelmsford, and at the School House in East Chelmsford, and the Golden Cove School House, Westlands, seven days at least before the time appointed for holding the first meeting aforesaid.

HEREOF FAIL NOT, and make return of the Warrant with your doings thereon to the Town Clerk at the time and place of holding this meeting aforesaid.

Given under our hands this 30th day of January, in the year of our Lord, nineteen hundred and forty-three.
