BOARD OF SELECTMEN

Roger A. Blomgren, Paul C. Hart, Dennis J. Ready, Bonita A. Towle, John P. Emerson, Jr.

On April 2, 1984, following the Town Elections, the Board of Selectmen met and elected Bonita A. Towle as Chairman (the first woman chairman in the Town's history), Dennis J. Ready as Vice Chairman and John P. Emerson, Jr. as Clerk. The membership of the Board also includes Roger Blomgren and Paul C. Hart.

The highlights of 1984 are summarized below:

January, 1984:

During January, 1984 the Selectmen began discussions with the Utility Companies concerning double poles, and Selectman Brad Emerson announced his resignation after five years of service.

February and March, 1984:

Work continued on the Fiscal 1984 Budget and Warrant for Town Meeting. The initial planning was also begun on the proposed widening of Billerica Road (Route 129) in the vicinity of Route 3. During March of 1984 former Selectman Eugene Doody passed away.

April, 1984:

The Capital Planning Committee was formed by the Board of Selectmen and the first appointments were made to the Mobile Home Park Rent Control Board.

May and June, 1984:

A busy Town Meeting was concluded during May and problems occurred during early June at Crystal Lake.

July and August, 1984:

Mary Long of the Chelmsford Water District Office was the Grand Marshal in the Fourth of July Parade, and new regulations for the use of the Center Town Hall were completed during July. Problems of litter and traffic at Crystal Lake continued into July with increased Police presence finally easing the situation. Also contracts for Phase 1 (sewer design) for areas in North Chelmsford and the Golden Triangle are signed and James Pearson was appointed as the Town's first full-time Engineer in August. Also in August the firm of Moriece and Gary is selected to design the recreational complex at Southwell Field.

September and October, 1984:

In September the Selectmen held a Public Hearing at the South Chelmsford Grange Hall and on the advice of area residents agreed to sell the Grange Hall as a single family residence. During October the Traffic and Safety Committee considered the traffic lights at the corner of Chelmsford Street and Fletcher Street and at the Chelmsford Mall. Also during October a "yard sale" of surplus Town materials was held at the North School before its final razing.

The Commonwealth is receptive to the proposed Route 129 improvement project and promises funding. Private businesses funded the engineering works needed for the State grant application process.

November, 1984:

Chelmsford voters overwhelmingly vote (76%) a Prop. 2½ exemption for sewerage construction. The Rent Control Board for the Mobile Home Park is re-appointed, following the Court ruling that rent control is constitutional. Also during November the Selectmen voted to prohibit a left turn from Chelmsford Street onto Billerica Road during the morning and afternoon rush hours.

December, 1984:

Police Sergeant Leslie Adams was honored by the Board of Selectmen for 35 years of service, and the Holiday Decorations Committee does a superb job of decorating the Center.

The Board of Selectmen continued their active role in the Massachusetts Selectmen's Association, the Middlesex County Selectmen's Association, the Northern Middlesex Area Commission, the Middlesex County Advisory Board and the Massachusetts Municipal Association. Individual Selectmen also served as liaisons between the Board of Selectmen and various town and regional boards and commissions during the year.

Due to the fact that national and state legislative decisions have a great impact on Town affairs, the Board of Selectmen maintained constant contact with Congressman Shannon's office as well as with Senator Carol Amick and State Representative Bruce Freeman. The Selectmen wish to express their gratitude to Congressman Shannon, Senator Amick and Representative Freeman for their help and cooperation during the past year.

In closing, the Selectmen, on behalf of the citizens of Chelmsford, wish to express their sincere gratitude to the various Town boards and committees for their accomplishments during the past year. It should be remembered that these boards and committees are composed of unpaid volunteers who take many long hours out of their free time to work on issues and projects that benefit the Town of Chelmsford. The Board also would like to recognize our competent and dedicated office staff of Mrs. Judith Carter and Mrs. Evelyn Newman.

Respectfully submitted,

Bonita A. Towle, Chairman
Dennis J. Ready, Vice Chairman
John P. Emerson, Jr., Clerk
Roger A. Blomgren
Paul C. Hart

In 1984, the era of the paper ballots ended and computerized punch card balloting started in Chelmsford, with the introduction of the Datavote system, at the Presidential Primary on March 13th. That day we will always remember, as we had to cope with a blizzard along with getting Datavote off the ground.

By the time the Presidential election came in November, we had already conducted three elections using Datavote, so most of the problems were eliminated from the system. The November 6th election went very smoothly with 87% of the voters voting.

I would like to share with the residents of Chelmsford the letter I sent to each of the 198 persons who helped make the 1984 election days successful in Town.

Dear Election Day Workers:

Many, many thanks for the part you played in making 1984 a successful election year with a new voting system. As you know with anything new, it takes time and patience, trial and error and a lot of teamwork to make it work. We made Datavote succeed in Chelmsford.

31,462 cards were fed into the ballot counter on November 6th, starting with the first precinct at 9:30 PM, the last precinct was finished around midnight. In the 1980 Presidential election the last precinct was finished at 4:30 AM. We have come a long way.

I wish the public was more aware of the teamwork that you all provide on election day. Starting at 5:30 AM, when Betty and I arrive at the Town Office to be met by the Highwaymen who will be delivering the ballots to the precincts accompanied by the Policemen in cruisers. At the same time the Custodians are opening up their precincts for the first shift workers. At 6:15 AM the Policemen arrive to pick up the ballot box keys. Sandy (she's our walking voting list) arrives just before 7 AM as the polls are ready to open. At 1:30 PM faithfully, the second shift workers arrive. I imagine the first shift is ready to go home after having gotten up so early. The second shift Policemen arrive before 4 PM. They escort the ballots back to the Town Office, with the Warden and Clerk after the polls close at 8:00 PM. Last but not least, three cheers for the super job the demonstrators did demonstrating the voting machine. The traffic of voters moved more smoothly because of them. At 8:00 PM the highwaymen return to all the precincts to pick up the ballot boxes and voting machines and they bring them back to the Town Office.

An added thanks to my staff for working the long hours on election days and a special thanks to Sgt. Burns, Officer Kelly and Deputy Chief Fitts for driving me from precinct to precinct on the election days. I could have not made it to each precinct twice on those days without them.

You have never let me down, and this I will always be grateful for. You are the greatest people I know.

Sincerely,

Mary

ADJOURNED SPECIAL TOWN MEETING

January 9, 1984

The Adjourned Special Town Meeting was called to order at 7:45 PM by the Moderator Dennis McHugh, who recognized the presence of a quorum. There were 349 voters present.

UNDER ARTICLE 6. The Moderator read the opening paragraph of the Article: Linda Allen moved that the Town vote to amend the General By-Laws by adding the following as the "Mobile Home Park Rent Control By-Law" and further to find and vote to declare a public emergency in the Town of Chelmsford with respect to housing as contained in Section 1 of said By-Law:

The Moderator explained that there were eleven sections of this proposed by-law. He asked for the Finance Committee's recommendation, the Finance Committee was against the article. The Moderator asked for the Board of Selectmen's recommendation. Vice Chairman Bonita Towle stated that a majority of the Board of Selectmen were against this article.

Pauline Taylor moved to table the article. The Moderator allowed Pauline Taylor to reword her motion to read: To adjourn this meeting until 7:30 PM on April 30th, 1984, which is the first night of the Annual Town Meeting. Carol Levine spoke against the motion to adjourn. She stated that she was opposed to adjourning this meeting any further as there is a great state of emergency in the park, rents have double since 1980, and she felt that this was a pretty serious emergency. She expressed concern for the elderly in the park that are on fixed incomes, and she asked the Town Meeting Body to vote against the motion to adjourn. Selectman Emerson stated that even though the majority of the Board was against the article, the Board was unanimously against adjourning the meeting and felt that a decision should be made for once and for all. Anna Keenan spoke against the article. She felt that an emergency did not exist, she felt that it was not the owner's responsibility to have to deal with renting to the elderly with fixed incomes, that is the Housing Authority's responsibility. She felt that a five man board should not be allowed to make decisions which would affect the whole park.

Carol Levine moved the question to stop debate. The Moderator asked if there was any further need for debate, he explained that if there is none, then he would take a voice vote on the motion to adjourn the meeting. But if anyone else wished to speak any further on the subject, then a hand count would have to be taken. Hearing no opposition to stopping debate, a voice vote was taken on the motion to adjourn the meeting until April 30th, 1984, at 7:30 PM. Motion defeated.

Carol Levine moved the question to stop debate on article six. Again the Moderator explained that if no further debate was required then he would just go on and take a voice vote on article six. Hearing no need for further debate, the Moderator asked for a voice vote on article six, motion carried and the article reads as follows in its entirety:

Linda Allen moved the Town vote to amend the General By-Laws by adding the following as the "Mobile Home Park Rent Control By-Law" and further to find and vote to declare a public emergency in the Town of Chelmsford with respect to housing as contained in Section 1 of said By-Law:

Section 1: The Town of Chelmsford finds and declares that a public emergency exists in the Town of Chelmsford with respect to the housing of a substantial number of citizens of the Town, which emergency has been created by excessive, abnormally high and unwarranted rental increases imposed by some owners of mobile home parks located therein; that unless mobile home park rents and eviction of tenants are regulated and controlled, such emergency and the further inflationary pressures resulting therefrom will produce serious threats to the public health, safety and general welfare of the citizens of Chelmsford, particularly the elderly; that such emergency should be met by the Commonwealth immediately and with due regard for the rights and responsibilities of the Town of Chelmsford by enabling the Town of Chelmsford to amend its code for the purpose of controlling rents and evictions in mobile home parks to enact a by-law to establish a mobile home park rent control board in said Town, said by-law shall set forth the powers and duties of such board and which shall establish standards and procedures.

Section 2: The Town of Chelmsford hereby adopts the following nine sections as a Town by-law which shall be known and may be cited as the "Mobile Home Rent Control By-Law."

Section 3: For the purpose of this by-law, the following terms, phrases, words and their derivations shall have the meaning given herein, unless the context in which they are used clearly requires a different meaning.

- (1) "Rent Board" and "Board" means the Mobile Home Park Rent Control Board as established herein.
- (2) "Mobile Home" shall mean a dwelling unit built on a chassis and containing complete electrical, plumbing and sanitary facilities, and designed to be installed on a temporary or a permanent foundation for permanent living quarters.

- (3) "Mobile Home Park" means a park licensed by the Board of Health pursuant to Section Thirty-Two B of Chapter One Hundred and Forty of the General Laws.
- (4) "Rules and Regulations" means rules and regulations as promulgated by the Board.
- (5) "Shall" is mandatory; "May" is permissive.

Section 4: There is hereby established a mobile home park rent control board consisting of five residents of the Town of Chelmsford to be appointed by the Board of Selectmen of the Town of Chelmsford.

Section 5:

- (1) The Board shall set maximum rents, set minimum standards for use or occupancy of mobile home parks and evictions of tenants therefrom; may require information of said owners relating to their parks under the penalties of perjury.
- (2) The Board may make rules and regulations, sue and be sued, compel attendance of persons and the production of papers and information, and issue appropriate orders which shall be binding on both the owner and tenants of such mobile home park accommodations.

Section 6:

- (1) The Board may make individual or general adjustments, either upward or downward, as may be necessary to assure that tenants for mobile home park accommodations are established on levels which yield to owners a fair net operating income for such units.
- (2) Fair net operating income shall be that income which will yield a return, after all reasonable operating expenses, on the fair market value of the property, equal to the debt service rate generally available from institutional first mortgage lenders or such other rates of return as the Board, on the basis of evidence presented before it, deems more appropriate to the circumstances of the case.
- (3) Fair market value shall be the assessed valuation of the property or such other valuation as the Board, on the basis of evidence presented before it, deems more appropriate to the circumstances of the case.

- (4) The Board may establish further standards and rules consistent with the foregoing.

Section 7: The Board may regulate evictions of tenants of mobile home parks and may issue orders which shall be a defense to an action of summary process for possession.

Section 8:

- (1) The Board and its actions shall be subject to the provisions of Chapter Thirty A of the General Laws as if the Board were an agency of the Commonwealth.
- (2) The District Court of Lowell shall have original jurisdiction, concurrently with the Superior Court, of all petitions for review brought pursuant to Section Fourteen of Chapter Thirty A of the General Laws.
- (3) The Superior Court shall have jurisdiction to enforce the provisions of this by-law, and may restrain by injunction violations thereof.

Section 9:

- (1) The maximum rent of a mobile home lot or unit shall be the rent charged the occupant for the month six months prior to the acceptance of this by-law by Town Meeting. If the rental unit was unoccupied at that time but was occupied at any time prior to acceptance of this act, the maximum rent shall be the rent charged therefor, or the month closest to and prior to six months prior to the acceptance of this by-law by Town Meeting.
- (2) If the maximum rent is not otherwise established, it shall be established by the Board. Any maximum rent may be subsequently adjusted under the provisions of Sections Five and Six.

Section 10: Violations of this by-law or any order of the Board shall be punishable by a fine of not more than one thousand dollars for any one offense.

Section 11: If any provisions of this by-law shall be held invalid, the validity of the remainder of this by-law shall not be affected thereby.

Selectman Emerson moved to adjourn the meeting. Motion carried. The meeting adjourned at 8:00 P.M.

Dennis E. McHugh,
Town Moderator

Mary E. St. Hilaire,
Town Clerk

and to vote on the following question:

“Shall the Town purchase additional group life and group accidental death and dismemberment insurance for employees in accordance with the provisions of Chapter 32B of the General Laws, with no premium contribution by the Town?”

The polls will be open from 8:00 A.M. to 8:00 P.M.; and to meet in the McCarthy Junior High School Gymnasium on Monday, the thirtieth (30th) day of April, 1984, at 7:30 P.M. o'clock in the evening, then and there to act upon the following Articles, Viz:

ARTICLE 1. To hear reports of Town Officers and Committees, or act in relation thereto.

Board of Selectmen

ARTICLE 2. To see if the Town will vote to amend the Personnel Wage and Salary By-Law to be effective July 1, 1984 as follows:

1. Under Section 6, "Classification of Present Town Employees", amend Subsection (E)—"Wage and Salary Schedule"—by deleting the existing schedule and substituting the following:

**E. WAGE AND SALARY SCHEDULE
July 1, 1984 — June 30, 1985**

Grade Level	Salary Range
1	\$ 8,583-\$11,845
2	9,871-13,622
3	11,158-15,398
4	12,445-17,174
5	13,734-18,953
6	15,020-20,728
7	16,309-22,506
8	17,596-24,282
9	18,882-26,057
10	20,172-27,837
11	21,458-29,612
12	22,746-31,389
13	24,033-33,166
14	25,320-34,942
15	26,609-36,720
16	27,895-38,495
17	29,184-40,274
18	30,471-42,050
19	31,757-43,825
20	33,047-45,605

2. Under Section 6 subtitled "Classification of Present Town Employees", delete the first and second paragraph and substitute the following in its place:

Each person who is an employee of the Town and under the jurisdiction of the Personnel Board, while this plan is effective, shall be classified in accordance with this plan and shall have their wage or salary established in the following manner, each such determination to be subject to the approval of the Personnel Board.

- A. Each appointing authority shall review the status of all its employees and assign each individually to the job classification most nearly corresponding to their duties and responsibilities.
3. Under Section 7 subtitled "Hiring of New Employees", delete paragraph (A) and substitute the following in its place:

(A) The wage or salary of a new employee shall be set by an appointed or elected Board at step 1.

Approval of the Personnel Board is required if the appointed or elected Board requests a salary in excess of step 1.

4. Under Section 8 subtitled "Increases Within Grade Levels and Promotions", delete paragraph (A) and substitute the following in its place:

(A) Newly hired employees and employees who are promoted or placed in a new position shall be given a performance evaluation upon completion of six (6) months in the new position. These employees may be recommended for a 1 step merit increase, the effective date of which will be the beginning of the next Fiscal Year or after 6 months employment, whichever comes last. Such increases must be recommended by the employee's Department Head and approved by the Personnel Board.

5. Under Section 10 subtitled "Review of Wage and Salary Rates and Use of Cost of Living Indexes", delete paragraph (A) and substitute the following in its place:

(A) Rates of pay for like positions in Chelmsford and other Massachusetts Towns considered by the Personnel Board to be comparable to Chelmsford.

6. Under Section 12 subtitled "Grievance Procedure", delete the entire section and substitute the following in its place:

Any dispute between an employee and his supervisor shall first be discussed with his supervisor. If a conference between the employee and his immediate supervisor fails to clear up any question to the satisfaction of the employee, he may refer the matter in writing to the appointing authority. If two weeks have elapsed since the submission of the matter in writing to the appointing authority and

the dispute is still unresolved, either party may appeal to the Personnel Board in writing stating all relative facts. This Board shall take the question under advisement, collecting such additional facts relating thereto as it may deem helpful, and it may, in its discretion, hold private or public hearings with respect to such question. Not later than 60 days after receipt of written submission of the matter to it, the Personnel Board shall render its decision which will be binding to all parties relative to the dispute.

7. Under Section 16 subtitled "Sick Leave", delete paragraph (A) and substitute the following in its place:

(A) All permanent employees of the Town, regardless of their length of service, will earn up to twelve (12) days sick leave per year at the rate of one day per month. At the end of the calendar year, each employee may carry over any unused sick leave balance so that an unlimited number of days may be accrued.

8. Under Section 17 subtitled "Leaves of Absence", delete paragraph (B) and substitute the following in its place:

(B) A maximum of ten (10) days per year will be provided for persons called into temporary active duty of any Unit of the U.S. Reserves or the State National Guard. Employees will be paid the difference between their regular pay and the pay which they receive from the State or Federal Government.

9. Under Section 26 subtitled "Bereavement and Funeral Leave", delete the entire section and substitute the following in its place:

(A) All full time, permanent employees covered by this plan shall be entitled to leave without loss of pay not to exceed three (3) days in the event of the death of the employee's spouse, children, parents, grandparents, mother-in-law, father-in-law, and siblings.

(B) Leave as provided by this section shall not be deducted from any vacation time to which the employee may be entitled.

(C) All full time permanent employees covered by this plan shall be entitled to leave without loss of pay not to exceed one (1) day in order to attend the funeral of the employee's sister-in-law or brother-in-law, aunts, uncles, nieces and nephews. Such leave shall not be deducted from any vacation time to which the employee may be entitled.

This amendment shall be applicable to all employees covered by this By-Law.

10. Under Section 24 subtitled "Job Titles and Standard Rates of Wages and Salaries of the Personnel Wage and Salary By-Law" by adding the following position:

Other Positions

11. Town Engineer

or act in relation thereto.

Personnel Board

ARTICLE 2A. Board of Selectmen

ARTICLE 55. To see if the Town will vote to amend the General By-Law Article VII — **Miscellaneous** — by adding Section 9 as follows:

"Section 9. Delivery of Unsolicited Written Material After Notice Prohibited.

It shall be unlawful for any person or corporation to deliver or cause to be delivered, except through the services of the U.S. Postal Service, any unsolicited written materials to any residential dwelling or business located within the Town after written notice has been sent to said person or corporation, by the owner, lessee or tenant of said residential dwelling or business that said written materials should not be delivered to that address. The required notice shall be sent by regular mail, postage prepaid, to any residence of usual place of business of the person or corporation delivering or causing to be delivered said unsolicited written material. Any delivery of unsolicited materials after the mail-

ing of said written notice shall be deemed a nuisance and placing said materials on private property within the Town after said notice shall be deemed littering the property and shall be punished by a fine of \$100.00 for each offense.;

or act in relation thereto.

Board of Selectmen

ARTICLE 56. To see if the Town will vote to amend the Zoning By-Law — **Section 1420—Site Plan Review**, by deleting **Subsection 1421** and **Subsection 1422** in their entirety and inserting the following:

"1421. Any construction, alteration, reconstruction, relocation or change of use for any of the categories contained in **Subsection 1423** shall be allowed only if granted a Special Permit by the Planning Board pursuant to the provisions of Massachusetts General Laws, Chapter 40A, Section 9. Said Special Permit shall be in the form of approval of a site plan submitted under **Section 1420—Site Plan Review** — of the Zoning By-Law. Said permit may impose conditions, safeguards and limitations on time and use. Special Permits shall only be issued following public hearings held within sixty-five days after filing of an application and site plan with the Planning Board, a copy of which shall forthwith be given to the Town Clerk and the Inspector of Buildings by the applicant. As provided in Chapter 40A, Section 9, granting Special Permits shall require a two-thirds vote of the Planning Board. Special Permits granted pursuant to this Section shall lapse within one year, including such time required to pursue or await the determination of an appeal referred to in Section 17 of Chapter 40A, from the time of the grant thereof, commenced except for good cause or in the case of permit for construction, if construction has not begun by such date except for good cause, the Inspector of Buildings shall review the proposed site plan and shall submit a report with recommendations not later than the time of the public meeting.

1422. No permit for the construction, alteration, reconstruction, relocation, occupancy or change of use shall be issued by the Inspector of Buildings for the categories listed in **Subsection 1423**, unless a Special Permit approving the Site Plan has been granted by the Planning Board."

And further amend **Section 1420—Site Plan Review** — by deleting the first paragraph of **Subsection 1424** and inserting the following:

"1424. Application for Special Permit and Site Plan.

A Site Plan shall be prepared and submitted together with an application for a Special Permit by the applicant in conformity with the following requirements:"

and further amend **Section 1420—Site Plan Review**—by deleting the first paragraph of **Subsection 1425** and inserting the following:

“1425. A Special Permit shall be granted by the Planning Board only upon its determination that the requirements of **Section 1520—Special Permit Criteria**, the applicable provisions of **Section 4500—Major Business Complexes**—and the following have been satisfied:”

and further amend **Section 1400—Site Plan Review**—by deleting **Subsection 1426** and inserting the following:

“1426. **Conformity.** A Special Permit and Approved Site Plan granted pursuant to **Section 1400** shall be incorporated into any building permit issued by the Inspector of Buildings on the site, and no occupancy permit shall be issued by the Inspector of Buildings unless construction is in full conditions, safeguards and limitations contained in the Special Permit. If construction fails to follow the Special Permit and Approved Site Plan, all permits shall be revoked until compliance is assured. No such revocation or suspension of permits shall be permitted to exceed six months duration without submission of a new Special Permit Application and Site Plan and supporting documents and review and approval as provided for in this Section. The Inspector of Buildings shall periodically inspect progress and compliance with provisions herein and with the approved site plan and shall take whatever action is required consistent with the above and with **Section 1230** for this By-Law. Where the site improvements required for conformity with this By-Law, including screening, landscaping, parking, off-street loading facilities, access roads and drives, and other similar required improvements are extensive, the approving authority, as provided herein, may require a performance bond or other performance guarantees in a form complying with those provided for in the Rules and Regulations of the Planning Board of the Town of Chelmsford. Such required performance guarantee shall be properly executed and submitted to the approval authority before any building or occupancy permits for the development shall be issued. Release of performance guarantee shall not occur until such time as construction has been completed in compliance with this By-Law and the Approved Site Plan;”

and to further amend **Section 1420—Site Plan Review**—by adding **Subsection 1427—Prior Non-Conforming Site Plans** as follows:

“a valid and legal site plan endorsed as approved by the Planning Board pursuant to the provisions of **Section 1420—Site Plan Review** of the Zoning By-Law prior to April 30, 1984 shall be exempt from the provisions of **Section 1421** through **1426** of this By-Law, but the same shall be governed and controlled by the provisions of **Section 1400** et seq. and

Section 4500 et seq. in effect on March 1, 1984, provided a building permit is obtained for construction on said site no later than September 30, 1984 and the applicant consents to the incorporation of the site plan in the building permit and continued conformance therewith being the basis for issuance of an occupancy permit;

or act in relation thereto.

Planning Board

ARTICLE 57. To see if the Town will vote to amend the Zoning By-Law, **Section 4500—Major Business Complexes**—by deleting **Subsection 4510** and inserting the following:

“4510. Any existing or proposed premises having more than 10,000 square feet gross floor area devoted to any use included in **Section 2300—Use Regulation Schedule**—under **Business Uses, Industrial Uses** and **Accessory Uses** shall be considered a Major Business Complex. Any construction, alteration, relocation or change of use resulting in such a complex shall be permitted only upon the granting of a Special Permit by the Planning Board pursuant to the provisions of Massachusetts General Laws, Chapter 40A, Section 9;”

and further amend **Section 4500** by deleting **Subsection 4530—Submittals**—and inserting the following:

“4530. **Submittals.** Two copies of the following shall be filed with the Planning Board as application for a Special Permit for a Major Business Complex or for rezoning to accommodate such a complex. Additional copies shall be filed with the Town Clerk and the Inspector of Buildings. The Planning Board shall neither sponsor nor favorably recommend any re-zoning of three or more acres to a commercial or industrial district unless such materials have been submitted to it at a public hearing;”

and further amend **Section 4500** by deleting **Subsection 4540—Decision Criteria**—and inserting the following:

“4540. **Decision Criteria.** Special Permits shall only be issued following public hearings held within sixty-five days after filing of an application and site plan with the Planning Board, a copy of which shall forthwith be given to the Town Clerk by the applicant. As provided in Chapter 40A, Section 9, granting Special Permits shall require a two-thirds vote of the Planning Board. Special Permits granted pursuant to this Section shall lapse within one year, including such time required to pursue or await the determination of an appeal referred to in Section 17 of Chapter 40A, from the time of the grant thereof, if a substantial use thereof has not sooner commenced except for good cause or in the case of permit for construction, if construction has not begun by such date except for good cause. Said per-

mit may impose conditions, safeguards and limitations on time and use. The Inspector of Buildings shall review the application for Major Business Complex and shall submit a report with recommendations not later than the time of the public meeting.

A Special Permit shall be granted by the Planning Board only upon its determination that the requirements of **Section 4500—Special Permit Criteria**—and the provisions of **Section 4500—Major Business Complexes**—have been met. The granting of a Special Permit pursuant to the provisions of **Section 1420—Site Plan Review**—shall be a prerequisite to the granting of a Special Permit for a Major Business Complex;”

and further amend the Zoning By-Law by amending **Section 2300—Use Regulation Schedule**—by adding after the subtitles Business Uses, Industrial Uses and Accessory Uses the following notation: (See **Section 4500** for Major Business Complexes:)

ANNUAL TOWN MEETING

APRIL 30, 1984

The Annual Town Meeting was called to order at 7:35 PM by the Moderator Dennis McHugh who recognized the presence of a quorum. There were 504 voters present.

The Moderator then introduced to the Town Meeting body, Dean Donald Boucher, of the Dickinson House at CHS. Dean Boucher spoke about the SADD program at CHS. This program is a nation wide organization of Students Against Drunk Driving, and CHS is the Chelmsford Chapter. Dean Boucher is One of the founding members and four students were present also as he explained the purpose of the program. The students were: Karen Currier, Karen Ames, Deanna Capasso, and Laura Novelline. The School Committee along with the Board of Selectman have proclaimed May as SADD Awareness Month, Dean Boucher and the students wanted the support of the Town Meeting Body and to also acknowledge the SADD program's existence. The Moderator asked for a voice vote, motion carried, unanimously.

Selectman Towle moved that the reading of the Constable's return of service and the posting of the warrant be waived. It was so voted, unanimously. Selectman Towle then moved that the reading of the entire warrant be waived. It was so voted, unanimously.

George Ripsom, Chairman of the Finance Committee moved to recess the Annual Town Meeting at 7:40 PM, in order to conduct a Public Budget Hearing of Federal Revenue Sharing Funds. Motion carried, unanimously.

George Ripsom discussed the Federal Revenue Sharing. The sum of \$700,000.00 will be available for use in fiscal year 1984-1985 and will be allocated as follows: Fire Department Salaries \$240,000.00, Police Department Salaries \$240,000.00. These amounts will be reflected in the department's budgets. Under Article 36 the amount of \$220,000. will be applied to the development of the Southwell Field in N. Chelmsford for recreational purposes. The sum of \$700,000.00 represents approximately 82¢ on the Tax rate. The Moderator asked for any discussion or questions, hearing none George Ripsom moved to have the Town Meeting Body accept for approval the Federal Revenue Sharing Funds amounts as presented. Motion carried, unanimously.

The Annual Town Meeting reconvened at 7:45 PM, motion was made by George Ripsom, motion carried unanimously.

UNDER ARTICLE 1 Selectman Towle moved to table this article until a further time during the Annual Town Meeting. Motion Carried, unanimously.

UNDER ARTICLE 2 Alan Murphy moved to amend the article by adding to line item 10 the following:

Administrative and Clerical 13. Assistant Town Accountant

Alan Murphy then spoke about the article itself and the amendment. The Finance Committee was in favor of the article and the amendment. The Moderator asked for a voice vote on the amendment, motion carried. He then asked for a voice vote on the entire article as amended, Motion carried, unanimously. The article reads as follows:

Alan Murphy, Chairman of the Personnel Board moved that the Town vote to amend the Personnel Wage and Salary By-law to be effective July 1, 1984 as follows:

1. Under Section, "Classification of Present Town Employees", amend Subsection (E)—"Wage and Salary Schedule"—by deleting the existing schedule and substituting the following:

E. WAGE AND SALARY SCHEDULE July 1, 1984 — June 30, 1985

11	21,458-29,612
12	22,746-31,389
13	24,033-33,166
14	25,320-34,942
15	26,609-36,720
16	27,895-38,495
17	29,184-40,274
18	30,471-42,050
19	31,757-43,825
20	33,047-45,605

2. Under Section 6 subtitled "Classification of Present Town Employees", delete the first and second paragraph and substitute the following in its place:

Each person who is an employee of the Town and under the jurisdiction of the Personnel Board, while this plan is effective, shall be classified in accordance with this plan and shall have their wage or salary established in the following manner, each such determination to be subject to the approval of the Personnel Board.

- A. Each appointing authority shall review the status of all its employees and assign each individually to the job classification most nearly corresponding to their duties and responsibilities.

3. Under Section 7 subtitled "Hiring of New Employees", delete paragraph (A) and substitute the following in its place:

(A) The wage or salary of a new employee shall be set by an appointed or elected Board at step 1.

Approval of the Personnel Board is required if the appointed or elected Board requests a salary in excess of step 1.

4. Under Section 8 subtitled "Increases Within Grade Levels and Promotions", delete paragraph (A) and substitute the following in its place:

(A) Newly hired employees and employees who are promoted or placed in a new position shall be given a performance evaluation upon completion of six (6) months in the new position. These employees may be recommended for a 1 step merit increase, the effective date of which will be the beginning of the next Fiscal Year or after 6 months employment, whichever comes last. Such increases must be recommended by the employee's Department Head and approved by the Personnel Board.

5. Under Section 10 subtitled "Review of Wage and Salary Rates and Use of Cost of Living Indexes", delete paragraph (A) and substitute the following in its place:

(A) Rates of pay for like positions in Chelmsford and other Massachusetts Towns considered by the Personnel Board to be comparable to Chelmsford.

6. Under Section 12 subtitled "Grievance Procedure", delete the entire section and substitute the following in its place:

Any dispute between an employee and his supervisor shall first be discussed with his supervisor. If a conference between the employee and his immediate supervisor fails to clear up any question to the satisfaction of the employee, he may refer the matter in writing to the appointing authority. If two weeks have elapsed since the submission of the matter in writing to the appointing authority and the dispute is still unresolved, either party may appeal to the Personnel Board in writing stating all relative facts. This Board shall take the question under advisement, collecting such additional facts relating thereto as it may deem helpful, and it may, in its discretion, hold private or public hearings with respect to such question. Not later than 60 days after receipt of written submission of the matter to it, the Personnel Board shall render its decision which will be binding to all parties relative to the dispute.

7. Under Section 16 subtitled "Sick Leave", delete paragraph (A) and substitute the following in its place:

(A) All permanent employees of the Town, regardless of their length of service, will earn up to twelve (12) days sick leave per year at the rate of one day per month. At the end of the calendar year, each employee may carry over any unused sick leave balance so that an unlimited number of days may be accrued.

8. Under Section 17 subtitled "Leaves of Absence", delete paragraph (B) and substitute the following in its place:

(B) A maximum of ten (10) days per year will be provided for persons called into temporary active duty of any Unit of the U.S. Reserves or the State National Guard. Employees will be paid the difference between their regular pay and the pay which they receive from the State or Federal Government.

9. Under Section 26 subtitled "Bereavement and Funeral Leave", delete the entire section and substitute the following in its place:

(A) All full time, permanent employees covered by this plan shall be entitled to leave without loss of pay not to exceed three (3) days in the event of the death of the employee's spouse, children, parents, grandparents, mother-in-law, father-in-law, and siblings.

(B) Leave as provided by this section shall not be deducted from any vacation time to which the employee may be entitled.

(C) All full time permanent employees covered by this plan shall be entitled to leave without loss of pay not to exceed one (1) day in order to attend the funeral of the employee's sister-in-law or brother-in-law, aunts, uncles, nieces and nephews. Such leave shall not be deducted from any vacation time to which the employee may be entitled.

This amendment shall be applicable to all employees covered by this By-Law.

10. Under Section 24 subtitled "Job Titles and Standard Rates of Wages and Salaries of the Personnel Wage and Salary By-Law" by adding the following position:

Other Positions

11. Town Engineer

Administrative and Clerical

13. Assistant Town Accountant

UNDER ARTICLE 2A Alan Murphy moved to amend this article due to typographical errors, proposed levels reflected the wrong figure and in some case the amount of monies to be expended. The changes are as follows:

Highway Superintendent change from 13 to 14. Police Captain change from 15 to 14 and Gas Inspector change from \$5,500 to \$6,000. The Moderator asked for a voice vote on the motion to amend. Motion carried. The Moderator asked for the Finance Committee's recommendation. The Finance Committee recommended the article as amended. A Voice vote was taken on the article, motion carried and reads as follows:

Alan Murphy, Chairman of the Personnel Board moved that the Town vote to amend the Personnel Wage and Salary By-law by further amending Section 24, Job Titles and Standard Rates for Wages and Salaries of the Personnel Wage and Salary By-law, to conform to rates of pay negotiated by the Town with certain labor organizations, pursuant to General Laws Chapter 150E, and to reflect current salaries and grade levels under the Personnel By-law as follows:

UNDER ARTICLE 3 George Ripsom of the Finance Committee spoke about the article. He explained that the Committee stayed within the guidelines of proposition 2½. The Moderator explained that the Town Meeting Body will take each department's budget individually for discussion and questions and at the end of the entire budget a final vote will be taken. The Moderator proceeded to read the individual budgets. Under the Cemetery Department, George Baxendale moved to amend line item 12. Expenses from 20,000. to 20,400. He explained that the union contract required uniforms for the four employee's, which would cost 100.00 per employee, for a total of \$400.00. The Moderator asked for a voice vote on the increased figure, motion carried, unanimously.

The Moderator then read the budget's of the Civil Defense through the Health Department. Under the Health Department, George Ripsom of the Finance Committee, moved to amend line item 34. Salaries from 86,828. to 81,549. Peter Dulchinos, member of the Board of Health spoke against the motion. He said that the Board of Health is a highly specialize department, and that the members wanted to bring the staff up to the same rate of surrounding towns. The Board of Health employees do not have step raises, the amount that is being presented is the amount that they feel is fair. If sometime in the fall the other Town Employees receive an increase due to negotiations in contracts etc., the staff of the Board of Health will not be qualified. Chelmsford's Board of Health has more laws to comply with then other towns, and stricter codes to follow because of this factor, the members feel that the increase is justified. After a lengthy discussion, the Moderator asked for a voice vote on the motion, which left the chair in doubt. He then asked for a show of hands, motion was defeated.

The Moderator then went on and read the Highway Department's budget through the Personnel Board's budget. At this time George Ripsom, of the Finance Committee moved to reconsider the Board of Health's budget. He felt that the Town Meeting body should consider the Finance Committee's recommendation. It was the intent of the committee to treat all departments fairly and the committee felt that their recommendation was in the best interest of the town. After a lengthy discussion, the Moderator asked for a voice vote on the motion to reconsider, motion defeated.

The Moderator then read the Planning Board's budget through the Recreation Department's budget. Robert Charpentier moved to amend line item 77. Salaries from 17,029 to 17,758 and line item 78. Expenses from 17,075 to 16,346. the budget's total would remain the same at 34,604.

The Moderator read the Registrar's Department budget and then the School Department's budget. George Ripsom of the Finance Committee requested that the School Department make a presentation to the Town Meeting body. Nicholas Gavriel, Chairman of the School Committee explained that the entire presentation would take at least one hour and it would be the same information that was given three weeks ago at the School Department's budget hearing. He asked the Moderator for an opinion of the Town Meeting body, if they in fact wanted to hear the presentation. The Moderator asked for a voice vote, the people did not want to hear the presentation. Superintendent Alan Bradshaw explained that the School Department had requested \$16,713,707, but agreed with the Finance Committee and the Board of Selectmen on the figure of \$16,585,721. until the monies from state reimbursement came in from the State some time in the fall. At which time then the School Department will come back to a special meeting asking for the difference between the two figures of \$127,986.

The Moderator proceeded and read the Sealer of Weights and Measures' budget, then the Selectmen's budget. At that time Philip Currier moved to amend the Selectmen's budget line item 86. Salaries, from 74,846. to 79,846. He felt that the Selectmen should receive an \$1000.00 increase each. The Finance Committee was against the motion. The Moderator asked for a voice vote on the motion to amend, motion defeated.

The Moderator continued on and read the Sewer Commission's budget through the Tree Warden's budget. George Ripsom of the Finance Committee moved that the Town Clerk's Budget be amended, line item 94. Salaries from 72,159. to 71,554. He stated that \$600.00 was requested, and due to the rating of the various departments and the salary survey which is going to be conducted among the dignitaries that a one step increase was recommended by the committee. The total department's figure would be 76,285. The Moderator asked for a voice vote on the motion to amend, motion carried.

The Moderator then went on and read the Varney playground's budget through the Unclassified Department budget, and then read the total figure needed to raise and appropriate for all the budgets in article three, which was \$25,994,074.00 and asked for a voice vote on this figure. The motion carried. Article three reads as follows:

James R. Doukaszewicz, Treasurer moved that the Town raise and appropriate the sum of \$25,994,074.00 to defray Town charges for the fiscal period from July 1, 1984 to July 30, 1985.

UNDER ARTICLE 10 Selectman Bonita Towle moved that the Town vote to raise and appropriate \$10,000.00 to pay reasonable hospital, medical and surgical, Chiropractic, nursing, pharmaceutical, prosthetic and related expenses, and reasonable charges for podiatry pursuant to the provisions of Chapter 41, Section 100B, for certain retired police officers and firefighters as

classified under Chapter 41 Section 100B of the Massachusetts General Laws, accepted by vote of the 1979 Annual Town Meeting.

The Finance Committee and the Board of Selectmen were both in favor of the article. A lengthy discussion took place. Norman Labrecque moved to table the article until Monday May 7, 1984. The motion was defeated by voice vote. The Moderator asked for a voice vote on the article motion carried.

UNDER ARTICLE 11 Selectman Bonita Towle moved that the Town vote to accept the provisions of Massachusetts General Laws, Chapter 32 B, Section 9E providing that the Town shall, in addition to the payment of fifty percent of a premium for contributory group life hospital and surgical, medical, dental and other health insurance for employees retired from the service of the Town, and their dependents, pay a subsidiary or additional rate.

Selectman Roger Blomgren thanked the Finance Committee for all the hours that the committee contributes toward the budget articles. He then went on stating that the Board of Selectmen were in favor of article 11 and asked the Town Meeting body for their support. If this article did not pass then the Selectmen would dismiss article 12. The Finance Committee was not in favor of the article. Edward Hilliard spoke against the article. After a lengthy discussion the Moderator asked for a voice vote on the article. Motion defeated. Selectman Ready questioned the vote. The following tellers came forward and a hand count was taken:

Jane Drury	William Yoder
Neil Lerer	Paul Villare
Carolyn Fenn	Dorothy Lerer
Philip Currier	Norman Labrecque
William Drury	John Tucker

The result of the hand count: Yes 126 No 187 Motion defeated.

UNDER ARTICLE 12 Selectman Bonita Towle moved to dismiss this article. Motion carried, unanimously.

UNDER ARTICLE 13 Selectman Bonita Towle moved that the Town vote to raise and appropriate the sum of \$1,800.00 to be used to join into Elder Services of Merrimack Valley, Inc. for the purpose of obtaining services for the care of the Town's Older Americans.

The Board of Selectman and the Finance Committee are in favor of the article. Motion carried, unanimously.

UNDER ARTICLE 14 Selectman Bonita Towle moved to dismiss this article. Norman Labrecque questioned the decision to dismiss. Selectman Ready stated that Article 74 would be where the monies would come from. The Moderator asked for a voice vote on the motion to dismiss. Motion carried, unanimously.

ADJOURNED ANNUAL TOWN MEETING

MAY 7, 1984

The Adjourned Annual Town Meeting was called to order at 7:40 PM, by the Moderator Dennis McHugh. There were 434 voters present.

The Moderator removed from the table article 1.

UNDER ARTICLE I Selectman Bonita Towle moved that the reports of Town Officers and Committees be heard.

Selectman Towle moved to hear nominations from the floor for the Varney Playground Commission. Motion Carried. Selectman Towle moved to nominate Harry Ayotte for a three year term. The Moderator asked for any more nominations from the floor, hearing none, the Moderator declared that nominations were closed. The Moderator asked for a voice vote on Harry Ayotte as commissioner for three years. It was so voted unanimously. The Moderator then explained that there was another opening on the Varney Playground Commission for an unexpired two year term. Norbert J. McHale was nominated to fill that position. Hearing no more nominations, the Moderator declared nominations closed. A voice vote was taken on Norbert McHale as commissioner for unexpired two year term. It was so voted, unanimously.

Selectman Towle moved to take Article 64 out of order. Motion carried, by voice vote.

UNDER ARTICLE 64 Selectman Towle read a letter to the Town Meeting body from Attorney Joseph Shanahan, who represented the petitioner's, stating that they wished to withdraw the article at this time from the warrant. A discussion followed. A question was raised if in fact this article could come back to the Town Meeting body for approval or disapproval. Town Counsel James Harrington explained that the article itself could keep coming back on the floor during this meeting only. However, by withdrawing the article from the warrant as the petitioner's proposed to do, the article could be placed on the warrant for any future Town Meetings. If the article was actually voted on as presented in the warrant in it's entirety and defeated then it could not be placed on any Town Meeting warrant for two years. A discussion followed.

The Moderator asked for a voice vote on the motion to withdraw, motion carried.

UNDER ARTICLE 16 Selectman Bonita Towle moved that the Town vote to raise and appropriate \$95,000.00 to alleviate certain drainage problems existing in the Town.

Selectman Towle read a list of roads which will be worked on: Turnpike Road, Robin Hill Road Westford Road (near Lupien's Orchard), Maple Road, Garrison Rd, Lord Road, Claude Road, Park Road, North Road, Mill Road, Richardson Road, Freeman Road, and Noble Drive. The Finance Committee supports the article. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 17 Selectman Bonita Towle moved that the Town vote to raise and appropriate \$50,000.00 for the purpose of purchasing five (5) new four door sedan police cruisers, said purchase to be made under the supervision of the Board of Selectmen.

The Board of Selectmen support the article. The Finance Committee recommends the article, Motion carried, unanimously, by voice vote.

UNDER ARTICLE 18 Selectman Bonita Towle moved that the Town vote to raise and appropriate \$34,325.00 for the purpose of completing the following repairs and replacements to Fire Department Buildings and equipment, under the supervision of the Board of Selectmen:

1. Roof Repairs - North Fire Station
2. Roof Repairs - South Fire Station
3. A 12 circuit entrance cabinet with accessories to receive fire alarms

The Finance Committee supports the article. Deputy Chief James Sousa explained the article. A voice vote was taken, motion carried, unanimously.

UNDER ARTICLE 19 Selectman Bonita Towle moved that the Town vote to authorize the Board of Selectmen to sell by good and sufficient bill of sale equipment presently being used by the Highway Department, Police Department and Fire Department.

The Finance Committee supports the article. Motion carried, unanimously.

UNDER ARTICLE 20 Chairman of the Cemetery Commissioners, Charlotte DeWolf, moved that the Town vote to transfer the sum of \$15,000.00 from the sales of graves and lots to the Cemetery Improvement and Development Fund.

The Finance Committee supports the article. Motion Carried, unanimously.

UNDER ARTICLE 21 George Ripsom of the Finance Committee moved to amend the article by deleting \$4,000.00 item B. Breathalyzer from the article for a total figure of 18,000.00. The Moderator asked for a voice vote on the motion to amend, which left the chair in doubt. He then asked for a show of hands, motion carried to amend. Edward Hilliard presented to the Town Meeting body a presentation about the accuracy of the hand held radar units. After a lengthy discussion, he moved to delete this line item C. from the motion, and reduce the figure to \$13,000.00. The Moderator asked for a voice vote on the motion to amend, motion defeated. He then asked for a voice vote on the main motion as amended, motion carried. The article reads as follows:

Selectman Bonita Towle moved that the Town vote to raise and appropriate \$18,000.00 for the purpose of completing the following repairs and purchasing the following equipment for the Police Department, said contracts to be made under the supervision of the Board of Selectmen:

- a. One (1) Telephone Recording System
- b. Five (5) Hand Held Radar Units
- c. Four (4) Mobile Radio Units
- d. Video Taping Equipment.

UNDER ARTICLE 22 Chief Reid of the Fire Department moved that the Town vote to transfer from the Stabilization Fund \$125,000.00 for the purpose of purchasing a new 1,000 G.P.M. Pumping Engine for the Fire Department, said purchase to be made in accordance with Chapter 48, Section 42 of the General Laws.

The Finance Committee recommends the article. Motion carried.

The Moderator proceeded on with the next two articles, James Harrington, Town Counsel made a point of order. Due to article 22 being a transfer from the Stabilization Fund the vote needed to a $\frac{2}{3}$'s or unanimous vote. The Moderator then asked the Town Meeting Body to vote on article 22 again. Motion carried, unanimously.

UNDER ARTICLE 23 Selectman Bonita Towle moved that the Town vote to raise and appropriate \$10,000.00 for the purpose of mosquito control under the supervision of the Board of Health.

Peter Dulchinos, of the Board of Health asked for support of the article. The Finance Committee supports the article. Motion carried, unanimously.

UNDER ARTICLE 24 Chairman of the Cemetery Commissioners, Charlotte DeWolf, moved that the Town vote to raise and appropriate \$10,000.00 for the purpose of purchasing a Truck Chassis Cab, F350 or equivalent for the Cemetery Department.

The Finance Committee supports the article. Motion carried, unanimously.

UNDER ARTICLE 25 Selectman Ready moved to amend the article by deleting the words "and North Road" and adding and include a traffic light at the Chelmsford Mall. A lengthy discussion followed. Selectman Ready explained that if the traffic could be control at Chelmsford Street and Fletcher street it would alleviate the traffic connected with the ballfields. Then the traffic would be controlled again at Chelmsford Street and Golden Cove with the present lights, and once a light was installed at the Chelmsford Mall, the flow would be easier all together on Chelmsford Street. John Conrad asked if this light at the Chelmsford Mall would be guaranteed, Selectman Ready assured him it would be. The Moderator asked for a voice vote on the motion to amend, Motion carried. The Moderator then asked for a voice vote on the main motion as amended. Motion carried, unanimously. The article reads as follows:

Selectman Bonita Towle moved that the Town vote to raise and appropriate \$35,000.00 for the purpose of Traffic Study and Engineering Design to alleviate traffic problems on Fletcher and Chelmsford Street and include a traffic light at the Chelmsford Mall.

UNDER ARTICLE 26 Selectman Bonita Towle moved that the Town vote to raise and appropriate \$30,000.00 for the demolition of the North School.

Selectman Paul Hart explained the purpose of the article, and asked the Town Meeting Body for it's support. Ruth Delancy, Chairman of the Housing Authority explained that the Authority has applied for funds for an Elderly Housing on that site. The authority will not know until the end of May if Chelmsford will or will not be eligible. In the event that the authority does not receive any money then something should be done to the building on the present site. Harry Foster felt that the Town should wait until it was absolutely sure that the buildings could never be used again. The Moderator asked for a voice vote on the article. Motion carried.

UNDER ARTICLE 27 Park Commissioner Robert L. Wetmore, moved that the Town vote to raise and appropriate \$6,000.00 to purchase one (1) 1984 Tractor with attachments, and to sell by good and sufficient bill of sale one (1) 1973 Tractor with attachments presently used by the Park Department.

The Finance Committee recommends the article. Motion carried, unanimously.

UNDER ARTICLE 28 Town Counsel James Harrington, moved to amend the article by deleting the word transfer. The Moderator asked for a voice vote on the motion to amend, motion carried, unanimously. The article reads as follows:

Paul McCarthy of the Board of Health, moved that the Town vote to raise and appropriate, the sum of \$10,500.00 for the purpose of preparing engineering design plans and other engineering services required for the closure of the Swain Road Landfill.

Norman LaBrecque questioned the cost involved. John Emerson of the Board of Health explained that because of the EPA regulations involved, this amount was needed. The Moderator asked for a voice vote on the article, motion carried, unanimously.

UNDER ARTICLE 29 Paul McCarthy of the Board of Health, moved that the Town vote to raise and appropriate \$5,000.00 for the purpose of collecting household hazardous waste on a specific day under the supervision of the Board of Health.

Peter Dulchinos, member of the Board of Health spoke about the article. He said that possibly sometime in the fall people would have the chance to dispose of their paint thinners, old oil etc. Jean Rook of the League of Women voters stated that the League was in favor of the article. The Finance Committee supported the article. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 30 Chairman of the Sewer Commission, John Emerson moved that the Town vote to borrow \$1,020,000.00 for the purpose of designing lateral sewers, interceptor sewers, pumping stations and force mains to serve the Phase IA and Phase IB sewer service areas as described in the 1984 "Facility Plan for Wastewater Management", including North Chelmsford, Chelmsford Center and the Industrial Area off Billerica Road; and for related legal, administrative and other pertinent expenses; to authorize the Sewer Commission with the consent of the Board of Selectmen or Town Meeting to acquire by purchase, eminent domain or otherwise all easements and rights concerning land necessary in conjunction with the project; to determine how any such appropriation shall be raised, whether by transfer of available funds, by taxation, by borrowing or otherwise, and if by borrowing, the Town Treasurer with the approval of the Board of Selectmen be authorized to borrow under G.L. Chapter 44 as amended and supplement the issue and sell general obligations

bonds or notes of the Town therefor; that the Sewer Commission be authorized to apply for, accept and expend any State and Federal grants that may be available for the project.

John Emerson explained the article. The Finance Committee supported this article and article 31 also. The Board of Selectmen were in favor of the article. Gary Francis Frascarelli, expressed concern for the East Chelmsford residents. He wanted to make sure that East Chelmsford was not forgotten in the planning. John Emerson explained that East Chelmsford problems were not as extreme as other areas, as a result they are included in the twenty year plan, but not at this beginning part of the phase. The areas being addressed now are those that are in desperate need of sewage. When more monies become available within the twenty year plan, East will receive sewage at that time. After a lengthy discussion, Brad Emerson moved the question to stop debate. The Moderator asked for a voice vote which left the chair in doubt. The following tellers came forward and a hand count was taken:

George Baxendale
Carl Olsson
Edward Hilliard
Jane McKerzie
Ruth Delaney
Dorothy Lerer

Neil Lerer
Philip Currier
Norman Labrecque
Carolyn Fenn
Connie Fabien

The result of the hand count Yes 334 No 24 motion carried to stop debate. The Moderator asked for a voice vote on the article, which left the chair in doubt, the tellers came forward and a hand count was taken, a $\frac{2}{3}$'s vote was required: Yes 361 No 16 Motion carried.

UNDER ARTICLE 31 John Emerson of the Sewer Commission, moved to amend the article by adding the following sentence to the end of the article:

Acceptance of this article and the expenditure of any funds authorized by it shall be contingent upon approval by the town for an exemption from Proposition 2½ limitations to the extent of repaying any bonding authorized herein.

A discussion took place. Brad Emerson moved the question to stop debate. The Moderator attempted a voice vote, which left the chair in doubt. The tellers came forward and a hand count was taken. A $\frac{2}{3}$'s vote was needed Yes 263 No 90, motion carried to stop debate. The Moderator then asked for a voice vote on the motion to amend. Motion carried. Further discussion took place on the main motion as amended. James Harrington moved to amend by adding the following sentence to the end of the main motion as amended:

Approval for an exemption of Proposition 2½ shall be by ballot vote at either a state or local election as required by statute.

More discussion took place. Henrick Johnson, Chairman of the Planning Board stated that the Planning Board unanimously supported the article. The Finance Committee supported the amendment and the article also. Elias Safdie moved the question to stop debate. The Moderator asked if there was any need for further discussion, hearing none, he then asked for a voice vote on the motion to amend. Motion carried. Edward Peik moved to amend the article by deleting the words "Federal Grants" from the wording. The Moderator asked for a voice vote on this motion to amend. Motion defeated. James Frank-Mills moved the question to stop debate. The Moderator asked if there was a need for further discussion, hearing none he asked for a voice vote on the article as amended in it's entirety. Motion carried, unanimously. And the article reads as follows:

John Emerson of the Sewer Commission, moved that the Town vote to borrow \$8,895,000.00 as the local share of the cost for the purpose of constructing lateral sewers, interceptor sewers, pumping stations and force mains to serve the Phase 1A and Phase 1B sewer service areas as described in the 1984 "Facility Plan for Wastewater Management", including North Chelmsford, Chelmsford, Center and the Industrial Area off Billerica Road; for the purpose of reimbursing the City of Lowell for Chelmsford's share of the Regional interceptor sewers and treatment facilities, and for related legal, administrative and other pertinent expenses; to authorize the Sewer Commission, with the consent of the Board of Selectmen or Town Meeting, to acquire by purchase, eminent domain or otherwise all easements and rights concerning land necessary in conjunction with the project to determine how any such appropriation shall be raised, whether by transfer from available funds, by taxation, by borrowing or otherwise, and if by borrowing, the Town Treasurer with the approval of the Board of Selectmen be authorized to borrow under G.L. Chapter 44, as amended and supplemented, and to issue and sell general obligation bonds or notes of the Town therefor; that the Sewer Commission be authorized to apply for, accept and expend any State and Federal grants and local monies that may be available for the project; that betterments shall be assessed based on sewer units in conjunction with the lateral sewer construction, in accordance with the applicable provisions of the General Laws of the Commonwealth; and to accept the provisions of Chapter 80, Section 13B of Massachusetts General Laws. Acceptance of this article and the expenditure of any funds authorized by it shall be contingent upon approval by the Town for an exemption from Proposition 2½ limitations to the extent of repaying any bonding authorized herein. Approval for an exemption of Proposition 2½ shall be by ballot vote at either a state or local election as required by statute.

UNDER ARTICLE 32 Chief of Police Raymond McKeon, moved that the Town vote to raise and appropriate \$85,000.00 for the purpose of implementing a Drug Task Force within the Police Department.

The Finance Committee did not recommend the article. Chairman of the Drug Abuse Committee Joseph Maher, explained the purpose of the article. He said it would require the hiring of three additional policemen to the present force. These new officers would not be the personnel involved with the task force. Three experience officers would be used from the force. He asked the Town Meeting body for their support. Norman Labrecque spoke against the article. ADJOURNED ANNUAL TOWN MEETING

MAY 21, 1984

The Adjourned Annual Town Meeting was called to order at 7:35 PM, by the Moderator Dennis McHugh. There were 516 voters present.

The Moderator explained the Town Meeting procedure to the voters. He explained that at any time during tonight's meeting an article can be brought back on the floor for reconsideration, and this could happen an unlimited amount of times. He urged the voters to stay until the end of the meeting, and not just for their particular article of interest. He also asked that any debates or presentations be limited to a reasonable amount of time.

UNDER ARTICLE 47 Selectman Bonita Towle, moved that the Town vote to amend its General By-Laws, Article VI - **Police Regulation** - by adding Section 20 as follows:

"Section 20 - Prohibition on Unauthorized Parking in Designated Handicapped Parking Spaces in Private or Public Ways,

1. It shall be unlawful to park a motor vehicle in a parking space reserved and designated for use by vehicles of handicapped persons, whether located on public or private ways or properties, unless authorized to do so by the terms of this by-law or the General Laws of the Commonwealth of Massachusetts.
2. A fine of \$15.00 shall be imposed for the unauthorized parking of a motor vehicle in a space reserved and designated for use by vehicles of handicapped persons, pursuant to the authority of Chapter 90, Section 21C of the Massachusetts General Laws.
3. The Police Department and all members thereof assigned to traffic duty, are hereby authorized to remove and tow away, or have removed and towed away by commercial towing services, at the sole expense of the owner of said motor vehicle, any motor vehicle left unattended or parked in a parking space reserved and designated for use by a vehicle of a handicapped person, unless said vehicle shall be designated as a vehicle of a handicapped person. Motor vehicles so towed away shall be stored in a safe place and restored to the owner or operator of the expenses incurred in said removal and storage.
4. Violation of this By-Law shall be punishable as provided in General By-Law, Article 1.
5. In the absence of the operator of any motor vehicle violating any provision of this By-Law, it shall be deemed that the registered owner of such vehicle was the operator.
6. Any motor vehicle bearing a handicapped parking permit or motor vehicle registration plate designating the vehicle as one used by a handicapped person shall be authorized to park in a designated handicapped parking space. The Chief of Police, his designee, or the Town Clerk may issue a temporary Handicapped Parking Permit to any person upon application with supporting medical affidavit signed by a licensed physician designating the applicant as physically handicapped. Said Temporary Permit shall be issued with an expiration date not to exceed sixty (60) days from the date of issue and shall be displayed in the front right windshield of any vehicle parked in a designated handicapped parking space.
7. The unauthorized use of a Temporary Permit shall be punishable by a fine of \$50.00

Johnson Jr. read the board's recommendation: The Planning Board held a Public Hearing on March 28, 1984 and the Planning Board unanimously voted to recommend in favor of this article. Attorney James Geary moved to amend the article, by changing the dates in section 1427. The Finance Committee asked for the Planning Board's recommendation on the amend-

ment. Henrick Johnson stated that this was the first time any discussion came up concerning the article, nothing was said at the public hearing. He felt that the Board could not at this time give a opinion one way or the other. The Finance Committee does not recommend the amendment. The Moderator asked for a voice vote on the motion to amend, motion defeated. James Geary moved to amend the article by adding additional wording to subsection 1427. A discussion followed, the Moderator asked for a voice vote on the motion to amend. Motion defeated. The Moderator then asked for a voice vote on the article, motion carried unanimously and reads as follows:

Chairman of the Planning Board Henrick R. Johnson, moved that the Town vote to amend the Zoning By-Law—Section 1420—Site Plan Review by deleting Subsection 1421 and Subsection 1422 in their entirety and inserting the following:

"1421. Any construction, alteration, reconstruction, relocation or change of use for any of the categories contained in **Subsection 1423** shall be allowed only if granted a Special Permit by the Planning Board pursuant to the provisions of Massachusetts General Laws, Chapter 40A, Section 9. Said Special Permit shall be in the form of approval of a site plan submitted under **Section 1420—Site Plan Review**—of the Zoning By-Law. Said permit may impose conditions, safeguards and limitations on time and use. Special Permits shall only be issued following public hearings held within sixty-five days after filing of an application and site plan with the Planning Board, a copy of which shall forthwith be given to the Town Clerk and the Inspector of Buildings by the applicant. As provided in Chapter 40A, Section 9, granting Special Permits shall require a two-thirds vote of the Planning Board. Special Permits granted pursuant to this Section shall lapse within one year, including such time required to pursue or await the determination of an appeal referred to in Section 17 of Chapter 40A, from the time of the grant thereof, commenced except for good cause or in the case of permit for construction, if construction has not begun by such date except for good cause, the Inspector of Buildings shall review the proposed site plan and shall submit a report with recommendations not later than the time of the public meeting.

1422. No permit for the construction, alteration, reconstruction, relocation, occupancy or change of use shall be issued by the Inspector of Buildings for the categories listed in **Subsection 1423**, unless a Special Permit approving the Site Plan has been granted by the Planning Board."

And further amend **Section 1420—Site Plan Review**—by deleting the first paragraph of **Subsection 1424** and inserting the following:

"1424. Application for Special Permit and Site Plan.

A Site Plan shall be prepared and submitted together with an application for a Special Permit by the applicant in conformity with the following requirements:"

and further amend **Section 1420—Site Plan Review**—by deleting the first paragraph of **Subsection 1425** and inserting the following:

"**1425.** A Special Permit shall be granted by the Planning Board only upon its determination that the requirements of **Section 1520—Special Permit Criteria**, the applicable provisions of **Section 4500—Major Business Complexes**—and the following have been satisfied:"

and further amend **Section 1400—Site Plan Review**—by deleting **Subsection 1426** and inserting the following:

"**1426. Conformity.** A Special Permit and Approved Site Plan granted pursuant to **Section 1400** shall be incorporated into any building permit issued by the Inspector of Buildings on the site, and no occupancy permit shall be issued by the Inspector of Buildings unless construction is in full conditions, safeguards and limitation contained in the Special Permit. If construction fails to follow the Special Permit and Approved Site Plan, all permits shall be revoked until compliance is permitted to exceed six months duration without submission of a new Special Permit Application and Site Plan and supporting documents and review and approval as provided for in this section. The Inspector of Buildings shall periodically inspect progress and compliance with provisions herein and with the approved site plan and shall take whatever action is required consistent with the above and with **Section 1230** for this By-Law, including screening, landscaping, parking, off-street loading facilities, access roads and drives, and other similar required improvements are extensive, the approving authority, as provided herein, may require a performance bond or other performance guarantees in a form complying with those provided for in the Rules and Regulations of the Planning Board of the Town of Chelmsford. Such required performances guarantee shall be properly executed and submitted to the approval authority before any building or occupancy permits for the development shall be issued. Release of performance guarantee shall not occur until such time as construction has been completed in compliance with this By-Law and the Approved Site Plan;"

and to further amend **Section 1420—Site Plan Review**—by adding **Subsection 1427—Prior Non-Conforming Site Plan** as follows:

"A valid and legal site plan endorsed as approved by the Planning Board pursuant to the provisions of **Section 1420—Site Plan Review** of the Zoning By-Law prior to April 30, 1984 shall be exempt from the provisions of **Section 1421 through 1426** of this By-Law, but the same shall be governed and con-

trolled by the provisions of **Section 1400 et seq.** and **Section 4500 et seq.** in effect on March 1, 1984, provided a building permit is obtained for construction on said site no later than September 30, plan in the building permit and continued conformance therewith being the basis for issuance of an occupancy permit."

UNDER ARTICLE 57 Chairman of the Planning Board, Henrick R. Johnson read the Planning Board's recommendation: The Planning Board held a Public Hearing on March 28, 1984, and the majority (4-2) of the Planning Board voted to recommend in favor of this article. The Finance Committee recommended the article. The Moderator asked for a voice vote, motion carried, unanimously, and reads as follows:

Chairman of the Planning Board Henrick R. Johnson, moved that the Town vote to amend the Zoning By-Law, **Section 4500—Major Business Complexes**—by deleting **Subsection 4510** and inserting the following:

"**4510.** Any existing or proposed premises having more than 10,000 square feet gross floor area devoted to any use included in **Section 2300—Use Regulation Schedule**—under **Business Uses, Industrial Uses and Accessory Uses** shall be considered a Major Business Complex. Any construction, alteration, relocation or change of use resulting in such complex shall be permitted only upon the granting of a Special Permit by the Planning Board pursuant to the provisions of Massachusetts General Laws, Chapter 40A, Section 9;"

and further amend **Section 4500** by deleting **Subsection 4530—Submittals**—and inserting the following:

"**4530. Submittals.** Two copies of the following shall be filed with the Planning Board as application for a Special Permit for a Major Business Complex or for re-zoning to accommodate such a complex. Additional copies shall be filed with the Town Clerk and the Inspector of Buildings. The Planning Board shall neither sponsor nor favorably recommend any re-zoning of three or more acres to a commercial or industrial district unless such materials have been submitted to it at a public hearing;"

and further amend **Section 4500** by deleting **Subsection 4540—Decision Criteria** and inserting the following:

"**4540. Decision Criteria.** Special Permits shall only be issued following public hearings held within sixty-five days after filing of an application and site plan with the Planning Board, a copy of which shall forthwith be given to the Town Clerk by the applicant. As provided in Chapter 40A, Section 9, granting Special Permits shall require a two-thirds vote of the Planning Board. Special Permits granted pursuant to this Section shall lapse within one year, including such time required to pursue or await the determination of an appeal referred to in Section

17 of Chapter 40A, for the time of the grant thereof, if a substantial use thereof has not sooner commenced except for good cause or in the case of permit for construction, if construction has not begun by such date except for good cause. Said permit may impose conditions, safeguards and limitations on time and use. The Inspector of Buildings shall review the application for Major Business Complex and shall submit a report with recommendations not later than the time of the public meeting.

A Special Permit shall be granted by the Planning Board only upon its determination that the requirements of Section 4500—Special Permit Criteria— and the provisions of Section 4500—Major Business Complexes—have been met. The granting of a Special Permit pursuant to the provisions of Section 1420—Site Plan Review—shall be a prerequisite to the granting of a Special Permit for a Major Business Complex;”

and further amend the Zoning By-Law by amending Section 2300—Use Regulation Schedule—by adding after the subtitles Business Uses, Industrial Uses and Accessory Uses the following notation: (See Section 4500 for Major Business Complexes;)

UNDER ARTICLE 58 Chairman of the Planning Board, Henrick Johnson moved that the Town vote to amend the Zoning By-Law by deleting subsection 2560—Conversion of Dwelling Units—and inserting the following:

“2560. Alteration of a single family dwelling existing at the time of adoption of this by-law, for occupancy by not more than two families is permitted in accordance with Section 2300 of this by-law, provided that the lot contains not less than 15,000 square feet in the R C Zone, C B Zone or D D Zone and not less than 30,000 square feet in an R B Zone or R A Zone: That the exterior design of the structure is not changed from the character of a single family dwelling; and provided further that at least 600 square feet be provided for each resulting dwelling unit; and further amend the Zoning By-Law by amending Section 2300—Use Regulations Schedule—Residential Uses, Conversion of Dwellings, to read

Chairman of the Planning Board Henrick Johnson read the board’s recommendation: The Planning Board held a public hearing on March 28, 1984, and voted unanimously to recommend in favor of this article.

A lengthy discussion followed. Norman Labrecque spoke against the article. The Board of Selectmen were against the article and urged the Town Meeting Body to defeat the article. The Moderator asked for a voice vote on the article. Motion defeated.

UNDER ARTICLE 62 Chairman of the Planning Board Henrick Johnson moved that the Town vote to amend the Zoning by-law by deleting subsection 4210—General—in its entirety and substituting the following:

“4210. General. No operation for the removal of sod, loam, humus, clay, sand or gravel, and no land fill operations shall be permitted except in accordance with the conditions and procedures contained herein. The provisions of this Section shall not apply to removal or filling incidental to the construction of a building, at the site of removal or filling, for which is not more than six months old, or for grading or otherwise improving the premises around the building. The provisions of this Section shall not apply to a lot located in a Residential District containing an existing residential dwelling provided a plan of the proposed work has been submitted to the Inspector of Buildings and a Residential Earth Removal or landfill Permit has been issued by him upon determination of compliance of said plans with the requirements of this by-law. Any fill material imported to the site pursuant to these exceptions shall be inorganic material and further provide that any such earthwork-final grades, planting and landscaping is constructed with due regard for the protection of persons and property adjacent to the site, and at no time will a slope exceed 3-1. Any site within 100 feet of a wetlands would further have to meet the provisions of the

Conservation Commission. The provisions of this Section shall not apply to any Town operated or Town Maintained land fill.

Chairman of the Planning Board, Henrick Johnson read the board’s recommendation: The Planning Board held a public hearing on March 28, 1984, and voted unanimously to recommend in favor of this article. The Finance Committee and the Board of Selectmen recommend the article. Motion carried, unanimously.

UNDER ARTICLE 63 Selectman Bonita Towle, moved that the Town vote to amend the Zoning By-law and Zoning Map to change from General Residence (RC) District to Single Residence (RB) District the following described parcel land owned by South Chelmsford Gun & Rod Club, Inc.:

Beginning at a point on the westerly side of Turnpike Road at land belonging to Chelmsford Water District, thence,

NORTHWESTERLY along Turnpike Road, one thousand thirty feet (1,030), more or less; thence

WESTERLY forty-three feet (43) to land to Chelmsford Acres II; thence

SOUTHWESTERLY along land of Chelmsford Acres II, one thousand six hundred feet (1,600), more or less; thence

WESTERLY still along Chelmsford Acres II, two hundred fifteen feet (215), more or less thence

SOUTHERLY by other land of South Chelmsford Gun & Rod Club, Inc., five hundred eighty-five feet (585), more or less, to Mill Road; thence

EASTERLY by Mill Road, five hundred fifty feet (550), more or less; thence

NORTH AND NORTHEASTERLY, two hundred feet (200), more or less, and five hundred forty feet (540), more or less; thence

SOUTHWESTERLY, forty feet (40), more or less; thence

NORTHEASTERLY, one hundred thirty feet (130), more or less, to land of Chelmsford Water District; thence

NORTHWESTERLY by land of Chelmsford Water District, two hundred thirty, (230) feet, more or less; thence

NORTHWESTERLY still by land of Chelmsford Water District, two hundred fifty feet (250), to point of beginning.

Selectman Dennis Ready spoke against the South Chelmsford Gun & Rod Club being able to sell the land at its present zoning of RC. He explained to the Town Meeting body that the land had been changed to a RC zone to allow use of a club house facility. He also explained that the Town sold the club the land for \$1.00 for recreational purposes and a reverter clause was attached that the land would be returned to the Town if the land was not to be used for recreational purposes. However, a state law dropped all reverter clauses if not acted upon by a certain time. Because of this, the club wanted to sell the land to a developer, and the Town would not be able to obtain the land unless they were to purchase it. A number of residents spoke on the article. They felt that the club took advantage of the town and that it was through a legal technicality that they can sell the land, but morally it was not right. The Planning Board Chairman Henrick Johnson gave the board's recommendation: The Planning Board held a public hearing on March 28, 1984 and voted unanimously to recommend in favor of this article. The Moderator asked for a voice vote on the article. Motion carried, unanimously.

The Finance Committee recommends the article. The Moderator asked for a voice vote on the article, motion carried, unanimously.

UNDER ARTICLE 68 Joseph McHugh moved to amend the article by deleting the last sentence of the article. A discussion followed. The Finance Committee supports the article. The Chairman of the Planning Board, Henrick Johnson gave the board's recommendation: The Planning Board held a public hearing on April 25, 1984

and voted unanimously against this article in its present form. The Moderator asked for a voice vote on the motion to amend. Motion carried, unanimously, the article reads as follows:

Joseph McHugh moved that the Town vote to amend the Zoning By-law Section 1420—Site Plan Review by deleting Subsection 1425 (1) in its entirety and inserting the following:

“1425 (a). Internal circulation and egress are such that traffic flow is adequately served and the safety of individuals is protected, and further that access via minor streets serving residential neighborhoods is minimized. Specifically, access and egress should not be routed to streets or portions of streets adjoining residentially zoned or used land, if alternate access and egress is available.

Paul Bienvenu spoke against the article. Barry Pearson of the Business Men Assoc. asked the Town Meeting Body to defeat the article. Joseph McHugh and Tom Henstock gave a brief presentation and asked for the Town Meeting support. After a lengthy discussion Grace Moore moved the question to stop debate. Motion carried, unanimously. The Moderator asked for a voice vote on the article, which left the chair in doubt, the tellers came forward and a hand count was taken. A $\frac{2}{3}$'s vote is needed, result, Yes 263 No 141, motion defeated.

UNDER ARTICLE 69 Joseph McHugh Jr., Petitioner, moved that the Town vote to amend the Zoning By-law Section 1420—Site Plan Review, by adding a new subsection 1425 (1).

“(1) Any Industrial or Commercial building in excess of 100,000 square feet, located on a minimum lot of 7.0 acres (not including wetland) must be tied directly to the Town of Chelmsford's public sewer system or a private, on-site waste treatment system and/or any Industrial or Commercial building in excess of 15,000 square feet of building per acre must be tied directly to the Town of Chelmsford's public sewer system or private, on-site, waste treatment system.”

Constable of Chelmsford

SPECIAL TOWN MEETING November 19, 1984

The Special Town Meeting was called to order at 7:35 PM at the McCarthy Junior High Auditorium. The Moderator Dennis McHugh, recognized the presence of a quorum. There were 395 voters present. Selectman Towle, moved that the reading of the Constable's return of service and the posting of the warrant be waived. Motion carried, unanimously. Selectman Towle then moved that the reading of the entire warrant be waived. Motion carried, unanimously.

The Moderator then read a proclamation issued by the Board of Selectmen which declared Sunday December 2, 1984 as "Light a Candle Day". This is the day that all the lights throughout the center that have been provided for by the Holiday Celebration Committee will be lit. And the committee requests that all those homes around the Center and in Chelmsford put one white candle in the window which symbolizes peace.

UNDER ARTICLE 1 Nicholas Gavriel Chairman of the School Committee, moved that the Town vote to transfer from free cash the sum of Eighty Thousand and no/100 (80,000.00) dollars to the School Department, Line Item 83.

Superintendent of Schools Alan Bradshaw explained the article and moved to amend the figure to read \$78,651.00. The Board of Selectmen and the Finance Committee support the amendment. The Moderator asked for a voice vote on the motion to amend. Motion carried. Norman Labrecque spoke against the article. The Moderator asked for a voice vote on the article, motion carried.

UNDER ARTICLE 2 Nicholas Gavriel Chairman of the School Committee, moved that the Town vote to transfer from free cash the sum of One Hundred Twenty-Seven Thousand and no/100 (\$127,000.00) to the School Department, Line Item 83, for the purpose of the partial reimbursement for the Chelmsford Public Schools for repairs and capital expenditures, provided said sums are reimbursable from the Commonwealth of Massachusetts.

Superintendent Bradshaw explained the article. He also noted that during the Annual Town Meeting the School Department came before the body with a budget figure that the Board of Selectmen and the Finance Committee all agreed with. At that time the School Department explained that in the fall at a Special Town Meeting they would come back and request the additional \$127,000.00 needed. The Board of Selectmen supported the article. The Finance Committee did not. The Finance Committee felt that the School Department should wait until the full reimbursement was received from the State. After a discussion the Moderator asked for a voice vote which left the chair in doubt, the following tellers came forward for a hand count:

Carol Stark	Sue Cantin
John Fudge	Margaret Johnson
Norman LaBrecque	George Baxendale
Ruth Delaney	Paul Bienvenue
Sandra Kilburn	Dorothy Lerer
James Doukszewicz	

Result of the Hand count YES 127 No 197 Motion defeated.

UNDER ARTICLE 3 Bonita Towle Chairman of the Board of Selectmen, moved that the Town vote to transfer from free cash the sum of \$20,000.00 for the purchase of Band uniforms.

The Board of Selectmen were in favor of the article. The Finance Committee was not in favor of the article because the School Committee themselves voted not to support the article. Richard De Freitas spoke in favor and asked for support of the article. Nicholas Gavriel, Chairman of the School Committee explained that the Committee felt that this item should be brought up during the budget hearings and appear in the school budget. Proper channels should be followed. After a lengthy discussion, Selectmen Roger Blomgren moved to amend the article by adding to the end of the article the following wording, "and to instruct the School Committee to take immediate action to allow them to purchase band uniforms for delivery during fiscal year 1985." The Moderator asked for a voice vote on the motion to amend. Motion carried. Priscilla Stevens moved the question. The Moderator asked if there was any need for any further debate, hearing none he asked for a voice vote on the main motion as amended. Motion carried. A point of order was made several people questioned the vote. The Moderator explained what he had done. He then repeated the form of voting again. He asked for a vote on stopping debate. Motion carried. He then asked for a voice vote on the main motion as amended, motion carried. The article reads as follows:

Bonita Towle, Chairman of the Board of Selectmen, moved that the Town vote to transfer from free cash the sum of \$20,000.00 for the purchase of Band uniforms. And to instruct the School Committee to take immediate action to allow them to purchase band uniforms for delivery during fiscal year 1985.

UNDER ARTICLE 4 Norman Labrecque, moved to take article 5 out of order. He stated that the Town Meeting body should know the outcome of this article before voting on article 4. Motion carried by voice vote.

UNDER ARTICLE 5 Selectman Bonita Towle moved that the Town vote to prohibit the use of any Town funds to support Channel 43 of the Cable Television Station. After a discussion Selectman Ready moved to amend the article to read the following wording, "That no additional funds be expended to support Channel 43 of the Cable Television Station unless approved by Town Meeting." The Moderator asked for a voice vote on the motion to amend, motion carried. The Moderator then asked for a voice vote on the main motion as amended, motion carried. George Ripsom of the Finance Committee questioned the voice count. The Moderator asked for a show of hands, motion carried.

UNDER ARTICLE 4 Selectman Bonita Towle moved that the Town vote to transfer from free cash the sum of Twelve thousand Nine Hundred Twenty-three and no/100 (\$12,923.00) to the School Department, Line Item 83 for the purpose of hiring a cable television assistant.

The Finance Committee did not support the article. Roger Smyth of the School Department explained why the School Department was in favor of the article. Richard St Marie, of the cable commission was in favor of the article. A voice vote was taken motion carried.

Stanley Ames moved to reconsider article 2. The Finance Committee questioned the quorum. The Moderator asked for a hand count there were 340 voters present, the meeting went on. The Finance Committee was against the motion to reconsider, the Moderator asked for a voice vote on the motion to reconsider, motion carried.

UNDER ARTICLE 2 Chairman of the School Committee, Nicholas Gaviel, moved that the Town vote to transfer from free cash the sum of One Hundred Twenty-Seven Thousand and no/100 (\$127,000.00) to the School Department, Line item 83, for the purpose of the partial reimbursement for the Chelmsford Public Schools for repairs and capital expenditures, provided said sums are reimbursable from the Commonwealth of Massachusetts.

Edward Hilliard spoke in favor of the article. The Selectmen were in favor. The Finance Committee was against the article. Superintendent Bradshaw explained the purpose of the article. He explained that if more than \$127,000.00 came back from the state, then \$127,000.00 is the amount that they would want, but if less came back they would request as much as possible to be released to them. After much discussion John Warren moved the question to stop debate. The Moderator asked if there was a need for further debate, hearing none he asked for a voice vote on the motion, motion carried.

UNDER ARTICLE 6 Selectman Bonita Towle moved that the Town vote to transfer from free cash the sum of Fourteen Thousand and no/100 (\$14,000.00) to alleviate certain drainage problems on Dunshire Drive.

The Selectmen supported the article. Motion carried, unanimously.

UNDER ARTICLE 7 Selectman Bonita Towle moved that the Town vote to transfer from free cash the sum of Ten Thousand and no/100 (\$10,000.00) to alleviate certain drainage problems existing on Robin Hill Road.

The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 8 Selectman Bonita Towle moved that the Town vote to transfer from free cash the sum of thirty-one thousand three hundred seventy-one and no/100 (\$31,371.00) for the purpose of purchasing a sidewalk snow blower.

The Finance Committee was in favor of the figure originally presented to them of \$24,000.00 but will support the higher amount. When questioned on the difference in figures it was explained that this machine was a better model and would fill the requirements that the highway department needed. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 9 Selectman Bonita Towle moved that the Town vote to transfer from free cash the sum of Twenty-Five Thousand and no/100 (\$25,000.00) for the purpose of resurfacing portions of certain streets throughout the Town with Type I bituminous concrete, and other road materials.

The Moderator asked for a voice vote which left the chair in doubt, he then asked for a show of hand, motion carried.

UNDER ARTICLE 10 Selectman Bonita Towle moved that the Town vote to transfer from free cash the sum of One Hundred Thousand and no/100 (\$100,000.00) to line Item 22, Total Interest for payment of interest on loans in Anticipation of Revenue and Other Temporary loans.

The Finance Committee was in favor of the article, Motion carried.

UNDER ARTICLE 11 Selectman Bonita Towle moved to withdraw this article. Motion carried, unanimously.

UNDER ARTICLE 12 Selectman Bonita Towle moved that the Town vote to authorize the Board of Selectmen, for consideration to be determined, to convey and transfer all right, title and interest, if any held by the Town in a certain parcel of land and buildings thereon, known as Grange Hall, located at 17 Proctor Road, more particularly described in a deed to the Inhabitants of the Town of Chelmsford, the same being recorded in the

Middlesex North District Registry of Deeds at Book 1206, Page 289 being approximately one acre of land, more or less, and, to negotiate the terms of said conveyance and/or transfer.

The Finance Committee supported the article. Motion carried, unanimously.

UNDER ARTICLE 13 Selectman Bonita Towle moved that the Town vote to authorize the Board of Selectmen, for consideration to be determined, to convey all their right, title and interest, if any, in a parcel of property northwest of Proctor Road, formally known as Old Proctor Road, to Mr. Arthur Bentas, and, to negotiate the terms of said conveyance and/or transfer.

Mr. Bentas explained when the road was widened his property line was affected and this was a solution to straighten out his line. The Finance Committee supported the article. Motion carried, unanimously by voice vote.

UNDER ARTICLE 14 Janet Lombard, Chairman of the Board of Assessors, moved that the Town vote to transfer from free cash the sum of Forty-Nine Thousand six Hundred and no/100 (\$49,600.00) for the purpose of updating the value of real and personal property to full and fair cash value in compliance with Chapter 797 of the Acts of 1979.

Ruth Delaney, Assessor explained the need for this article. The Finance Committee supported the article. Motion carried, unanimously by voice vote.

UNDER ARTICLE 15 Janet Lombard, Chairman of the Board of Assessors, moved that the Town vote to transfer from free cash the sum of One Thousand Two Hundred Seventy-Six and no/100 (\$1,276.00) to the Assessor's Department, Line Item 7 Salaries.

Both the Selectmen and the Finance Committee were in favor of the article. The Moderator asked for a voice vote which left the chair in doubt, he asked for a show of hands, motion carried.

UNDER ARTICLE 16 Henrick Johnson Jr. Chairman of the Planning Board, moved that the Town vote to transfer from free cash the sum of Forty-Thousand and no/100 (\$40,000.00) for the purpose of the preparation of a master plan, said plan to be under the supervision of the Planning Board, pursuant to Massachusetts General Law, Chapter 40A, and Chapter 41, Sections 81A eq seq.

Henrick Johnson said that the Planning Board was in favor of the article. The Finance Committee supported the article. Motion carried; by voice vote.

UNDER ARTICLE 17 Henrick Johnson Jr. Chairman of the Planning Board, moved that the Town vote to amend the Zoning By-law of the Town of Chelmsford, and the Zoning Map referred to therein, to change from Single Residence District (RB) to Limited Industrial

District (IA) the following described portion of land of Chelmsford 200 Realty Trust, to wit:

The land situated northerly of Billerica Road bounded and described as follows:

Beginning at a point at the most Southeasterly corner of land now or formerly of James McKennedy as described in a deed recorded in Middlesex North District Registry of Deeds in Book 1319, page 431; thence running North 18° 29' 52" East to a point which is the dividing line between the existing single family residence district and the existing limited industrial district; thence running a westerly direction by the said dividing line which is 400 feet from and parallel to said Billerica Road, 215 feet, more or less, to a point on the Southerly boundary of said McKennedy land; thence turning and running South 88° 59' 24" West 225 feet more or less, to the point of beginning, and containing 11,250 square feet of land, more or less. Meaning and intending to amend the said Zoning By-law and Zoning Map to make all of the said land now or formerly of said McKennedy as described in said deed to be situated in the limited industrial district (IA); or act in relation thereto.

Town Counsel James Harrington explained that Attorney John Carragher who represented the McKennedy family was not a registered voter in the Town of Chelmsford and asked permission from the Moderator to allow Attorney Carragher to speak. The Moderator asked for a voice vote on granting permission, motion carried.

Attorney Carragher explained that the Tambone Corp. had intended to purchase this land when they purchased surrounding parcels but due to the zoning did not, but if the zoning was changed to IA then they would purchase the land.

Chairman of the Planning Board Henrick Johnson, gave the board's recommendation:

The Planning Board held a Public Hearing on November 14, 1984, and voted unanimously to recommend in favor of this article.

Selectman Blomgren was against the article and felt that the land should be re-zoned when the master plan became available. James McKennedy asked the Town Meeting Body to vote in favor of the article. He and his family didn't realize that this particular parcel was not zoned IA like the rest of his land. The Moderator attempted a voice vote which left the chair in doubt. A $\frac{2}{3}$'s vote is required the tellers came forward and a hand count was taken: Yes 205 No 24 motion carried.

UNDER ARTICLE 18 Selectman Bonita Towle, moved that the Town vote to transfer from free cash the sum of fifty thousand and no/100 (\$50,000.00) to the Unclassified Department, Line Item 128, Unemployment Benefits-State.

The Board of Selectmen and the Finance Committee supported the article. Motion Carried, Unanimously.

UNDER ARTICLE 19 Selectman Bonita Towle, moved that the Town vote to transfer from free cash the sum of Six Hundred thirty-seven and no/100 (\$637.00) to the Accounting Department, Line Item I. Wages and Salaries.

The Finance Committee was in favor of the article. The Board of Selectmen were in favor and asked the Town Meeting Body for support. Motion carried, by voice vote.

UNDER ARTICLE 20 Selectman Bonita Towle moved that the Town vote to transfer from free cash the sum of Ten Thousand and no/100 (\$10,000.00) for the purpose of the performance by the Town of a State census.

The Finance Committee supported the article. Motion carried, unanimously.

UNDER ARTICLE 21 Selectmen Bonita Towle moved to withdraw the article. Motion carried, unanimously.

UNDER ARTICLE 22 Chairman of the Board of Selectmen, Bonita Towle moved that the Town vote to authorize the Board of Selectmen to acquire an eastment by purchase, eminent domain, or otherwise, the property on the westerly side of Mill Road and westerly side of State Road, Route 129, located in the Town of Chelmsford, further described in Parcels B and C, in the legal description as stated herein, and further shown as Parcels B and C on a certain plan on file with the Town Clerk and the Police Department, entitled "Easement Plan of Land in Chelmsford, Massachusetts," prepared for the Town of Chelmsford, Scale 1" = 40', October 29, 1984, by Vanasse/Hangen Engineering, Inc., Consulting Engineers and Planners, 60 Birmingham Parkway, Boston Massachusetts for the purpose of constructing improvements, widening, laying out and accepting said roads and Billerica Road, and I move that the Town vote to transfer from free cash the sum of Sixteen Thousand and no/100 (\$16,000.00) to defray all necessary costs, fees and expenses in connection with the acquisition of said land and for paying any damages which may be awarded as the result of any such taking.

BOARD OF ASSESSORS

James McBride

This past year has been one of great activity in the Assessors Office with dramatic increases in sales and building permit activity. Not since the growth spurt of the 60's has there been as much new construction with over 300 condominiums, 70 new homes, and more new industrial and commercial buildings than in the last five years combined. In addition, the high cost of housing in Chelmsford has forced many present homeowners to enlarge existing homes rather than purchase larger ones. The conversion of a large number of apartments to condominiums has reduced the number of rental units available but this year permits were taken out for 30 duplex rental units, a new direction in housing for the town.

Again this year, the Board of Selectmen held a public hearing to determine whether to tax all classes of property (residential, commercial and industrial, and personal property) at the same rate. Although the vote was to maintain a single rate, it was felt that the tax burden might be shifted next year to the commercial and industrial properties since they represent a larger portion of the tax base every year.

Although it seems as though the town has barely finished its most recent revaluation (Fiscal Year 1983) the Assessors Office is in the throes of preparing for the next update year (Fiscal Year 1986). Every year, one third of the properties are physically inspected, in addition to those properties whose owners have taken out building permits (approximately another thousand properties). To date two-thirds of the town has been re-inspected and it is planned to continue this review on an on-going basis.

Our Office has also sent out requests for verification of sales information as well as income and expense questionnaires to owners of income-producing property. New base rates for updating property values will be developed by analyzing these responses. With computerized data files and analysis capabilities, and an inventory of all properties that has been kept up to date by the assessors, we do not anticipate the need for a complete revaluation such as the one conducted in 1983. Instead, values will be updated at least every three years as required by Massachusetts law.

Our office is one step closer to in-house valuation capability. To date, the firm responsible for maintaining our computerized files has not offered a software package which would give us this capability but it seems a definite possibility that by next year we may be doing the bulk of our own work.

ANNUAL REPORT

The Cemetery Commission is pleased to report to the citizens of Chelmsford on the activities of the Cemetery Department that are considered particularly noteworthy:

In 1984 the total number of burials in the several town cemeteries was 118. The numbers in each cemetery were:

Pine Ridge	76
Fairview	17
West Chelmsford	8
Heart Pond	12
Riverside	4
Forefathers	1

During 1984 there were 67 burial lots sold in the several cemeteries.

AGREEMENTS WITH BETH EL

In addition to the burials in the cemeteries listed, the Cemetery Department provided their usual burial services, as required and as requested, at the Temple Beth El Cemetery located in Chelmsford.

At the request of the Commissioners, Town Counsel considered the legal problems associated with providing these services and drafted an agreement signed by the Commissioners and the officials of the Beth El Cemetery. This agreement extends this Department's services to the Jewish Community during regular working hours of the Department and provides those services within the Department's usual cemetery capabilities. Reimbursement for the services, in accord with the usual fee schedule of the Cemetery Department for opening and closing graves, is deposited with the Town Treasurer as income. All of these aspects are included in the agreement drafted and approved, after signature by the principals, by Town Counsel.

In 1984 there were 16 burials in the Beth El Cemetery.

PERPETUAL CARE

During 1984 letters were sent to all families and lot owners still paying an annual charge for care of cemetery lots. In many instances there were back charges due and unpaid. The letters gave these lot owners the opportunity to change over to Perpetual Care upon payment of the \$200. usual charge for this service and offered to cancel out any charges due and unpaid under the older system.

After the letters were sent out, 43 lot owners converted to Perpetual Care and the total of \$8,600. received has been deposited in the Perpetual Care accounts.

Not too many of the "older system" of charges remain to be converted. Hopefully this can be cleared up in 1985.

FAIRVIEW CEMETERY

In last year's Annual Report, the expansion of a new area of the Fairview Cemetery was reported.

In 1984 work on this area continued. Grading and seeding was completed, new roadway extensions were installed and paved in the new area, and chain link fencing and gates were installed along the outer perimeter of the cemetery bordering Twiss Road.

In 1985 consideration will be given to developing an equivalent area within the cemetery to give the cemetery balance and presentability. The addition should make the cemetery more attractive. It is planned to accomplish this work in the same manner as last year's development was completed — utilizing Town of Chelmsford employees and equipment on an overtime basis as the most cost effective way of providing this space. It is important to note, once again, that this method of development is accomplished within available Cemetery funds and will not represent a tax increase for anyone.

PINE RIDGE CEMETERY

In addition to the usual care of the cemetery, the commissioners installed new metal fencing to replace sections damaged by motor vehicles. Efforts of the Chelmsford Police Department have increased to assist the Cemetery Department in cutting down on what manages to be almost an annual unexpected cost.

RIVERSIDE CEMETERY

Work has now been completed on the replacement and painting of fencing in this cemetery which work was undertaken by a Boy Scout as a project of public service to the Town. The Commissioners have commended this scout on behalf of the Town of Chelmsford.

In 1985 the Cemetery Department hopes to continue to improve its services, to develop more attractive and better kept areas of the Public cemeteries in Chelmsford, and to continue to restore some of the historical grave areas in our Town.

Septage and Wastewater Abatement Program

In 1984 the Septage and Wastewater Abatement Program continued its effort to clean up our waterways. The Board of Health has been running an extensive dye testing and water sampling program and positive results are being seen. Numerous tests have been performed by the Board of Health along with the issuance of one-hundred sixty-six septic system permits (repair) and one-hundred eleven septic system permits (new) with an increasing percentage commercial, industrial and condominium buildings.

Administration and Management

Income for various services and permits is listed below:	
Percolation tests — 252	\$ 6,300
Deep Tests — 591	14,775
Sewage Repair Permits — 166	2,490
Sewage Construction Permits — 111	5,518
Miscellaneous Licenses and Fees	7,975

Complaint and Inspectional Services

During 1984 six inspections were made at day care centers; twenty-four inspections made for Chapter II, Housing; school inspection, ten; complaints received and checked, two-hundred eighty-five; Camp Paul inspections, ten; bathing beaches, twenty-six inspections; certify International Travel Vaccination Books, twelve; restaurants and retail food store inspections; one-hundred four establishments inspected at at least twice a year.

Hazardous Waste and Industrial Wastewater

The Board of Health, because of new local and state laws and public awareness in the areas of hazardous waste disposal, has been called upon to coordinate all phases of hazardous waste activities.

Mr. Richard J. Day (Director of Public Health) has been appointed by the Board of Selectmen to be Hazardous Waste Coordinator and Municipal Coordinator to enforce the new "Right-to-Know" law for this town. The position encompasses actions between the State, Federal agencies, business community and the general public.

Hazardous Waste and Industrial Wastewaters has opened up a whole new area to be monitored. It is the goal of the Board of Health, along with other town departments, to keep abreast of all current changes and updates in the handling and disposal of all toxic wastes

and to supersede any State or Federal standards where it would best serve to protect this community and its precious water supplies.

Rabies Clinic

Administered by Martin Gruber, D.V.M., a total of one-hundred fifty-seven dogs were inoculated against rabies.

Communicable Disease Program

The Massachusetts Department of Public Health mandates that an epidemiological investigation be undertaken on approximately forty-three communicable diseases. When a communicable disease is reported to the Health Department by a physician or hospital, the nurse contacts the person involved to ascertain if a probable source of the infection can be determined. Concerns in relation to communicability of the disease are discussed and as is the case in some communicable diseases, food handlers or family members are removed from their jobs during the period of communicability. The follow-up report is submitted to the Massachusetts Department of Public Health. Reports on the following diseases were completed during 1984:

Hepatitis	7
Meningitis	1
Mumps	0
Pertussis	0
Rubella (German Measles)	0
Rubeola (Measles)	0
Polio	0
Salmonella	13
Shigellosis	1
Giardiasis	3
Tuberculosis	1 Active

The testing of persons exposed to tuberculosis and those persons whose employment require certification of freedom from that disease is another responsibility of the Town Nurse. One-hundred thirty-three mantoux tests were given to town residents for pre-employment and town firms in compliance with the Massachusetts Department of Public Health regulations. Home visits and telephone calls are made to families of active and some inactive tuberculosis cases on a periodic basis to insure understanding of the illness and that adequate medical follow-up is achieved. Numerous medical records are kept and updated on residents who have a positive (TB) mantoux test and are receiving medication prophylactically and being followed radiologically at the Lowell Chest Clinic.

Maternal/Child Health — High Risk Infant Identification Program

Telephone correspondence is made to the parents of premature infants, renamed High Risk Infants by the Massachusetts Department of Public Health, Maternal and Child Health Division. Home visits are made by the nurse when deemed necessary to assist the mother and alleviate apprehension over the care of a premature infant. Other home visits are made by physician referral.

These follow-ups are not only made for health supervision, but for education and referrals when indicated. Eleven high risk infants were reported for 1984.

Immunization Program

The Board of Health and Council on Aging sponsored two flu clinics this year. The vaccine was offered to the elderly and chronically ill persons as recommended by the Massachusetts Department of Public Health. One-hundred forty persons were immunized with pneumonia vaccine and six-hundred eighty-four persons were immunized with flu vaccine at the clinics. An additional one-hundred eighty doses were given to nursing homes, twenty doses to school nurses for staff and sixteen home visits made to handicapped or house-bound residents.

Several immunizations were administered to update students records in compliance with the Massachusetts School Immunization Laws. An immunization clinic was held in May, at the Town Hall, for all interested residents, adults and children. Thirty adults attended and had tetanus boosters administered. Another Immunization Clinic for the public will be held prior to September 1985 school entrance.

Hypertension Screening Program

Blood pressure screenings for residents are held the first Thursday of every month from 9:00 to 12:00 at the Board of Health, Town Hall.

Diabetic Screening Program

The Health Department has purchased an Ames Glucometer for the purpose of conducting blood sugar screenings. The procedure takes a short time, involves a small sample of blood by finger prick method, and can be done either fasting or two hours after meals. Residents may call the Health Department office and make an appointment with the nurse.

Community Health

Since good health maintenance is a concern of everyone, the Public Health Nurse also acts as a resource person in making proper referrals and in implementing health screening programs that can be efficiently offered to residents. The town's first Health Fair was held in the spring and approximately 500 residents received free health screenings and counseling on health awareness and maintenance. This year's Health Fair will be held April 13, 1985 at the McCarthy Jr. High School, North Road. The Health Fair will bring together numerous health exhibitors and offer free health screenings to include: Blood pressure, height and weight, vision and glaucoma, blood sugar, oral cancer and several more. Professional exhibitors will be available for consultation and resource material.

CHELMSFORD HOUSING AUTHORITY

The Chelmsford Housing Authority continues to be active in applying for additional housing units. The Housing Authority in May 1984 submitted to the Executive Office of Communities and Development an application to increase the housing stock in the Chelmsford community for elderly and families. To receive the sixty units of elderly housing requested for the North School site, the Chelmsford Housing Authority was required to apply for fifteen units of family housing. The Executive Office of Communities and Development will announce the second round of awards in February 1985.

The Chelmsford Housing Authority continues to be active also in applying for rental assistance units. During the past year the authority in a joint application with Tyngsborough Housing Authority received fifteen units. The award of these additional units increased our Chapter 707 "scattered site" units to twenty-eight and fifty-eight Section 8 Existing Housing units.

Our programs now provide a total of two hundred and fourteen units of low income housing: fifty-seven family; twenty-one handicapped and one hundred and thirty-six elderly. Five of our programs are funded by the Commonwealth of Massachusetts through the Executive Office of Communities and Development under Chapter 667; Chelmsford Arms completed in 1974, fifty-six regular units and eight handicapped units; the Community Residence purchased in 1974, eight units; six condominiums in Pickwick Estates were purchased in 1985; McFarlin Manor completed in 1981, forty-three regular units, three handicapped units, one four-bedroom congregate unit which serves the "frail elderly". Under Chapter 707, our "scattered site" program which started in 1975, we have thirteen units under lease in the private market and fifteen new units coming under lease. Our most recent financial statement lists assets at \$3,579,883.73 liabilities at \$3,579,883.73 for all developments.

All developments of the Authority are formally inspected every six months by staff and once a year by members of the Authority. The Authority is especially grateful to the Chelmsford Garden Clubs for their assistance in the beautification of the developments every year.

Members of the staff include Helen Cantara, Senior Clerk; John Lovett, Maintenance Mechanic; Richard O'Neil, Maintenance Laborer and Lisa Shanahan, Executive Director.

Regular meetings are held at McFarlin Manor, 10 Wilson Street at 7:30 p.m. on the first Tuesday of each month. The Annual Meeting is the first Tuesday in May. All meetings are open to the public. We would like to thank the residents of Chelmsford and the Town Officials for their continued support and cooperation.

PARK DEPARTMENT

The Park Commissioners elected Robert Wetmore, Chairman, at their annual organizational meeting. Mary Bennett was elected Park Commissioner at the annual election, replacing Arthur Bennett who retired after many years as a Commissioner.

The Commissioners want to thank Mr. Bennett for many successful years and accomplishments as a Park Commissioner.

The department continued with their maintenance program, up-grading areas whenever possible. We purchased a tractor mower as voted at Town Meeting.

We thank all the departments for their continued assistance as well as the garden clubs and citizens of Chelmsford.

Looking forward to another successful year.

Respectfully submitted,

Robert W. Wetmore, Chairman

PLANNING BOARD

1984

Henrick R. Johnson, Jr., Chairman
John F. McCarthy, Vice Chairman
Rosalind M. Boyle, Clerk
Ann H. McCarthy
Eugene E. Gilet
Charles A. Parlee
Thomas E. Firth, Jr.
Recording Clerk, Kris Gleason

The Chelmsford Planning Board began the year by reorganizing the Board and reappointed Mr. Henrick R. Johnson, Jr. as Chairman, Mr. John F. McCarthy as Vice Chairman and Mrs. Rosalind M. Boyle as Clerk. Mr. Eugene E. Gilet is the representative to the Northern Middlesex Area Commission.

After conducting public hearings, the Planning Board approved 17 subdivisions in Town under the Subdivision Control Law. The Board also granted 29 final approvals under Subdivision Law Not Required.

A tremendous amount of the Board's time this year was devoted to reviewing site plans for new buildings and additions to existing buildings, subject to review and approval by the Planning Board. Thirteen site plans were approved; a majority of which were for office buildings/research and development. The locations for these developments were: Mill Road, Billerica Road, Alpha

Road, Riverneck Road, Quorum Way, Princeton Blvd., Hunt Road, Chelmsford Street and Omni Way. Two new multi-family condominium complexes were approved. One of the complexes is off of Route 3 and Groton Road and the other is off Kennedy Drive.

At the Annual Town Meeting of 1984, the Planning Board sponsored zoning articles that were approved, and have changed the site plan approval procedure. All site plans must now have a public hearing. In addition, any proposed building over 10,000 square feet is considered a major business complex. For approval of these site plans and major business complexes, a special permit must be granted by the Planning Board and includes a 20 day appeal period.

Northern Middlesex Area Commission completed their Phase I of a traffic analysis for the Planning Board.

The Town now has a full time engineer, James Pearson, who was hired by the Town in September. Jim works with the Planning Board members and other Board members and will be a great asset to the Town.

After considerable discussion among the members of the Planning Board, the Board organized a Master Plan Advisory Committee. Mr. John F. McCarthy is the chairman of the committee. Other members of the committee includes members from other Town Boards and citizens from the community. The Planning Board sponsored an article to raise funds for this Master Plan at the special Town Meeting in November and it was approved. The committee interviewed several firms and then chose Weston & Sampson to do a comprehensive study of the Town for the Master Plan. The Master Plan is scheduled to be completed in the fall of 1985. The Board feels this will show them the direction and impact of the industrial and residential growth for the future of Chelmsford.

During 1984, several of the services diminished by Prop. 2½ were expanded due to savings of salary and labor generated by the automated circulation system. The library went "on-line" March 19, as scheduled and officially introduced the automated circulation system to the public with a gala open house on April 1. Services restored or added with no additional funds from the town include the re-shelving of the genealogy and local history collections on the second floor, Fine Arts area with full staff coverage; the opening of MacKay Branch on Wednesday's 1-8 and Adams Library Mondays 1-9 and the establishing of an additional position, Acquisitions Specialist, responsible for ordering all library materials.

Major changes occurred on the staff as well as on the Board of Trustees this year. Two long-time staff members retired, Bea Beaubien, Children's Department Head and Goldie Creamer, MacKay Branch Department Head. Between them they had accumulated 41 years of dedicated and productive service to the library. After almost 25 years of exemplary service on the Board of Trustees, Dr. Howard Moore decided not to run again. Newly-elected to the Board in 1984 was Lorraine Lambert. Susan B. Cantin was appointed to fill out the term left vacant by the departure of trustee Jim Cooper.

The Friends of the Library, funded by their successful Annual Book Sale, contributed typewriters for public use, additional seating in the Children's House, additional cassette shelving in Fine Arts, continuing education funds for library staff, a new gestetner duplicator and the ever popular museum passes. Thanks also to the Interfaith Association for contributing the proceeds of their annual Thanksgiving service to purchase books reflecting cultural differences and to Nashoba Technical High School students and teachers for redesigning all three circulation desks in preparation for the automated circulation system. A final thank you to the Chelmsford Cultural Council for awarding the library two grants totaling \$825.00 to fund summer programs for children and music programs.

Plans for the future include the preparation for handicapped access at all three library buildings. Increasing the size of the present library system to accommodate an ever-expanding library collection must be seriously considered as is the study of a theft detection system to cut down on the amount of missing books.

In conclusion I want to thank the trustees, Friends, staff, volunteers and community members who contribute so generously to the support of the Chelmsford Public Library.

Projected 1985-86	5,658	348	26	206	

During calendar year 1984, the State Legislature and Governor Dukakis were extremely busy contemplating the overhaul of education in the Commonwealth of Massachusetts. House Bill 5000, 5704, 6262 or whatever it has become by this time has been a most controversial issue. The Department of Education is intent in the 1986-1987 school year on implementing an educational assessment of all schools and school systems in the Commonwealth. How much involvement and control should the Legislature and the Massachusetts Department of Education have over local control of education? The controversy goes on and hopefully public education will benefit from the final results.

Meanwhile education in the classroom marches on. Calendars are established, programs planned and implemented, and we continue to graduate students who go into the workforce or college or both prepared for what faces them. Much of this success is due to the always dedicated professional and support staff and the citizenry who have backed the school department year after year.

The Chelmsford School Department has had a busy year. It has, because of need, seen a day care and extended day care program implemented successfully. Community education has brought partnerships between education and business closer to reality. Cable T.V. has

been a vehicle for better informing the townspeople of how the town boards and town officials operate. Broad citizen knowledge is a key to the success of the democratic process. An educational foundation has been formed this past year to extend the partnerships desired. It has been a busy year indeed.

The final test of a school department's success lies in the success of its students as perceived by the townspeople and hard data such as test results; local, state and national competition; and on formal and informal surveys. Based on these criteria, the Chelmsford School System has been successful. However, not willing to maintain the status quo, greater and more intelligent efforts will even enhance the reputation of an already fine school system. It is important that citizens participate actively in school issues and express their concerns to the School Committee in order to ensure that the best decisions possible are made for the education of the young people of Chelmsford. The school system welcomes suggestions from any and all individuals.

The budget format analyzes the proposed school budget in three different ways:

1. Line items (salaries, texts, supplies, utilities, transportation, etc.)
2. Program areas (English, Math, Reading, Science, Special Ed., etc.)
3. Cost centers (Byam, Harrington, Parker, South Row, Westlands, Junior High School, and High School)

The format is part of a continuing process by which Chelmsford school programs are developed, implemented, funded and evaluated. This budget format serves to focus the committee's attention on both effective and weak programs, enabling the committee to monitor spending rates and levels of program achievement. By studying implementation of the budget throughout the year, the committee is able to ascertain the programs that need greater or less financial support and to identify the factors that guide the budget.

The School Committee believes that the budget contained in this Annual Town Report lives up to the town's educational expectations. The budget process, over the last several years, has produced a tighter, more efficiently managed budget. The committee feels that the overall condition of the school system remains strong. Where an orderly contraction of the system appears advisable, the Committee will consider its implementation.

The following reports written by school personnel will provide you with a sampling of the accomplishments of our young people as well as a better understanding of the learning environment and the practical experiences present in our schools today.

FROM THE DEPARTMENT HEAD OF ART

Art is an essential ingredient in the development of the child. It provides opportunities and nurtures the development of motor skills, hand-eye coordination, observational skills, self-awareness, self-expression, social skills, as well as an aesthetic awareness. In addition, art is the only area in which creative problem-solving is an integral part of the curriculum from elementary through high school.

At the primary level, the student is introduced to the simplest of media and concepts. The focus is on recognition and awareness of color, shape, line, space and pattern. Personal instruction is given to develop manipulative and coordinative skills. These skills are often integrated with other areas of curriculum. Self-awareness is also encouraged.

In the upper elementary grades, the range and complexity of skills and concepts expand. Problem-solving assignments are introduced, requiring students to apply learned skills and concepts concerning color relationships, positive and negative shapes, line relationships, perspective, designs and artistic styles. Self-expression is encouraged.

In the Junior High Art Program, the instruction becomes more concentrated. Classes meet daily for one quarter, instead of once a week. The student is introduced and instructed on application of concepts to the various disciplines of art such as painting, drawing, print-making, sculpture, pottery and crafts. Self-expression continues to be encouraged.

The High School Art Program continues to provide a means for personal development of the child, as well as specialized instruction and preparation for the artistic student. For the first year, art instruction is given through four major disciplines: drawing, painting, ceramics/sculpture, and crafts. Instruction on concepts and techniques, and problem-solving assignments are given. The second year course allows the student to select more specialized areas of study. During the third and fourth year, the student continues to refine skills and techniques, expand knowledge of concepts, and has the opportunity to prepare a portfolio which represents his or her abilities.

All high school students have the opportunity to have their work displayed in the student gallery in the high school library and at the Parker Gallery, and to compete on local, regional, state and national levels through various competitions such as the Scholastic Art Awards and Congressional Art Competition. Chelmsford High School had the most individual winners of any school in the district for both of these prestigious competitions. All students also receive education on careers in art.

FROM THE DEPARTMENT HEAD OF BUSINESS EDUCATION

The Business Department has been fortunate this school year to receive funds from the School Department and from Xerox Corporation. The department has also received Federal Grants which will be used for numerous new pieces of equipment. The Business Department has recently purchased three new Wang processors, three additional Apple computers and various software for these computers. Also, the department has 25 new Xerox memory-writers and 18 new IBM wheelwriters. As a result of the new equipment, new courses will be offered in the future.

FROM THE DIRECTOR OF CHAPTER I

In 1965, the Elementary and Secondary Art (ESEA) was passed by the United States Congress in order to assist local schools overcome educational deprivation. At that time, the program was called Title I. In 1982, the name was changed to Chapter I. Under the law, the federal government appropriates money annually to school districts throughout the nation. The funds received by each community are determined by the government. Unfortunately, the funds have been declining and staff members have been reduced.

Project proposals are written by the director, Beverly J. Hedison, and sent to the State Department of Education to be initiated in each area as a compensatory educational program.

Title I began in 1975 as a summer program in Chelmsford. It then was extended to the regular school year under the capable supervision of Norma E. Simard.

The children are instructed in reading and mathematics at the Westlands and Parker Schools. Westlands' pupils have the opportunity to be part of the CAI (Computer Assisted Instruction) Program. The use of this added tool of learning has proven to be very popular and has produced excellent results.

A child's participation in this project does not mean that a student is not capable, but only that he/she is not, for one reason or another, working to his or her potential. Instruction in the past has proven beneficial in mathematics and reading, as well as in improving the child's self-image. With the combined efforts of the teaching staff, administration and interested parents, we are preparing the whole child for the future as well as the present.

FROM THE DIRECTOR OF COMMUNITY AFFAIRS

Community Education in Chelmsford is now almost two years old. Townspeople have seen expanded adult education offerings and college credit programs introduced at Chelmsford High School through both Northeastern University and the Community College system. Chelmsford is recognized as having the largest evening program in the area.

The Office of Community Education this year has introduced several childcare programs. A Preschool Program for students ages three and four is offered at Chelmsford High School from 9:30-12:00. A full day Kindergarten/Childcare Program is available and an Extended Day Program for students K-8 is held on school days from 7:00 a.m. to 6:00 p.m. This program is available on a one to five day basis before and/or after school.

Last summer the Office of Community Education worked in cooperation with Wang to offer a Summer Camp for school aged children. Planned activities, field trips, and days at the Wang Country Club were offered for seven weeks from 7:00 a.m.-5:30 p.m. One hundred seats were available to children of Chelmsford residents who were not employees of Wang.

Three other programs were offered this past summer, a four week elementary summer school, five weeks of secondary summer school and three two week sessions of Apple Computer Camp.

Another project that is being worked on through the Office of Community Education is the development of the Chelmsford Education Foundation. This is a new approach for receiving charitable donations for supplemental funding of school activities. The Foundation is pleased to have Congressman Chester Atkins serving as Chairman of the Incorporators.

Other areas of growth we are experiencing are in the number of tuition students making application to attend our schools and the number of requests to use our building facilities.

The Office of Community Education has received a great deal of positive public response and inquiries regarding our programs have come from numerous other communities.

Besides offering expanded programs and increasing public relations, Community Education Programs were able to reduce the 1984-1985 school budget by \$16,525.00.

The Office of Community Education is tremendously pleased with our success and the support we have received from both Town Officials and the residents of The Town of Chelmsford.

FROM THE DIRECTOR OF COMMUNITY TELEVISION SERVICES

Cable 43 has enjoyed a very successful 1984. Thanks to the addition of a full time television assistant, the average number of hours of programs telecast each week has increased from eighteen to twenty-two. The most notable addition to Cable 43's programming has been a regular sports telecast each Wednesday night at 7:30 p.m. Residents can watch exciting CHS football, wrestling, basketball and more.

Other programming highlights from 1984 include our first ever election night telecast to cover the local Chelmsford elections. The evening was quite exciting with results being telecast as soon as they came into the Town Clerk's office. Some of the successful candidates were even sworn in on the air! In November, the Cultural Council sponsored a telethon on Cable 43 to raise money for a piano and furnishings for the Old Town Hall Cultural Center. Many town groups, such as the Chelmsford Choral Society, the Merrimack Valley Chorale, the Alpine Squares, and the Chelmsford Art Society donated their talents. After twelve straight hours of entertainment, over \$3,500 was raised. In November, the League of Women Voters combined forces with Cable 43 to telecast forums for the candidates for U.S. Senator, U.S. Representative, State Representative, and the sewer proposition.

Cable 43's regular programming continued throughout the year. These programs include:

Young at Heart—a magazine format show produced by senior citizens

The Lion's Tale—produced by CHS TV production students

Story Time—a showcase of elementary students and their talents

Trivia Time—a trivia game show

Fun & Fitness Time—exercise for young children

Energize through Exercise—acrobics

Easy Does It—exercise for senior citizens

Crafting—a half hour show demonstrating how to do various crafts

Of course, all of the Selectmen's and School Committee's meetings were telecast live, as were the town meetings.

To address the problem of funding, the Cable 43 Educational Foundation, Inc. was created. Former Selectman Brad Emerson was named president of the Board of Directors. In May, the Foundation held a party for the first anniversary of Cable 43. Over 100 town residents attended the celebration. Persons interested in becoming a member

of the Foundation may do so by writing to:
Cable 43 Educational Foundation, Inc.
One Village Square
Chelmsford, Mass. 01824

Membership fees are: \$10—Individual
\$25—Family
\$100—Corporate
\$5—Student

The future for Cable 43 looks bright. A telethon is being planned for May to raise money for the Cable 43 Foundation. New programs contemplated for the year include financial planning, cooking, profiles of Chelmsford businesses, and profiles of Chelmsford schools.

FROM THE DIRECTOR OF DATA PROCESSING

Chelmsford Schools has had an in-house business computer installed for over three years. During this tenure of computer capability, the administrative arm has automated all major student and business reporting applications. Detailed and historically accurate reports can now be generated for students, accounting, personnel, census, scheduling, and other subsidiary data bases.

The proliferation of microcomputers has continued in the school administrative and academic units. Many applications specific to education have been developed at the various schools. This includes applications such as hardware and software inventory, item analysis, teacher attendance and scheduling, library circulation and overdue books, special student tracking, post graduate tracking, and immunization tracking.

The most popular microcomputer applications are still word processing and electronic spreadsheet. A data base package is becoming a very important and popular tool in creating reports with specific and unique requirements. Microcomputer to mainframe interface continues to be one of the more important obstacles to computer resources management. We have been able to provide file transfer capabilities between micro and mainframe. Better communications packages are becoming more prevalent and offer hope for a better solution to this problem.

A Digital VAX 750 computer has been purchased with a fifty percent Digital matching contribution. The VAX mainframe, installed at the central computer facility at the Parker School, gives the academic unit the capability of a central lab facility with up to 16 ports at the high school. In addition, school administration and town departments have the benefit of faster and more accurate information retrieval. This capability also gives the students, teachers, staff, and town departments many sophisticated business computer tools. Some of these tools are higher level languages on state-of-the-art equipment; software to develop instructional packages; a true relational data base system; capability to service more users; better tracking of records, trends and needs; sharing and creating

of data among town departments; and an excellent word processing package.

The hardware configuration, for the technically oriented, is as follows: 4 megabytes of memory, 456 megabytes of disk storage, 24 ports, 16 CRT terminals, 4 hardcopy terminals, statistical multiplexers, 9600 and 2400 baud modems.

Due to the divestiture of AT&T in 1984, the schools have passed through the most tumultuous year from the telecommunications perspective. Our electronic spreadsheet capability on computers has been helpful in tracking monthly and year-to-date costs for local toll charges, long distance toll charges, trunk line costs, equipment charges, wiring charges, etc. These figures indicate steadily rising telecommunication charges in the future. Since most of the telephone equipment at the schools is outmoded, the future telecommunications issue is being investigated. Some school related unresolved post divestiture issues are lease rate hikes and firm purchase prices for embedded equipment. So far AT&T has spent \$1.1 billion on divestiture. Unfortunately, the spending is not over by a long shot. Who will pay the bill for the increases in communications costs as a result of divestiture?

Future projects will be geared to controlling and monitoring of buildings and resources via computer energy management systems; studying the use of cable television facilities for computer and voice communications; supporting the existing business applications in the Town and the schools; and developing a plotting and graphing capability for business applications.

FROM THE FOREIGN LANGUAGE DEPARTMENT HEAD

The foreign language department continued to be a vital component of the educational programs at McCarthy Junior High and C.H.S. During the 1984-85 school year we introduced a new text series in Spanish. The text is based on an approach which stresses the function of language in communication. With the ever-growing emphasis on proficiency, we expect this text to be a valuable tool in helping our students achieve more proficiency in Spanish. At the junior high, besides Spanish and French, we offered a semester exploratory language course and German. Over 45% of the junior high student population was involved in a language course. At C.H.S., in addition to Spanish, French and Latin, we were pleased to have had two sections of German I, as well. We are hopeful that our German program will continue to grow, especially now that it is being offered at the junior high. Although there was not sufficient enrollment to offer Russian, it will be offered again for the 1985-86 school year. Italian was also added to the foreign language curriculum for 1985-86, and it should be quite popular based on the great interest in our new exchange program with Italy.

Students and staff were also very involved in activities outside the classroom. Two groups of students traveled to France and one to Venezuela as part of our exchange pro-

grams with those countries. Our French and Spanish Honor Societies held their annual induction ceremonies in the spring to recognize student language and overall academic achievement. The foreign language club met on a regular basis and had several group activities such as a trip to Boston and an international dinner at Christmas.

The foreign language department continues to try to meet the needs and interests of students in Chelmsford, and we hope, despite declining enrollments, to maintain and even increase the percentage of students involved in foreign language.

FROM THE RESOURCE INSTRUCTOR FOR GIFTED AND TALENTED

The Enrichment Program of Chelmsford (EPOCH) is now in the third year. It is a program of extended enrichment and is designed to enhance the curriculum taking place in the classroom.

EPOCH at the elementary level provides training in process skills which the students can apply to classroom work as well as to their everyday lives. A math strand provides extended enrichment for sixth grade students who have demonstrated high ability in math. The resource instructor is to assist primary grade teachers and students by providing resource materials and by teaching specific skills to high ability students to differentiate the curriculum.

EPOCH at the junior high level is for those students capable of going beyond present classroom enrichment and who are capable of using high level thinking skills. The students are challenged to extend themselves academically and are encouraged to use their gifts and talents to reach complex levels of thinking, expression, and creativity while learning a regular classroom environment.

A series of workshops, Teaching and Parenting Gifted and Talented Children, will be offered again this year. This series is funded through the Commonwealth In-service Institute and is the third year that Chelmsford has been a recipient of a grant.

FROM THE HOME ECONOMICS DEPARTMENT HEAD

The Home Economics Department offers a wide range of courses which are designed to meet the needs and interests of the students for their present and future daily living needs.

The curriculum begins at the seventh grade level in a ten week co-educational course and continues with an expanded ten weeks in the eighth grade.

The high school Home Economics Department offers a wide range of courses from our popular Chef's classes to the new Child Development curriculum which includes working in the Pre-School Center.

The Home Economics teachers continue to attend workshops, in-service programs and courses offered through area colleges. Curriculum in the Home Economics area is constantly being revised and updated in order to keep abreast of the many current methods and products in the field. For example, our new computer and its variety of software for nutrition and child development has been a new state of the art learning tool added in the department this year.

FROM THE DEPARTMENT HEAD OF INDUSTRIAL ARTS

The Industrial Arts Department during 1984 was beginning a transition period to better serve the students at Chelmsford High School. Courses were reviewed and updated to encompass modern technology. The drawing department added a CAD system and a new semester course, "General Drafting." Electronics updated its testing equipment with generous donations from Computervision and revised its course content to include more digital electronics for the "computer age." Our woodworking department added a panel saw to increase safety for the students while cutting large pieces of sheet stock.

Plans for next year are to continue to provide quality instruction to meet the needs of our students. One new course will be added to the curriculum, titled "Independent Living." This course will be a team effort with the Industrial Arts, Home Economics and Business Departments. It will provide students with the necessary practical skills to function as a part of our society.

In 1984, our department was honored to have one of us nominated for "Outstanding Teacher of the Year" by the Massachusetts Industrial Educators' Society. Barry Bell was nominated by a group of his peers for the 1983-84 school year for his eighteen years of service to Industrial Arts Education and to his students. This was a most fitting tribute to an outstanding educator in our town.

FROM THE SUPERVISOR OF INSTRUCTIONAL MEDIA

In the elementary school libraries, students are always encouraged to exercise their reading skills by selecting from a wide variety of materials. Story hours were used to expand their acquaintance with the wide range of materials available and to enhance their listening skills. A number of story hours conducted by the library assistants were taped for Cable 43. A total of 82,314 books were circulated during the school year. Many research projects were done in each of the five libraries.

One of the elementary libraries' instructional program's goals is to strengthen reference skills and coordinate these skills with class assignments. All sixth grade students were given the SRA achievement test early in the school year. The average performance in the reference skills section was at the eighth grade, first month level.

Each year one elementary school library is involved in an extensive inventory of its holdings; the Westlands School was the scene of this activity during the school year, and an emphasis was placed on book repair and weeding of the collection.

A series of four workshops was held for all the elementary library assistants. Their goals were to develop the Aides' professional abilities and growth, improve instruction, facilitate communication in general, and to support the goals and objectives of the Chelmsford School Department.

The McCarthy Junior High School Library enjoyed a very successful year; there was a circulation of 14,581 books (which includes encyclopedias, paperbacks, magazines and newspapers). Approximately 80% of this circulation involved paperback books which are extremely popular for recreational reading.

Class visits scheduled by teachers increased by 6% over the previous year; there was a total of 371 visits during the school year. Some of these visits were to enable students to select a book for book report; other groups used the reference/non-fiction collection for curriculum-related projects. Research skills were taught or reviewed as needed on an individual or small group basis by the librarian. Appropriate reference books other than general encyclopedias were made available and instruction given the students as to how to use them. Teachers found the library to be an extremely useful source of research materials for their students' reports and projects. Special Education students came to borrow books or to browse. All seventh grade students were given an orientation tour of the library in September.

The Library staff, consisting of one full-time librarian and a part-time aide, could not have accomplished the necessary clerical work involved in maintaining two separate library rooms without the twenty-eight student volunteers. Trained and supervised by the staff, these students worked at the circulation desk, checked in magazines, wrote hundreds of overdue book notices, did simple filing, and shelved paperbacks. Two volunteer mothers did the hardcover shelving, kept the periodicals collection in good order, and assisted in mending books.

During the spring, materials were developed for the classroom teachers to use in preparing their students for library visitations involving the use of the reference and periodicals collections. The first unit was on how to use **READERS GUIDE TO PERIODICAL LITERATURE**.

The demand for services and materials stayed at a high level in the High School Library. In addition to steady individual attendance, an average of five classes a day were scheduled for time for library research. These classes took full advantage of multimedia materials including the reference and circulating book collections. The periodical and microfilm holdings were also heavily used by these classes.

Ninth grade orientation tours were held early on in the school year, and instruction for all grade levels were provided on a regular basis. Instructional materials kits in the use of the card catalog and READERS GUIDE were developed and made available for teachers to use in their classrooms in preparing their students prior to scheduled library research projects.

The Data Processing Department wrote a computer program for the Library's circulation department which was implemented in September, 1983. A significant improvement in the control and efficiency of circulation resulted. Circulation climbed to 12,605, a 25% increase over the preceding year.

During the academic year 1,100 books were added, bringing the book collection to a total of 34,050 volumes. The audio visual collection numbers approximately 4,044 titles. A comprehensive inventory of the print and non-print collections was completed by the end of the summer: the loss rate remained below national percentages of typical loss rates for all types of libraries.

Service study students played an active part in the library program, gaining useful experience by working on a variety of projects and interacting with teachers and students, while providing great assistance to the library staff. The Library was proud to give special recognition to an outstanding member of the Assistants' at the Senior Academic Awards Night.

Working with students and faculty, the graphic artist provided a variety of services for the school system. Graphics and overhead transparencies were created for the School and Finance Committee meetings and for Cable 43. Slide-tape programs, audio tapes, transparencies, photographic materials and other teaching aides were produced upon request for faculty and students.

A one semester course in Graphic Design, which has been well received, was offered through the Career Exploration Program.

As in past years, the repair technician effected repairs on all types of audio visual equipment. With the help of two student assistants, all equipment system-wide was repaired and cleaned during the summer months. The intercom system in each school was checked to be sure it was in good operating condition. At the end of the summer the computer print-out for each school was brought up-to-date. This print-out lists the equipment by category and the number of items in each; it also lists the serial number for each piece of equipment. Each building principal was given the list of all equipment housed in his/her building.

In addition to its routine duties of cataloging and processing all materials added to the collections during the school year and maintaining the central files, the cataloging office realized its goal of being able to produce a computerized print-out of all audio visual software in the school system. This is a classified list by Dewey number; it gives the title of each item, type of format (16mm film, sound

filmstrip, etc.) and location. Every school library has a copy for teacher and student use. This software catalog allows for efficient inter-library loan of software.

The central collection of audio visual software housed in the Instructional Media Center in the High School was heavily used. This collection houses the 16mm films and video cassette collection owned by the school system, as well as a large collection of all other types of software which are shared system-wide. Upon request of teachers in the various schools the distribution of this material is expedited by the courier.

FROM THE SOCIAL STUDIES COORDINATOR

Social studies in Chelmsford's elementary schools offers our students rich community, state, national, and global learning experiences. Children learn about Chelmsford history, geography, and economics; the transition of Sturbridge from a farm to mill village and the crucial role of Chelmsford and Lowell in the American Industrial Revolution.

Students study Native Americans of New England and the American West, later exploring a gold rush mining community in California. And they are introduced to narrative history through study of colonial and revolutionary America.

In an ever more interdependent world, students also need to know, for example, about contemporary families in Japan, the U.S.S.R. and Ghana as well as about communities in Mexico and Canada. Area studies on Europe, the Middle East, China, and Africa complete the elementary social studies program.

The concept of family provides the central focus in grades one and two, while community concepts frame social studies in grades three and four. At all levels, students learn carefully selected map and globe skills. The emphasis is on "hands-on" participatory exploration through a variety of print, non-print, and manipulative materials. Summaries of Chelmsford's social studies programs are available in the Adams and McKay Libraries.

The strength of Chelmsford's elementary social studies program shows in high SRA scores, highly developed and tested knowledge of current events, outstanding History Day entrants some of which have achieved national ranking, and an 88% enrollment rate in high school social studies courses. Because of this student commitment to social studies, nurtured from strong elementary and junior high programs, Chelmsford High School can offer nineteen social studies courses on four levels, including two in Advanced Placement and five on the Honors level. The Chelmsford social studies program remains dedicated to building strong citizenship skills for active participation in a democratic society.

FROM THE DIRECTOR OF GUIDANCE

Following are pertinent facts and figures for the Class of 1984; also are Chelmsford High School and Nashoba Tech statistics for an overview of Chelmsford public school graduates:

	1980		1981		1982		1983		1984	
Number of graduates	630		647		611		620		560

Highlights:

Eighty percent of the graduates will continue their education. This is an increase over last year's seventy-eight percent.

Sixty-six percent will go on to four year schools. That is 2 out of every 3 students going on to seek a Baccalaureate Degree! This is a significant increase over previous years.

Thirty percent will attend Massachusetts State Colleges and Universities, the exact same as the previous year.

98% of the top 20% of the graduates (112 students) will enter college in September. It was 100% last year.

94% of the upper half will continue education.

Math, science and computer science related careers continue to far out distance all other options. Following is a summary of career choices.

17	perfect 5's
	<hr/>
	89

The drop out rate lowered to 2.6% from 3.2% the previous year.

Well over 150 College and Business representatives visited the Career Center during the year.

1773 transcripts were processed for the graduating class; 593 for past grads.

The in-school job matching program continues to be a very important function of the Career Center. With the improved job-market this past year over 500 students were placed in various jobs throughout the Greater Lowell Area. The revenue generated by these part-time jobs plays an important part in the lives of our high school students, many of whom rely on their part-time job savings to help finance college.

FROM THE COORDINATOR OF LANGUAGE ARTS/READING/BASIC SKILLS

BASIC SKILLS

Chelmsford's system-wide Basic Skills Program provides the framework for curriculum design, staff development, competency testing, and follow-up instructional programs in basic skills. A state mandate requires local districts to test for minimum competency at both elementary and secondary levels. Chelmsford meets this requirement by testing for reading, writing, and mathematics in grades 3, 5, and 8 and for listening in grades 2, 4, and 7. A student who fails a test in grade 7 or 8 is required to take the test every year until he/she passes. The passing grade for competency tests in Chelmsford is higher than the passing grade in 85 percent of the school districts in the state.

During the past year, the Basic Skills Program has been expanded to include study skills in all subject areas. Time management, test preparation, note-taking methods, and mnemonics are examples of study skills that are now being taught in a sequential program, grades 4 to 12. The Study Skills Program was developed by teachers, specialists, and administrators under the direction of the Coordinator of Language Arts/Reading/Basic Skills.

As a participant in the Evaluation Institute sponsored jointly by the Department of Education and the University of Massachusetts, Chelmsford has developed an evaluation plan designed to determine the effectiveness of the Study Skills Program on an ongoing process. The evaluation process includes progress reports, questionnaires, and test results.

LANGUAGE ARTS

Chelmsford's writing program has received national recognition from the National Council of Teachers of English and has been adopted by many school systems throughout the country. It consists of word, sentence, and paragraph objectives for each grade, kindergarten to grade 12. To monitor the progress of each student in writing, student folders containing selected writing samples are kept in grades 3 to 12.

The High School's newsmagazine *The Voice*, has again been awarded first place and All-Columbian Honors for 1983-84. The High School has also placed first in Massachusetts in the Language Arts Olympiad, a test of grammar, spelling, vocabulary, and reading comprehension administered to ninth graders. To encourage students to read, the High School English Department has developed a summer reading list which is distributed to students at the end of the year.

After field-testing various vocabulary programs last year, the Junior High School English Department has adopted a highly structured sequential vocabulary program for grades 7 and 8. In addition, the English Department has updated the spelling and grammar programs, using the Education by Objectives approach. The Repertory Theater's performance of *The Great Mr. Poe*, sponsored by the English Department, was subsidized in part by a grant from the Massachusetts Arts Council.

To facilitate the teaching of language arts in areas other than English and reading, Junior and Senior High School teachers in all subject areas are combining their efforts to incorporate basic skills and study skills into their lessons. These measures will result in more consistency in teaching verbal skills at the secondary level.

READING

Chelmsford's curriculum guides for reading and listening follow the same format as the curriculum guide for writing—presenting a sequence of objectives for each grade level. The specifications for reading and listening provided by the Massachusetts Department of Education were used as the basis for generating the objectives. The objectives are skill focused, making it possible for teachers in all subject areas to reinforce each other's efforts in teaching reading and listening.

The Basal Text Chart, a guide developed by elementary teachers to assist in the selection of appropriate reading materials, indicates by grade level and ability group the basal texts that meet the required objectives. The chart ensures the consistent use of materials within a particular building and from building to building. It also eliminates the possibility of duplication of books for children who may be assigned to a different school at a future date.

Last February, all elementary schools successfully participated in the March of Dimes Reading Olympics, a national program to raise money for elimination of birth defects. The program calls for children to find sponsors for each book that they read. The March of Dimes Reading Olympics is endorsed by the International Reading Association.

The secondary reading program consists of three levels—remedial, developmental, and enrichment. The courses meet the needs of the full range of student abilities. Each reading course is highly structured with required pre- and post-testing, proven management techniques, and specific objectives. Student progress is monitored through individual reading folders. Test results have shown that the secondary reading program has been extremely successful in helping students to overcome deficiencies in reading comprehension.

Despite Proposition 2½, declining enrollment, increased class size, and limited resources, the Chelmsford School System continues to do an excellent job of providing students with varied opportunities to grow to the fullest of their potential as readers, writers, listeners, and speakers. To maintain the quality and high standard of education in Chelmsford, however, requires continued concern for, commitment to, and support of educational programs that meet the needs and interests of all students.

FROM THE DEPARTMENT HEAD OF MUSIC

The Music Department strives to assist students in discovering and developing their musical talents for better understanding and enjoyment of all kinds of music.

The Westlands School has four part-time music specialists, all other elementary schools have one music specialist each, who is responsible for all music education in the building except for the instruction on band and orchestra instruments. Each elementary school has weekly lessons in music along with a performing choral group. All schools have recorder concerts. Some schools have guitar clubs and orff bands.

Our curriculum guide is based on the conceptual approach. We have a spiral curriculum that begins in kindergarten and continues through junior high school.

General music instruction in the junior high school is given to all seventh and eighth graders. General music in the seventh and eighth grades is basically designed for nonperforming students; for many, it is their last formal contact with music education. Choral groups are maintained for all junior high students who wish to participate.

Instrumental music in our schools provides an experience not found in other areas within the Music Department. Instruction in playing orchestral string instruments is offered starting in grade three, and in all band and orchestral instruments from grades four through twelve. Each participating student is offered one small group lesson each week. In addition, there is the opportunity to participate in small group and larger ensembles during and after school. The Byam and South Row Schools have select bands that meet once each week after school. The "Elementary Select Orchestra" is made up of the more advanced orchestra students from all five elementary schools. They rehearse after school on Thursdays. The McCarthy Jr. High School bands meet after school on Wednesday. The High School Symphony Orchestra rehearses Monday evenings. The High School Jazz Band rehearses Wednesday evenings. There are approximately 800 students participating in the instrumental program.

Instrumental and choral ensembles perform in school and community concerts and programs throughout the school year. Junior high and high school students perform in Northeast District and state festivals and competitions.

The Chelmsford Friends of Music, a parental support group, has continued to show their ever-increasing support to the total music department. Their private lesson program has increased to 150 participating students, and their scholarship program includes private lesson grants, summer camp and college scholarships. Students in all seven schools are eligible for these scholarships.

FROM THE HIGH SCHOOL PRINCIPAL

1984 was an exciting and productive year for Chelmsford High School. Despite Orwellian predictions of mind-control and robot-like mentalities, individual and group accomplishments were unparalleled.

The Math Team continued its string of Merrimack Valley Championships and has yet to lose a meet in the league. The National Honor Society inducted 89 new members, and the ranks of the French and Spanish Honor Societies increased as well. The Class of 1984 graduated 569 members and a total of \$34,775 in scholarships were awarded to the seniors.

Culturally, the high school was very active as the Band, Orchestra and Chorus participated in an exchange with a high school from Scarborough, Ontario. The Drama Club and Music Department produced its annual hit musical, *Annie*. The Debate Team entered its first state tournament and won first place in the Novice Class.

The school newspaper, *The Voice*, won first prize for the third year in a row in the Columbia Scholastic Press Association Competition, while the 1984 yearbook, *The Lion*, won second prize from the American Scholastic Press Association. The Art Department continued to showcase its talents as the students won numerous Gold Keys and ribbons in the *Boston Globe* Art Contest and won a special citation for superior work in the 57th National High School Art Exhibition.

Chelmsford High School students continued to work for World harmony as they hosted an AFS student from Tunisia and an AIFS student from Japan. Also, Chelmsford High School students went abroad in summer programs in Chile, Venezuela, Ecuador, Argentina, Germany, and Belgium. In addition, four students are currently spending a year in Italy, Israel, Sweden, and Portugal. The School Exchange Service Program was expanded to include not only Venezuela and France, but also Italy and Great Britain.

In order to raise money for the Town of Chelmsford Scholarship Fund, the high school faculty produced a hit play, *You Can't Take It With You*. It was their 9th such production.

Chelmsford High School athletic teams were victorious in all seasons. The Girls' Softball Team and the Boys Cross Country Team won the Merrimack Valley Championship. The Boy's Track Team were Class A State champs. The Wrestling Team won the North Sectionals; and the Girls' Basketball Team, the Girls' Track Team and the Boys' Swim Team won Merrimack Valley Conference championships. For the second consecutive year Chelmsford High School was awarded the coveted Dalton Trophy, symbolic of athletic excellence in the State.

In a moving ceremony on thanksgiving morning, flagpoles and plaques were dedicated to Mr. Joseph Nolan, a long-time teacher and coach at Chelmsford High School;

to Olive Littlehale, a former music teacher in the school system, and to Christopher Currie, a member of the Class of 1977 killed in a plane crash. The poles and plaques were donated by the Chelmsford Lodge of Elks, the Olive Littlehale Estate, and by Dr. and Mrs. Rodger Currie.

As in past years, Chelmsford High School students continued to show their humanitarian side by contributing over 200 pints of blood in the Annual Bloodmobile. This brings the total donated to over 2,000 pints since the new high school opened.

FROM THE ADMINISTRATOR OF SPECIAL EDUCATION

Since September, 1974, the Special Education Department has implemented Chapter 766, The Massachusetts Comprehensive Special Education Law of 1972. In September 1978, P.L. 94-142, the Education of the Handicapped Children Act became effective. Both laws entitle special needs students the right to a free and appropriate education. Students, ages three through twenty-one years, who have not received a high school diploma or its equivalent, and who have been determined by the Evaluation Team to have a special need, are eligible for special education services.

The Chelmsford Special Education Department began the September, 1984, school year with 615 students registered to receive special education services which is 10.5 percent of Chelmsford's total school enrollment.

Chelmsford has a comprehensive program to serve the special needs children in our community. To develop and implement individualized educational plans, Chelmsford employs a staff of specialists in learning disabilities, speech pathology, adaptive physical education, occupational therapy, visual impairment, hearing impairment, psychological services, social services, and vocational services. For students who require more comprehensive educational programs, there are twelve resource classes staffed by special education teachers who are assisted by instructional aides. Private day and residential schools provide for students with severe learning and/or emotional needs.

The Special Education Department has begun to place computers in selected programs for student and teacher use. By the end of the 1985-1986 school year it is anticipated that all special education personnel will have computers available to them.

In commemoration of the Tenth Anniversary of Chapter 766, the Special Education Department has planned a number of activities to acknowledge the accomplishments within Chapter 766.

In order to assess the effectiveness of the Special Education Programs, the 766 Administrative Staff has written a grant, approved by the Department of Education, to conduct a Program Evaluation. This evaluation is expected to be completed by May, 1985.

The Merrimack Special Education Collaborative, in which Chelmsford participates, continues to provide effective and cost-efficient programs for children with low-incidence disabilities. Classes, held in Dracut and Tewksbury, service the needs of children from Chelmsford, Billerica, Dracut, Tewksbury and Westford.

For the current school year, the Chelmsford Special Education Department has a budget of \$1,767,774.00. In addition, the town will receive \$209,480.00 from the federal government for educational and vocational programs.

The Special Education Department, along with the Merrimack Special Education Collaborative, continues to provide pre-vocational and vocational programs through the Center for Occupational Awareness and Placement (Project C.O.A.P.). As a result, many students have been successfully placed in field training sites and subsequently enter into full-time employment.

The Special Needs Service Booklet, describing the Chapter 766 process and services for parents, students, and community members, is available at the McKay and Adams libraries and at the Special Education Office.

FROM THE COORDINATOR OF MATHEMATICS/COMPUTER SCIENCE

The 1983-1984 school year has been a most productive one in the areas of mathematics and computer science.

At the elementary level continued emphasis has been placed on the development of students basic skills. The success of our elementary mathematics program can be seen in the SRA scores of our students. This year the composite scores of all students tested in grades 2, 4 and 6 in each of the schools were well above grade level. While standardized test scores are not the only way to judge the effectiveness of a program they do indicated that our students are doing well. The credit for the successful mathematics program goes to our very dedicated teaching staff. They are willing to take the time to develop their students' skills to the fullest.

The computer program at the elementary level is in a transitional year. At the present time a series of formal computer lessons are being developed for grades 4, 5 and 6. At the same time, a program to provide primary teachers with better computer software is also being developed. Much of the second half of the year will be spent in training teachers to use the new computer lessons.

The junior high mathematics program continues to provide students with the strong mathematics background they will need as high school mathematics students. We are working on plans to deal with the problem of declining enrollment and its effect on the mathematics program at the junior high.

This year for the first time students at the junior high are taking computer courses. All of the students will receive

approximately four weeks of introductory computer instruction. This mini-course will be done in each of the mathematics classes. So far the program is very successful. The success of the program is due to the efforts of every member of the mathematics department. Each teacher has learned the curriculum and how to operate the hardware on his/her own time. In the years to come this program will be the cornerstone for an outstanding computer science curriculum.

The senior high school mathematics program continues to meet the needs of all students. The curriculum covers topics ranging from fundamental mathematics operations to advance placement courses in calculus. At a time when there is much national concern over the quality of mathematics instruction Chelmsford High students are performing well above the national average in both the mathematics portion of the SATs and the Mathematics Achievement Tests. The High School continues to field one of the finest mathematics teams in New England consistently finishing as one of the top five schools.

The computer science program at the high school continues to grow. Last year we had a very successful start to our advanced placement computer course. This year we have added a new computer lab at the high school. The new lab is equipped with 14 terminals and two printers which provide students with access to the school's new Digital VAX 11/750.

This state of the art equipment will provide our students with greater opportunity to learn about computer systems and their use in both the academic and business worlds. The use of computers is expanding into many of the curriculum areas at the High School. The Business Department is making extensive use of computers in many of its courses. The Science Department is also using new computer equipment as part of their program. The English Department is field testing a new computer based writing program to help improve students' writing skills. All of these efforts are providing our students with the skills they will need to be successful in our increasingly technical world.

FROM THE DEPARTMENT HEAD FOR PHYSICAL EDUCATION

ELEMENTARY

The Elementary Physical Education curriculum continues to be a developmental, diversified program. Several workshops aimed at program improvement have resulted in a coordination of policies among the various elementary schools; a system of inventory sharing allowing the addition of new activities to the curriculum at minimal expense; the revision and townwide implementation of a grade 4 through 6 grade commenting system; and the formation of a grade 1 through 3 developmental progress chart scheduled to be fully initiated during the next school year. The work done this year reflects a highly child-oriented philosophy on the part of the Elementary Physical Education staff. A summer workshop is being planned to continue updating and sharing in the areas of curriculum and policies.

JUNIOR HIGH SCHOOL

A major emphasis at McCarthy Junior High School during the past year has been the expansion of the Project Adventure Program. The enthusiasm of both staff and students for the self-testing adventure program prompted the addition of more difficult and exciting elements. The junior high Physical Education staff spent two in-service workshop days in training on the new elements—one day at our own course and the other at the Project Adventure facility in Hamilton.

McCarthy housed and loaned equipment to the Wang summer school program. As a result of the funds derived from the loan, townwide improvements in the Physical Education program were able to be made.

The National Children and Youth Fitness Study conducted by the US Office of Disease Prevention and Health Promotion was successfully completed at McCarthy this fall. Current data on the physical fitness of children will be forthcoming upon the compilation of the national results. The testing equipment donated to the school for participation in the study is being put to use throughout the system. The seventh and eighth grade students selected to be involved in the testing each received a Certificate of Recognition.

Several curriculum revisions and additions were initiated this year and have proven to be positive. Work on the curriculum will continue during future scheduled workshops.

HIGH SCHOOL

The high school Physical Education staff was involved in an extensive summer workshop which resulted in reorganization of the curriculum, schedule changes, curriculum additions, and the development of a faculty handbook of Physical Education policies and procedures.

The Health Related Physical Fitness Test was introduced at the high school this fall. The new fitness test is a measure of functional health—body composition, muscular strength and endurance, flexibility, and cardiovascular fitness. Future plans are being made to use the Health Related Test to produce a Fitnessgram which would inform parents of a child's fitness through a computerized report card. Also included on the report card would be recommendations for means of improvement in the specified areas of weakness.

A related and future goal is the development of a Fitness Trail that would include a variety of outdoor exercise stations interspersed along a jogging trail. This would be a beneficial addition to not only the high school Physical Education program, but also the surrounding schools and to the community.

FROM THE JUNIOR HIGH SCIENCE DEPARTMENT HEAD

The junior high science program consists of Life Science for seventh graders and Earth Science for eighth grade students. The Life Science curriculum provides an in-

REPORT OF THE SEWER COMMISSION

The past year has been a pivotal and exciting year for the Sewer Commission and the entire Town of Chelmsford.

In early 1984, the Facilities Plan for Wastewater Manager, as prepared for the Town by Weston & Sampson Engineers, Inc., was completed. The Plan recommends a 20-year plan to sewer specific areas of the Town. The priority areas to be served initially include North Chelmsford (Phase I-A) and then Chelmsford Center and the Billerica Road Industrial Area (Phase I-B).

Following the April 4, 1985 Public Hearing on the project, the Sewer Commission initiated steps toward making the Plan a reality. The Commission and Weston & Sampson participated in a "sewer talk" program on Cable 43, to provide information on the Plan and to respond to specific concerns expressed by residents throughout the Town. The Commission also participated in the Town's First Annual Health Fair to provide additional information concerning the proposed project.

On May 7, 1984, the Sewer Commission's recommendations were put before the voters in the form of Town Meeting Funding Articles for design and construction of the Phase I Sewer Program. The overwhelming support of both Articles (the \$9,000,000 appropriation article for sewer construction passed unanimously) was very gratifying to the Sewer Commission.

The Town Meeting approval for construction funding was made contingent upon an exemption from Proposition 2½. That exemption was needed to insure that sufficient tax revenues were available to pay for the sewer construction, without affecting the monies needed to support other Town needs.

The Sewer Commission worked together with the League of Women Voters and the Committee to Protect Chelmsford's Water to inform the Townspeople of the reasons for the referendum. A 'Sewer Fact Sheet' was prepared and distributed by the Committee. In addition, the League of Women Voters "Sewerage Soup" panel discussed the importance of a favorable referendum vote. The voters of Chelmsford then reaffirmed the previous Town Meeting vote by approving the Proposition 2½ exemption on November 6, 1984.

On August 7, 1984, the Sewer Commission executed contracts with Weston & Sampson Engineers, Inc. for the design of lateral sewers to serve North Chelmsford and Chelmsford Center. Contracts for the interceptor sewer design will be signed as soon as the Facilities Plan is approved by the State and the State design funding is in place. The design of lateral sewers to serve North Chelmsford is ongoing, and should be completed in August, 1985.

The Sewer Commission has also been working with the City of Lowell toward the execution of a mutually acceptable Intermunicipal Agreement for Wastewater Disposal. That Agreement should be finalized in early 1985.

The Commission will continue to work toward smooth implementation of the sewer program in 1985 and into 1986. In addition to establishing the framework for proper administration of the program, the Commission will also be coordinating the project design with the neighboring towns of Tyngsborough and Westford, and with representatives of the Billerica Road Industrial Area.

Based on the directives the voters of Chelmsford gave to the Sewer Commission in 1984, the Commission will strive to expedite the plan that is needed to eliminate an ongoing threat to our drinking water supplies.

Respectfully submitted,
Chelmsford Sewer Commission
John P. Emerson, Jr., Chairman
Burton A. Segall, Vice Chairman
Jean R. Organ, Clerk

DEPT. MEMBERS:

James R. Doukaszewicz—Town Treasurer & Tax Collector
Florence M. Ramsay—Asst. Town Treasurer
Margaret M. Mullen—Dept. Asst. Tax Collector
Lorraine Parkhurst—Principal Clerk
Lois Conlon—Junior Clerk
Donna M. Rogers—Junior Clerk
Roberta Doukaszewicz—Junior Clerk

This past year brought hardship to the staff as Joan E. Bolvig passed away suddenly. Joan had given many years of quality service to the Town in both the Treasurer-Collector's and the Board of Selectmen's Offices. She is dearly missed by the staff of all the Town Offices as well as the members of her immediate family.

Respectfully submitted,
James R. Doukaszewicz
Town Treasurer—Tax Collector

To the Honorable Board of Selectmen:

This report will be the fifth report that I have written since my appointment in 1980. Each year I have predicted the growth to increase from the previous standard and each year I have been correct but my estimates have been lower than the growth actually experienced. Again this year we have grown dramatically over the previous year in total permits issued and fees collected. A total of 5,164 permits were issued and \$305,703 dollars collected. This represents approximately 70 million dollars in valuation added to the town. Of note is the resurgence in residential construction. Condominium development is at an all time high and will continue. Single family construction is far in excess of any year in the past memory. With land fast becoming harder to find and sometimes marginal, a lot of time is spent researching these parcels. We will be microfilming portions of plans and records this year and this should help with the record keeping.

My expectations for the coming year is that growth will remain at the same level and continue this way as long as the economy is healthy. I feel our quality of service has been good and we have been able to keep up with the demand. For this I thank my fine staff of Inspectors and Clerks which I feel are among the best in the state. I thank all the other departments in town that have cooperated with me so willingly this past year and hope this always will be the case.

The following is a breakdown of the permits issued for the year.

1984	Number of Permits	Total Fees Collected

FIRE DEPARTMENT

The Honorable Board of Selectmen
Town of Chelmsford, Ma.

Dear Board Members,

Fiscal "84" was a "banner year" for the Fire Department with regard to fire losses which were at a minimum as compared to other years. We feel this was due to our Fire Prevention Program, In-Service Inspections and Smoke Detectors.

New roofs have been installed on the south and north fire stations. Funds for this project were appropriated at the last annual town meeting.

We are requesting a new pick-up truck with a new plow and a new radio this year. This will replace our present one.

Many thanks to all town officials and employees for the excellent cooperation given to the fire department during the past year, and again congratulations and thanks to the men of the department for continuing to maintain the high standard of courage and ability that has been shown in the past.

Respectfully submitted,

HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen
Town of Chelmsford, MA

Dear Board Members:

I hereby submit my report of the Highway Department for the year ending December 31, 1984.

The 1984 year was a very productive year for the Highway Department. In spite of the fact that the equipment is getting older and is less reliable, a full schedule of work was completed.

I would like to commend the members of the Department for their accomplishments during the past year. The Department was shorthanded much of the time, but with the determination and diligence of the personnel, work schedules were completed.

I wish to express my appreciation to all town officials and the various Departments for the fine co-operation given to me and the Highway Department.

Also, a "thank you" to all the residents who called and wrote to me expressing their gratitude.

Asphalt Resurfacing Account

Bituminous Concrete Type 1-1 was used to resurface the following streets:

Boston Road (From Charlesgate Road to Summer Street)

Summer Street (From Boston Road to Billerica Road)

Chelmsford Street (From Billerica Road to State Road at Town Meeting Restaurant)

Steadman Street (From Dalton Road to Bowl Road)

Groton Road (From Westford town line to Ward Way)

Vinal Square Parking Lot (Entire area)

Liquid asphalt was used to make a cold asphalt mix and to seal various streets.

Approximately 14,000 tons of cold asphalt mix was manufactured and applied to various streets.

Approximately 300 tons of winter patch was made and stored inside. Also, approximately 300 tons of cold asphalt mix was stock piled in the yard for patching various drainage projects. The remainder of the liquid asphalt was used to seal and surface various streets.

A total of 162,636 gallons of asphalt was purchased and used.

Chapter 90, Construction Account

The Chapter 90 account was used on the reconstruction of Dunstable Road and Acton Road.

Dunstable Road was reconstructed from Dunshire Drive to Stone Hill Road, approximately 4600 feet.

Acton Road was reconstructed from Purcell Drive to Park Road, approximately 3600 feet.

On Turnpike Road, at Rivermeadow Brook, a concrete pre-cast culvert which was 6 feet high by 10 feet wide consisting of a double barrel 32 feet long was installed and that section road was rebuilt at a cost of \$64,750.00.

Meadowbrook Road — Rebuild a section of road near the railroad tracks. This area was scarified, graveled, rolled and paved. The location never had a slope to hold up the road, one was built.

Drainage Projects

Drainage projects completed in 1984 are as follows:

Acton Road	—40 feet - 18" R.C. Pipe installed, two headwalls built.
Worthen St. @ Westford St.	—314' -10" aluminum pipe, two catch basins, one manhole.

Westford St. (#219)	—108 feet - 10" R.C. Pipe, one catch basin.
Westford St. (#240)	—40 feet - 12" R.C. Pipe, one manhole.
Brentwood Rd. @Sanford Rd.	—360' - 8" Aluminum pipe, one catch basin
Brentwood Road (#46)	—140 feet - 8" perforated Aluminum pipe, one catch basin one manhole.
North Rd. (Opposite Village View)	—406 feet 10" Plain Aluminum pipe, one catch basin
North Road (#170)	—170 feet 10" Steel coated perforated pipe, one catch basin.
Claude Road	—64 feet 30" R.C. pipe (Broken culvert replaced)
Bishop Street (#15)	—80 feet 10" Aluminum Perforated pipe.
Noble Drive	—166 feet 12" Aluminum pipe.

Fenwick Drive — 60 feet - 12" aluminum pipe.

Boston Road (#91) — 286 feet - 12" aluminum pipe,
two catch basins.

Bradford Road — 546 feet - 8" Steel coated per-
forated pipe, two catch basins.

Maple Rd. — 840 feet - 12" steel coated and
@ Garrison Rd. paved pipe, three catch basins.

Hunt Road — 32 feet - 30" R.C. pipe (culvert
replaced).

Fairmont Street — 40 feet - 12" steel coated and
paved pipe, one catch basin.

Hazen Rd. — 213 feet - 12" aluminum pipe,
@ Concord Rd. two catch basins.

Wiggin Street — 387 feet - 10" aluminum pipe,
152 feet 8" aluminum pipe, two
catch basins, trench hot topped.

Park Road — 400 feet - 12" steel coated pipe,
100 feet 12" aluminum pipe, 66
feet - 12" R.C. pipe, four catch
basins.

Seneca Avenue — Two catch basins installed.

Barry Drive — 100 feet 12" R.C. pipe.

Meadowbrook
Road — 20 feet - 12" steel coated pipe.

The maintenance of all streets was carried out in the usual manner. This includes the street sweeping, the basin cleaning, basin repairs, cleaning of culverts and easements along brooks, patching pot holes and washouts, erection of signs, painting traffic lines and cross walks, guard rail repair, gravel patching, sanding, salting, snow plow and snow removal, and other types of general maintenance.

Patrolman Henry R. McEnany retired from the Police Department after 23 years of service. Patrolman Daniel Walsh retired from the Police Department after 16 years of service. Nora Clifford a Senior Clerk with our department retired after 13 years of service.

On June 25, 1984 the Police Department was saddened by the death of Pauline Gervais. She had been with us since May 31, 1977.

"As we knew her in life, so shall we remember her."
IN MEMORIAM
Pauline Gervais

The Chelmsford Police Department with 28 other surrounding cities and towns continued its Inservice Training program at the Northeast Regional Police Institute located on the grounds of Tewksbury Hospital. Each officer in our department will attend for one week to be upgraded in Criminal Law, Court Procedure, Officers Survival, Evidence, Use of Force, Civil Liability, Crisis Intervention, Stress & Sensitivity Training. Training and knowledge will continue to be our goal in 1985.

In a continuing effort to upgrade the quality of Police Service to the Town of Chelmsford, many officers attended specializing training schools run by the Mass. Criminal Justice Training Council, to increase their expertise in the Law Enforcement Field.

While in the process of facilitating the implementation of the permanent Drug/Alcohol Task Force, it has, in the interim, been functioning in an unofficial capacity and producing excellent results. The concept has provided a more direct concentration on these problems, i.e., surveillances, arrests, prosecutions, etc., in the best interests of the citizens of the community. This department is looking forward to the official full-time implementation of this squad.

At the present time 25 members of the Police Department have received college degrees to date, and 12 additional officers are presently enrolled in degree colleges and universities.

This year, as in the past several years, the Town was able to save several thousand dollars by purchasing new Police Cruisers through the Greater Boston Police Council.

I would like to express my sincerest appreciation to the Board of Selectmen and all town officials, departments, and committees for the excellent cooperation given to the Police Department and also congratulate all police and civilian personnel of this department for once again, maintaining their high performance standards.

Sincerely,

Raymond P. McKeon
 Chief of Police

AUXILIARY POLICE

During 1984, the Auxiliary Police Unit participated in several events, Elks Road Race, Boston Marathon, local road races, Memorial Day Parade, July 4th Parade and festivities, Middlesex County Kennel Club Dog Show, Chelmsford High School Graduation. The Auxiliary also assisted the regular police officers at numerous accidents.

The Auxiliary had six officers graduate from the Massachusetts Criminal Justice Training Council Reserve Officers Academy and we currently have three more officers scheduled to attend. The academy meets 3 hours a week for 14 weeks and covers Criminal and Motor Vehicle Laws, traffic control, report writing, and police procedures. The officers are certified in CPR (Cardio-Pulmonary Resuscitation), First Aid and Firearms. The In-Service training program at the Auxiliary is also continuing monthly with training in firearms, various training films, recertification of all members in CPR.

Operation House Check operated 175 nights and the unit checked 4,200 vacant homes and 3,850 school and town property locations. The Auxiliary Cruiser's covered 25,000 miles during their assigned duties. The men and the women of the Auxiliary donated 5,400 hours to the town over the past year.

As in the past we are again sponsoring the Boy Scout Law Enforcement Unit #370. These young men and women also donate their time and energy to the Town by assisting the Auxiliary Officers at many of the events we assist at. The unit meets at the Auxiliary building and we assist them with training, and coordinating their activities.

I would like to thank the Chief and Deputy Chief's for their confidence and assistance with the Auxiliary Police Unit. I would like to thank all Officers of the Police Department for their support and assistance over the past year.

Cable Commissions activities for 1984 were primarily concerned with attempts to obtain reasonable and realistic responses from Colony Communications (parent company of Lowell Cable Inc.) on the necessity for continuing rate increases and changes in program services. In all instances the company responded by saying such increases and changes were justified by spiraling costs and viewer desires. The latter were determined, so stated, by

responses to subscriber surveys. In addition, no detailed accounting of the reasons for "spiraling costs" has been forthcoming. The commission's efforts have been seriously hampered by federal legislation that prevents cities and towns from having an effective voice in the operations of franchises which they grant to cable operators.

The commission secretary was appointed to and served on a committee established by the Massachusetts Cable Commission to establish guidelines for possible state legislation which would protect and guarantee subscriber's rights in respect to billing, service and programming practices carried on by cable companies operating in Massachusetts.

The commission members worked in cooperation with the members of the School Committee and School Administration to establish a revised set of administrative procedures which would better facilitate the operation of Chelmsford's Cable 43, and extend their congratulations to the channel's director and staff for their continuing and successful efforts in making Cable 43 a premium channel of which the town can justifiably be proud.

The Celebrations Committee once again coordinated and made preparations for the 1984 Annual Fourth of July Celebration, once again thanks goes to the Chelmsford Lodge of Elks No. 2310 for funding and organizing the Annual Parade. The Chelmsford Lions Club for their efforts, planning and funding of a successful Annual County Fair on the common, the Chelmsford Arts Society for the Arts Festival, to the various churches in the Common Area for their various activities and use of their parking areas, and all Town organizations that participated. Thanks to State Representative Bruce Freeman and Mass. Electric Company for a permanent light pole, special thanks to Chelmsford Lions Club and Chelmsford Rotary Club for funding of new electrical equipment. We acknowledge and thank the efforts of the Police, Fire, Park and Public Works Departments for their assistance and cooperation, during the successful two day Celebration. Special thanks for the many volunteer hours by the Chelmsford Auxiliary Police and their Explorers Troop.

The committee is now in the process of coordinating with the Chelmsford Lodge of Elks and Chelmsford Lions Club for the Annual 1985 Fourth of July Celebration.

The Conservation Commission continues to keep as its primary goal the preservation of the natural and desirable aspects of the Town of Chelmsford.

The duties associated with the local administration of the Wetlands Protection Act easily absorb most of the time and effort of the Commission members. A total of sixteen public hearings were held this year in accordance with Chapter 131, Section 40 of the Massachusetts General Laws. After careful review of each proposed plan, the Commission issued sixteen Orders of Conditions. Sixteen hearings were also held for Determination of Applicabi-

lity of the Wetlands Protection Act and negative Determinations were issued, some with special conditions.

Community involvement in advising the Commission when wetlands transgressions begin to happen has been a tremendous help in assisting the Commission with the protection of the Town's wetland areas.

Cooperation between Town Boards has enabled the Commission to inform a developer at the beginning stages of the development that a filing with the Commission would be necessary. This helps to avoid costly and unnecessary expenses on the part of the Town and the developer.

The Conservation Commission has made no new land acquisitions this year but is in the process of pursuing some in the future.

The Commission continues to not only maintain the local reservations but is constantly trying to find ways to upgrade these natural areas. At the present time the Commission has hired a professional forester to up-grade the Thanksgiving Forest on Mill Road.

CHELMSFORD COUNCIL ON AGING

The Council on Aging worked throughout 1984 to improve the quality of life for Chelmsford's older residents. Meetings are held on the third Wednesday of the month at 3:00 P.M., and are open to the public. The Council on Aging has administrative and activity space at the Louise Bishop Senior Center. Although the size of the facility limits activities, it is felt that important progress has been made in defining its role as a focal point for services.

Some of the programs and activities which were available regularly during the year at the Senior Center include the Council on Aging bus service, respite care, health education, outreach, crafts, volunteer opportunities, reservations for the McCarthy lunch program, meals on wheels, fuel assistance, senior companionship, photo identification, income tax assistance, podiatry and hearing screening clinics. Other programs which were successful during the year include the Town-wide survey of older residents, exercise and dance classes, flu and pneumonia clinics, widows and widowers group, the Jaycee barbecue, Silver Haired Legislature, and a special mid-day forum held in cooperation with the public library.

The Senior Center also served as a link in the network of community programs and agencies which assist the elderly. As a participating member of the Elder Services of the Merrimack Valley, many frail elderly residents received supportive services in their homes, including case management, home maker, home health aid, chore, guardianship and protective services. Elder Services also funded legal services and elderly health maintenance programs which assisted residents in 1984.

The Council on Aging was able to reach out to many homebound residents through the efforts of the Senior Aides assigned to Chelmsford. Many thanks to Lois Manty, Helen Palmgren and Gerrie McIntosh, who provided a helping hand to their many clients throughout the year. The Council would like to thank Mildred Becker and Esther Christensen, who also worked as Senior Aides during part of the year.

The Council on Aging lost the valuable input of several members who resigned in 1984. Long time member Lillian Gould resigned due to health reasons. The Council also lost other members Paul Bartel, Halvah Peterson and Barbara Renison, who resigned because of other commitments. New members Annette Holtzman, Ashton Ricker and Fern Ricker were appointed to fill vacancies.

In the coming year the Council will continue to implement new programs and promote individual input in order to be responsive to the community's needs. The need for a larger facility where all of the programs for older residents can be centrally located is a priority.

The Chelmsford Cultural Council is looking forward to another productive year with a full nine-member Board. The ongoing use of the Old Town Hall by cultural groups has been well received and hopefully will continue with even more activities planned for 1985.

Three resignations were accepted this year:

Julie Gagnon for personal reasons.
 Alice Gossett for illness.
 Kay Sullivan for personal reasons.

Five new members were welcomed:

Joy Chadwick Bill Baird
 Ted Jones Rachel Vondal
 June Fraser

Our Bylaws were approved by the Selectmen and specific Guidelines were adopted for Mass. Lottery applicants.

Mass Arts Lottery Funding — Twice Yearly

July, 1984 — 14 applicants applied for \$14,940.
 Chelmsford's allotment — \$6,286.

10 applicants were recommended, 10 approved by the State

January, 1985 — 10 applicants applied for \$15,303.
 Chelmsford's allotment — \$6,318.

10 applicants were recommended, 9 approved by the State

Five Council Members attended the September 22nd Arts Lottery Convention in Auburn for the purpose of communicating with other cultural councils across the State.

A very successful Telethon was conducted on November 12th from Noon to Midnight for the purpose of raising funds to provide for a piano, chairs and sound and lighting equipment for the Old Town Hall Cultural

Center. The Committee, chaired by Brad Emerson, provided continuous entertainment on Cable 43 and realized pledges of more than \$4,000 for the benefit of the Old Town Hall.

INSECT PEST CONTROL DEPARTMENT

The department has continued with the removal of the dead oak and elm trees resulting from the past Gypsy Moth infestation as well as the Dutch Elm disease. Each year we hope for less removals but as yet we haven't seen it.

With the assistance of the State workers, and equipment for a week, the department was able to spray a minimal amount of poison ivy. I feel the program should continue on a limited basis

Nashoba Valley Technical High School was designed and built for a capacity of 800 students. With more and more students opting for vocational training, we feel confident that the school district will be able to maintain its capacity enrollment. Over the past decade, the record of employment for our graduates has averaged approximately 95%. Each year qualified seniors may elect to take advantage of our Co-op Training Program which allows senior students to work in industry during their shop weeks and receive valuable training in their chosen fields as well as a salary.

Nashoba Valley Technical High School is accredited by the New England Association of Schools and Colleges, Inc. and provides its students with on-the-job training, saleable skills, co-op program, high school diploma, trade cer-

tificate and an opportunity for further education and job placement.

The following programs are offered at Nashoba Tech:

PERSONNEL BOARD

The Personnel Board is composed of three members, two of whom are appointed by the Town Moderator. The third member of the Board is elected by non-union town employees. Current members are Mr. Alan Murphy, Chairman, Mr. J. Rene Scutt and Mr. Pennryn Fitts. The clerk to the Board is Ms. Elizabeth Kopicko who replaced Ms. Bernice O'Neil. Ms. O'Neil had worked with the Board for over fifteen years. Mr. Murphy has served as chairman since July 1980. Regular meetings of the Board are held on the first Monday night of each month at the Town Hall.

The purpose of the Board is to formulate and implement policy regarding personnel administrative practices, wages, benefits, performance evaluations, job descriptions and organization changes. In addition, the Board maintains personnel records and approves starting salaries, salary increases and promotions.

During 1984, the Board recommended and the Town Meeting approved the second phase of a new salary classification plan that will insure equal pay for equal work. By-law changes were approved which now provide additional benefits to employees under the jurisdiction of the Board that were already enjoyed by other town employees. Work was also completed on an extensive salary survey, the results of which formed the basis of by-law changes to be presented at the 1985 Town Meeting.

During 1985, the Board will work closely with all town departments to implement personnel practices in a way

that is fair and equitable to town employees. The Board will also review existing personnel policies and procedures so that the town can continue to attract and maintain highly skilled and motivated employees.

The Chelmsford Recreation Commission is composed of a maximum of eight members appointed by the Board of Selectmen. It is charged with the responsibility of developing, administering and supporting programs and facilities designed to fill the recreation needs of the residents of the Town.

The major portion of the Commission's activities is, and always has been, connected with organized youth activities. A corps of dedicated volunteers runs these programs, most of which provide athletic activities for youths from six to eighteen years of age. The Commission provides very limited funding for these activities; its main contribution to their success is as a liaison between the organizations and other Town authorities, including the School Committee, the Board of Selectmen, the Parks Department and the Varney Commission.

Indeed, the success of these youth activities would not be possible without the continued cooperation of these community authorities. Their gracious cooperation with the Commission and the organizations it supports is gratefully appreciated.

The overall Summer Program was expanded to meet the increased demands for Summer services with the following activities being offered throughout the Summer months: Physical Education, outside and inside Basketball, Tennis lessons, Playground Programs at Varney Playground and at the Westlands School, a Swim and Swimming Lessons Program at Crystal Lake, Cross Country and Track and Field at the High School Track. A seven-week series of free programs for children is offered on Wednesday mornings throughout the Summer at the Town Offices gymnasium. A series of Concerts on the Common by the Chelmsford Community Band takes place on Tuesday evenings throughout the Summer.

Funds were applied for and approved by the Massachusetts Executive Offices of Environmental Affairs to develop a community park and recreational facility at the Southwell property adjacent to the Merrimack River in North Chelmsford. A Committee was formed to prioritize the needs at Southwell Fields and it is anticipated that the project will be completed by late Fall of 1985 or early Spring of 1986.

SIGN ADVISORY COMMITTEE

The Sign Advisory Committee has met on a monthly basis for the past year. Since its inception we have tried, in conjunction with the Building Inspector, to promote business in Town through aesthetics and to rid the Town of visual pollution. We feel that through our Committee and continual monitoring the Town will be helped to maintain and improve the appearance that is desired by the residents.

Respectfully submitted,
Deborah Dion
Chairman

DEPARTMENT OF VETERANS' SERVICES

To the Honorable Board of Selectmen and the residents of the Town of Chelmsford, I am submitting the Annual Report from this department, As Veterans' Agent and Investigator for the period December 31, 1983 thru December 31, 1984.

The effectiveness of Chapter 115 continues to prove itself as a praiseworthy effort in alleviating suffering, financial anxiety and a valuable sociological framework within which to operate.

The Veterans' Service Department serves as a one-stop center for veterans and their dependents, in addition to our duties to aid, assist and advise as stated in Chapter 115 of MGL. This office counsels, files claims, explores every avenue of resource and revenue.

Veteran Services wishes to thank the Board of Selectmen, Town Officials, Veterans Organizations. "Spirit of Christmas" church group, Town Employees and Civic organizations for their kind assistance and cooperation during the past year.

Respectfully submitted,

Mary K. McAuliffe LSW
 Veterans' Agent

**VETERANS' EMERGENCY FUND
 COMMITTEE**

The Veterans' Emergency Fund Committee received no applications for assistance during 1984. It is believed that due to excellent conditions in the economy of Chelmsford and the Commonwealth of Massachusetts, the need, by Veterans of World War II, for personal assistance, was not substantial enough to warrant the filing of applications.

Applications usually are presented to the Office of the Veterans' Agent at the Town Office Building, after which the committee makes an in depth investigation of the need.

If the application is approved for assistance, and in most instances this does occur, aid is given in the form of material grants. No cash payments are ever authorized for the applicant.

The fund was established by Town Meeting Vote in 1947 and numerous applications have been received through the years and needed help was given. The fund is administered by veterans of World War II.

For the first time since the fund was established, the assets have increased beyond the \$10,000. figure. A Treasurer's Report may be viewed in the Annual Town Report. Funds consist of a regular savings account, and a Term Deposit Certificate, presently earning at the rate of 10.2%.

One new member, Russell E. Starck, was appointed during 1984 as the representative from Precinct 9, to replace Charles F. McEnnis, who moved away from Chelmsford.

The list of names of the present members of the committee follows, in the event that future applicants for assistance may wish to submit their requests for information.
